Lone Wolf Annette Broadrick 1991

Lone Wolves Florian Hartleb 2020-01-10 As the attacks in Norway, Munich and most recently Christchurch have shown: a new threat is now shaking liberal Western societies. Radicalized right-wing extremists – so-called lone wolves – are engaging in individually planned terror attacks. Written by an expert on terrorism and populism, this book highlights the dynamics of this new breed of terrorism. By providing in-depth insights into the biographies of individual perpetrators, it illustrates the changing profile of the typical lone terrorist. This new kind of terrorist engages in violence without being a member of a party or organization, yet is radicalized by a global right-wing subculture that communicates in virtual networks. This startling and well-written book reveals the ideological roots of lone wolf terrorism and urges governments and civil society to take the threat seriously and implement suitable countermeasures.

Intermezzo of the Longing Hearts Roberto De Haro 2006-12 "A sprawling saga illuminating the interregnum between World Wars I and II. Quentin's French lover, Nadine, emerges as an expansive and fearless character. She becomes an important player in the quiet, secret, initial resistance to Hitler's ethnic cleansing." -Cheryl Fields, writer and managing editor, Change Magazine "A fascinating read. Haro's sequel to Twist of Fate follows Nadine and Quentin during the tumultuous years 1919 to 1939. Their love affair continues during the 'Roaring Twenties,' the Great Depression and emerging European Fascism. Before getting together, World War II begins, promising them a collision course with destiny." -I. M. Heyman, former Chancellor, University of California, Berkeley and former Secretary, Smithsonian Institution "Haro's sequel to Twist of Fate continues Nadine and Quentin's love story. They find temporary happiness but face great challenges in this literate,

fascinating novel of pre-World War II. International intrigue and behind-the-scenes politics make this an important historical novel." -Colleen Rae, author of Nearly Naked, and Correspondent, Local Observer, Saugatuck, MI "The adventure continues, and so does the entrancing reading. Fans of Twist of Fate will be delighted to explore Nadine and Quentin's world. Those who didn't read it should finish Intermezzo and read the first book as a 'prequel.'" -Juan Mestas, Chancellor, University of Michigan, Flint Wolf at the Door Hollis Shiloh Devin has a lot to prove. The Lone Wolf Ashley Jane 2020-04-21 When I chose "The Lone Wolf" as a title for my collection of "wolf inspired" prose, my thinking was this: * Drawing parallels between the predator wolf, the lone wolf, the Alpha wolf, and the Alpha Personality in man, highlighting the traits that unite yet define each. * We are individuals, ergo "lone"* We are honor-bound, loyal, loving, and fierce, ergo "wolf"* We embody traits that protect,

teach, and love our Pack, ergo "Alpha"* We generally mate for life, in our heart of hearts, and in our soul* Man and wolf are the upper echelon of beasts with an honor code and react similarly to any threat or breach. We are one * We are lone * We are Alpha * We are Alpha Wolves

Lone Wolf Anne Marsh 2017-05-31 A sexy new standalone shifter romance from New York Times Bestselling Author Anne Marsh... He's the lone wolf... I don't play well with other wolves. The pack needs muscle, and I provide it as their enforcer. My biker name is Gator—after the alligator that chewed my face up. Sure I can make a woman scream with pleasure, but the scars on my face? That's truth in advertising right there. There's not an ounce of pretty in me. I fight, I ride—and I do it

alone. So chasing the gorgeous marine biologist who wanders into my bayou hunting for wolves is not my smartest move. She's Beauty. I'm the Beast. That story's already been told and life's fresh out of happy endings. Who's coming for her... The biker who rescues me from a mud bath in the bayou, the amazingly hot but rough-around-the-edges man with the powerful motorcycle, is the stuff of fantasy. Dirty fantasies. His powerful arms, broad shoulders, and muscled thighs make me tingle in all my favorite places. He's also grumpy, surly, and way too take-charge. So I definitely can't eat the eye candy.... Can I? I just got out of an abusive relationship and I'm not looking for a new man. I don't need a complication like Gator. But I don't know how much longer I can resist him either... LONE WOLF is a sexy standalone werewolf shifter romance with more than its fair share of humor, dirty sex, and alpha males who fall in love hard.

