**I'm Special** Ryan O'Connell 2015-06-02 NOW a NETFLIX series entitled *Special* from Executive Producer JIM PARSONS starring RYAN O'CONNELL as himself. From the beloved blogger turned voice of an online generation, an unforgettable and hilarious memoir-meets-manifesto exploring what it means to be a millennial gay man living with cerebral palsy, which VICE calls "a younger, gay version of Mary Karr's *Lit*." People are obsessed with Ryan O'Connell's blogs. With tens of thousands reading his pieces on Thought Catalog and Vice, watching his videos on YouTube, and hanging on to each and every #dark tweet, Ryan has established himself as a unique young voice who's not afraid to dole

out some real talk. He's that candid, snarky friend you consult when you fear you're spending too much time falling down virtual k-holes stalking your ex on Facebook or when you've made the all-too-common mistake of befriending a psycho while wasted at last night's party and need to find a way to get rid of them the next morning. But Ryan didn't always have the answers to these modern-day dilemmas. Growing up gay and disabled with cerebral palsy, he constantly felt like he was one step behind everybody else. Then the rude curveball known as your twenties happened and things got even more confusing. Ryan spent years as a Millennial cliché: he had dead-end internships; dabbled in unemployment; worked in his pajamas as a blogger; communicated mostly via text; looked for love online; spent hundreds on "necessary" items, like candles, while claiming to have no money; and even descended into aimless pill-popping. But through extensive trial and error, Ryan eventually figured out how to take his life from bleak to chic and began limping towards adulthood. Sharp and entertaining, I'm Special will educate twentysomethings (or other adolescents-at-heart) on what NOT to do if they ever want to become happy fully functioning grown-ups with a 401k and a dog.

[The Hard Parts](#) Oksana Masters 2023-02-21 Oksana Masters, the United States' most decorated winter Paralympic or Olympic athlete, tells her jaw-dropping story of triumphing over extraordinary Chernobyl disaster-caused physical challenges to create a life that, by example, challenges everyone to push through what is holding them back. Oksana Masters

was born in Ukraine—in the shadow of Chernobyl—seemingly with the world against her. She was born with one kidney, a partial stomach, six toes on each foot, webbed fingers, no right bicep, and no thumbs. Her left leg was six inches shorter than her right, and she was missing both tibias. Relinquished to the orphanage system by birth parents daunted by the staggering cost of what would be their child's medical care, Oksana encountered numerous abuses, some horrifying. Salvation came at age seven when Gay Masters, an unmarried American professor who saw a photo of the little girl and became haunted by her eyes, waged a two-year war against stubborn adoption authorities to rescue Oksana from her circumstances. In America, Oksana endured years of operations that included a double leg amputation. Still, how could she hope to fit in when there were so many things making her different? As it turned out, she would do much more than fit in. Determined to prove herself and fueled by a drive to succeed that still smoldered from childhood, Oksana triumphed in not just one sport but four—winning against the world's best in elite rowing, biathlon, cross-country skiing, and road cycling competitions. Now considered one of the world's top athletes, she is the recipient of seventeen Paralympic medals, the most of any US athlete of the Winter Games, Paralympic or Olympic. This is Oksana's astonishing story of journeying through a series of dark tunnels—and how, with her mother's love, she finally found her way into the light. Her message to anyone who doesn't fit in: you can find a place where you excel—where you have worth.

**Saving Us** Katharine Hayhoe 2022-09-20 United Nations Champion of the Earth, climate scientist, and evangelical Christian Katharine Hayhoe changes the debate on how we can save our future in this nationally bestselling “optimistic view on why collective action is still possible—and how it can be realized” (The New York Times). Called “one of the nation's most effective communicators on climate change” by The New York Times, Katharine Hayhoe knows how to navigate all sides of the conversation on our changing planet. A Canadian climate scientist living in Texas, she negotiates distrust of data, indifference to imminent

threats, and resistance to proposed solutions with ease. Over the past fifteen years Hayhoe has found that the most important thing we can do to address climate change is talk about it—and she wants to teach you how. In *Saving Us*, Hayhoe argues that when it comes to changing hearts and minds, facts are only one part of the equation. We need to find shared values in order to connect our unique identities to collective action. This is not another doomsday narrative about a planet on fire. It is a multilayered look at science, faith, and human psychology, from an icon in her field—recently named chief scientist at The Nature Conservancy. Drawing on interdisciplinary research and personal stories, Hayhoe shows that small conversations can have astonishing results. *Saving Us* leaves us with the tools to open a dialogue with your loved ones about how we all can play a role in pushing forward for change.

**I Want to Be a Vase** Julio Torres 2022-06-07 Former SNL writer and comedic rising star Julio Torres takes readers on a journey through the lives and intimate dramas of some of the unsung shapes of our time in this picture book inspired by his HBO special *My Favorite Shapes*. Shapes. You've heard of them. You might have even interacted with a

few. But do you really know them? From plucky Plunger, who wishes to defy his shape and become a beautiful vase, to other household objects with dreams of a life beyond their predestined roles, *I Want to Be a Vase* takes readers on an essential and visually stunning journey through the lives and intimate dramas of often-overlooked household appliances. *The Candy House* Jennifer Egan 2022-04-05 A NEW YORK TIMES BESTSELLER ONE of the TOP 10 BOOKS OF THE YEAR by THE NEW YORK TIMES \* ENTERTAINMENT WEEKLY \* SLATE\* THE PHILADELPHIA INQUIRER \* Also named one of the BEST BOOKS OF THE YEAR by Vanity Fair, Time, NPR, The Guardian, Oprah Daily, Self, Vogue, The New Yorker, BBC, Vulture, and many more! OLIVIA WILDE to direct A24's TV adaptation of THE CANDY HOUSE and A VISIT FROM THE GOON SQUAD! From one of the most celebrated writers of our time comes an "inventive, effervescent" (Oprah Daily) novel about the memory and quest for authenticity and human connection. *The Candy House* opens with the staggeringly brilliant Bix Bouton, whose company, Mandala, is so successful that he is "one of those tech demi-gods with whom we're all on a first name basis." Bix is forty, with four kids, restless, and desperate for a new idea, when he stumbles into a conversation group, mostly Columbia professors, one of whom is experimenting with downloading or "externalizing" memory. Within a decade, Bix's new technology, "Own Your Unconscious"—which allows you access to every memory you've ever had, and to share your memories in exchange for access to the memories of others—has seduced multitudes. In the world of Egan's spectacular imagination, there are "counters" who track and exploit desires and there are "eluders," those who understand the price of taking a bite of the Candy House. Egan introduces these characters in an astonishing array of narrative styles—from omniscient to first person plural to a duet of voices, an epistolary chapter, and a chapter of tweets. Intellectually dazzling, *The Candy House* is also a moving testament to the tenacity and transcendence of human longing for connection, family, privacy, and love. "A beautiful exploration of loss, memory, and history" (San Francisco Chronicle), "this is minimalist maximalism. It's as if Egan

compressed a big 19th-century novel onto a flash drive" (The New York Times).

**Stop Being Niggardly** Karen Hunter 2010-04-27 *nig·gard·ly* (adj.) [*nig´erd-le*] 1. stingy, miserly; not generous 2. begrudging about spending or granting 3. provided in a meanly limited supply If you don't know the definition of the word, you might assume it to be a derogatory insult, a racial slur. You might be personally offended and deeply outraged. You might write an angry editorial or organize a march. You might even find yourself making national headlines In other words, you'd better know what the word means before you pour your energy into overreacting to it. That's the jumping-off point for this powerful directive from Pulitzer Prize-winning journalist and bestselling author Karen Hunter. It's time for the black community to stop marching, quit complaining, roll up their collective sleeves, channel their anger constructively, and start fixing their own problems, she boldly asserts. And while her straight-talking, often politically incorrect narrative is electrifyingly fresh and utterly relevant to today's hot-button issues surrounding race, Hunter harks back to the wisdom of a respected elder—Nannie Helen Burroughs, who was ahead of her time penning *Twelve Things the Negro Must Do for Himself* more than a century ago. Burroughs's guidelines for successful living—from making education, employment, and home ownership one's priorities to dressing appropriately to practicing faith in everyday life—teach empowerment

through self-responsibility, disallowing excuses for one's standing in life but rather galvanizing blacks to look to themselves for strength, motivation, support, and encouragement. From our urban communities to small-town America, the issues Hunter is bold enough to tackle in *Stop Being Niggardly* affect us all. Refreshingly candid and challenging, certain to get people everywhere talking, this is the book that takes on race in a new—yet also historically revered and simply stated—way that can change lives, both personally and collectively.