But would the truth of his past make their future together impossible? More legend than lawman, more man than most, John Wolf was a U.S. Marshal who named himself Apache in his soul. And Tara Flannigan knew from the moment she rescued him that he'd bring trouble—and temptation—to her little patch of heaven on earth!

Stolen Roads Randy Chandler 2019-02-01 "It was like I was riding on a stolen road, like somebody'd just shanghai'd the road and plopped it down in some foreign land." Thus, "stolen roads" entered the esoteric lexicon of popular culture. William Kidd's travels on stolen roads begin when he's a boy on leave from a psychiatric hospital and survives a car accident that kills both his parents. Although hallucinations are nothing new to him, Kidd knows the otherworldly thing crouched on his dying father's chest at the scene of the accident is no hallucination. Nothing in his mental inventory of the planet's natural creatures jibes with this pebble-skinned thing nearly as big as a man, a terrifying beast with spiky shoulders and lizard-like snout, its long knobby limbs folded insect-fashion as if it might suddenly leap or fly away without warning. The beast claws the boy's face, giving him an indelible totem-mark scar he still wears as a young man when he goes on the road in search of the creatures he calls "trocs." Kidd soon meets the Fluckers, a married couple claiming to have happened upon a "lost road," and they entice him to join them on an expedition to ride a suspect blacktop into what may be an alternate world. When Kidd's psych-hospital alumnus Rose Rivers the trippy earth-obsessed rock hound pops back into his life, she invites herself along on what she calls a trip to The Big Nowhere. Rounding out the team is Rita Younger: dive bar owner, former biker club member and acknowledged "badass babe." But The Big Nowhere is filled with otherworldly dangers. And the road home could be a dead end. Buckle up and hit the road for a thrilling ride into the dark fantastic. A literary collision of horror and fantasy on the road to a new kind of hell.

Lone Wolf Shelley Munro 2017-08-28 R.J. Blake trains young werewolves in the old ways—giving them a taste of how it was before the introduction of the shift-suppressing drugs that allow their kind to live secretly among humans. He expects nothing out of the ordinary with his new batch of students. Until sexy, smart, aggravating-as-hell Corey Wilson arrives. Older than the others, son of a powerful Los Angeles pack leader, Corey is an instant temptation he cannot afford. The last thing Corey wants is three months stuck in the Yellowstone wilderness, followed by the stifling life his father has mapped out for him. One glimpse of R.J. though, sparks a determination to seduce the older man before he leaves. Yet as R.J. guides him through the sometimes terrifying process of rediscovering his heritage, a deepening respect calls to his artistic soul and fuels a burst of creativity. When their time comes to an end, Corey senses hesitation behind R.J.'s insistence that theirs was simply a summer fling. Inspiring him to take a leap of faith with consequences neither of them saw coming. A dangerous plot that reaches from the heart of their love to the highest office in the land...

Lawless Patricia Potter 1991 "When Willow Taylor traveled from Boston to Colorado to be the new schoolteacher, she had no inkling of the changes in store for her. Surviving in a tough land and taking on the challenges of the wild West, she worked her ranch with the small band of outcasts she'd claimed as family. But her secret dream of finding passionate love remained unfulfilled, until she found her White Knight -- in a coldhearted, notorious gunfighter."--Jacket.

Lone Wolf and Autonomous Cell Terrorism Jeffrey Kaplan 2017-10-02 President Obama has declared that the greatest terrorist threat which America faces is attacks by lone wolf terrorists. This volume expands the lone wolf rubric to include autonomous cells: small groups of terrorists who cooperate, but operate independently. The challenge presented by lone wolves and autonomous cells, unlike the threat emanating from established terrorist groups like Al Qaeda, has proven intractable because of the difficulty of gathering intelligence on these

actors or effectively countering their actions. Lone wolves operate under the radar, staging deadly attacks such as that at the Boston Marathon, and the 2011 attacks in Norway. This volume includes Theory and Policy Studies, individual case studies and the technological impacts of chemical, biological and nuclear weapons as well as the impact of social media in the process of recruitment and radicalization. This book was originally published as a special issue of *Terrorism & Political Violence*.