*Operation Pineapple Express* Scott Mann 2022-08-30 AN INSTANT NEW YORK TIMES BESTSELLER An edge-of-your-seat thriller about a group of retired Green Berets who come together to save a former comrade—and 500 other Afghans—being targeted by the Taliban in the chaos of America's withdrawal from Afghanistan. In April, an urgent call was placed from a Special Forces operator serving overseas. The message: Get Nezam out of Afghanistan now. Nezam was part of the Afghan National Army's first group of American-trained commandos. He passed through Fort Bragg's legendary Q course and served alongside the US Special Forces for over a decade. But Afghanistan's government

and army are collapsing, and Nezam is getting threatening texts from the Taliban. The message reached Nezam's former commanding officer, retired Lt. Col. Scott Mann, who can't face the idea of losing another soldier in the long War on Terror. He sends out an SOS to a group of Afghan vets (Navy SEALs, Green Berets, CIA officers, USAID advisors). They all answer the call for one last mission. Operating out of basements and garages, Task Force Pineapple organizes an escape route for Nezam and gets him into hiding in Taliban-controlled Kabul. After many tense days, he braves the enemy checkpoints and the crowds of thousands blocking the airport gates. He finally makes it through the wire and into the American-held airport thanks to the frantic efforts of the Pineapple express, a relentless Congressional aide, and a US embassy official. Nezam is safe, but calls are coming in from all directions requesting help for other Afghan soldiers, interpreters, and at-risk women and children. Task Force Pineapple begins all over again—and ends up rescuing 500 more Afghans from Kabul in the three chaotic days before the ISIS-K suicide bombing. Operation Pineapple Express is a thrilling, suspenseful tale of service and loyalty amidst the chaos of the US withdrawal from Afghanistan.

**A Wilderness of Stars** Shea Ernshaw 2022-11-29 In this magical romance from the #1 New York Times bestselling author of *Long Live the Pumpkin Queen*, an illness cursing the land forces a teen girl astronomer to venture across the wilderness in search of the stars' message that will, hopefully, save them all. When all is lost, look to the stars. Vega has lived in the valley her whole life— forbidden by her mother to leave the safety of its borders because of the unknown threats waiting for her in the wilds beyond. But when Vega sees an omen in the sky—one she cannot ignore—she is forced to leave the protective boundaries of the valley. Yet the outside world is much more terrifying than Vega could have ever imagined. People are gravely sick—they lose their eyesight and their hearing, just before they lose their lives. But Vega has a secret: she is the Last Astronomer—a title carried from generation to generation—and she is the only one who understands the knowledge of the stars. Knowledge that could hold the key to a cure. So

when locals spot the tattoo on Vega's neck in the shape of a constellation—the mark of an astronomer—chaos erupts. Fearing for her life, Vega is rescued by a girl named Cricket who leads her to Noah, a boy marked by his own mysterious tattoos. On the run from the men hunting her, Vega sets out across the plains with Cricket and Noah, in search of a fabled cure kept secret by the astronomers. But as the line between friends and protectors begins to blur, Vega must decide whether to safeguard the sacred knowledge of the astronomers...or if she will risk everything to try to save them all.

*I'm Glad My Mom Died* Jennette McCurdy 2022-08-09 #1 NEW YORK TIMES BESTSELLER #1 INTERNATIONAL BESTSELLER A heartbreaking and hilarious memoir by iCarly and Sam & Cat star Jennette McCurdy about her struggles as a former child actor—including eating disorders, addiction, and a complicated relationship with her overbearing mother—and how she retook control of her life. Jennette McCurdy was six years old when she had her first acting audition. Her mother's dream was for her only daughter to become a star, and Jennette would do anything to make her mother happy. So she went along with what Mom called "calorie restriction," eating little and weighing herself five times a day. She endured extensive at-home makeovers while Mom chided, "Your eyelashes are invisible, okay? You think Dakota Fanning doesn't tint hers?" She was even showered by Mom until age sixteen while sharing her diaries, email, and all her income. In *I'm Glad My Mom Died*, Jennette recounts all this in unflinching detail—just as she chronicles what happens when the dream finally comes true. Cast in a new Nickelodeon series called *iCarly*, she is thrust into fame. Though Mom is ecstatic, emailing fan club moderators and getting on a first-name basis with the paparazzi ("Hi Gale!"), Jennette is riddled with anxiety, shame, and self-loathing, which manifest into eating disorders, addiction, and a series of unhealthy relationships. These issues only get worse when, soon after taking the lead in the *iCarly* spinoff *Sam & Cat* alongside Ariana Grande, her mother dies of cancer. Finally, after discovering therapy and quitting acting, Jennette embarks on recovery and decides for the first time in her life what she really wants. Told with

refreshing candor and dark humor, *I'm Glad My Mom Died* is an inspiring story of resilience, independence, and the joy of shampooing your own hair.
