The Great Depression in America William H. Young 2007 Everything from Amos 'n' Andy to zeppelins is included in this two-volume encyclopedia of popular culture during the Great Depression era. Two hundred entries explore the entertainments, amusements, and people of the

United States during the difficult years of the 1930s.

Hitler's Ambivalent Attache Alfred M. Beck 2014-05-27 Friedrich von Boetticher was Germany's only military attaché accredited to the United States between the world wars. As such, he was Germany's official military observer in the capital of the nation whose potential as an ally of those powers arrayed against Adolf Hitler in the 1930s might have given the dictator pause in any predatory plans he harbored against his neighbors. Though von Boetticher produced a rich and detailed commentary on military and political affairs in Washington in the eight years prior to the outbreak of war between Germany and the United States in 1941, he was nonetheless accused after the war of misjudging America's productive potential and misleading Hitler with overly optimistic reports. As Alfred M. Beck points out, what he actually told German authorities in Berlin is strikingly different from what his detractors later claimed.

Von Boetticher "permits a glimpse into the sociology of a conservative officer caste at once assailed by the politics of a regime and the impossibilities imposed on it, its weaknesses in resisting its evils, and its eventual failure to present an alternative to National Socialism's illusory attractions." A loyal German, von Boetticher had strong ties to America. His mother was American-born, he spoke English fluently, and he was enamored of American military history. He was also anti-Semitic and believed that "Jewish wire-pullers" had undue influence over the U.S. government and its policies. His professional ties to U.S. Army officers in the War Department were so strong--supplying them, for example, with details on German air strength and operations during the Battle of Britain in 1940--that they survived until August 1941 and long after the German ambassador himself had been recalled. Torn between his duty to Germany (though the Nazi regime had attempted to harm his son) and his

deep affection for America, von Boetticher stood among the broad middle range of German officials who were neither perpetrator nor victim.

Freedman 2005 Publisher Description

Endangered Dreams Kevin Starr 1996-01-11

California, Wallace Stegner observed, is like the rest of the United States, only more so. Indeed, the Golden State has always seemed to be a place where the hopes and fears of the American dream have been played out in a bigger and bolder way. And no one has done more to capture this epic story than Kevin Starr, in his acclaimed series of gripping social and cultural histories. Now Starr carries his account into the 1930s, when the political extremes that

threatened so much of the Depression-ravaged world--fascism and communism--loomed large across the California landscape. In *Endangered Dreams*, Starr paints a portrait that is both detailed and panoramic, offering a vivid look at the personalities and events that shaped a decade of explosive tension. He begins with the rise of radicalism on the Pacific Coast, which erupted when the Great Depression swept over California in the 1930s. Starr captures the triumphs and tumult of the great agricultural strikes in the Imperial Valley, the San Joaquin Valley, Stockton, and Salinas, identifying the crucial role played by Communist organizers; he also shows how, after some successes, the Communists disbanded their unions on direct orders of the Comintern in 1935. The highpoint of social conflict, however, was 1934, the year of the coastwide maritime strike, and here Starr's narrative talents are at their best, as he brings to life the astonishing general strike that took control of San Francisco, where workers led by

charismatic longshoreman Harry Bridges mounted the barricades to stand off National Guardsmen. That same year socialist Upton Sinclair won the Democratic nomination for governor, and he launched his dramatic End Poverty in California (EPIC) campaign. In the end, however, these challenges galvanized the Right in a corporate, legal, and vigilante counterattack that crushed both organized labor and Sinclair. And yet, the Depression also brought out the finest in Californians: state Democrats fought for a local New Deal; California natives helped care for more than a million impoverished migrants through public and private programs; artists movingly documented the impact of the Depression; and an unprecedented program of public works (capped by the Golden Gate Bridge) made the California we know today possible. In capturing the powerful forces that swept the state during the 1930s--radicalism, repression, construction, and artistic expression--Starr weaves an

insightful analysis into his narrative fabric. Out of a shattered decade of economic and social dislocation, he constructs a coherent whole and a mirror for understanding our own time.

The Publishers' Trade List Annual 1973

Tippecanoe and Tyler Too Jan R. Van Meter 2008-11 "So the next time we hear or see one of these verbal symbols used to sell a product, illustrate a point, make a joke, reshape a current cause, or resuscitate a forgotten ideal, we will finally be equipped to understand its broader role as a key source of the values we continue to share and fight about. Taken together in Van Meter's able hands, these famous slogans and catchphrases give voice to our common history even as we argue about where it should lead us."--BOOK JACKET.

Ragged Individualism Gholamreza Sami 2011-03-08 This book offers a study of the portrayal of America in selected social and political plays of the 1930s and a scrutiny of the intellectual response of the playwrights to the American way of life in the light of socio-political and economic issues in that decade.

The Great Depression Robert S. McElvaine

2010-10-27 One of the classic studies of the Great Depression, featuring a new introduction by the author with insights into the economic crises of 1929 and today. In the twenty-five years since its publication, critics and scholars have praised historian Robert McElvaine's sweeping and authoritative history of the Great Depression as one of the best and most readable studies of the era. Combining clear-eyed insight into the machinations of politicians and economists who struggled to revive the battered economy, personal stories from the average people who were hardest hit by an economic crisis beyond their control, and an evocative depiction of the popular culture of the decade, McElvaine paints an epic picture of an America brought to its knees—but also brought together by people's widely shared plight. In a new introduction, McElvaine draws striking parallels between the roots of the Great Depression and the economic meltdown that followed in the wake of the credit crisis of 2008. He also

examines the resurgence of anti-regulation free market ideology, beginning in the Reagan era, and argues that some economists and politicians revised history and ignored the lessons of the Depression era.

Wells College Student Life, 1868-1936 John Rosseel Overton McKean 1961

Ages of American Capitalism Jonathan Levy 2021-04-20 A leading economic historian traces the evolution of American capitalism from the colonial era to the present—and argues that we've reached a turning point that will define the era ahead. "A monumental achievement, sure to become a classic."—Zachary D. Carter, author of *The Price of Peace* In this ambitious single-volume history of the United States, economic historian Jonathan Levy reveals how capitalism in America has evolved through four distinct ages and how the country's economic evolution is inseparable from the nature of American life itself. *The Age of Commerce* spans the colonial era through the outbreak of the Civil

War, and the Age of Capital traces the lasting impact of the industrial revolution. The volatility of the Age of Capital ultimately led to the Great Depression, which sparked the Age of Control, during which the government took on a more active role in the economy, and finally, in the Age of Chaos, deregulation and the growth of the finance industry created a booming economy for some but also striking inequalities and a lack of oversight that led directly to the crash of 2008. In *Ages of American Capitalism*, Levy proves that capitalism in the United States has never been just one thing. Instead, it has morphed through the country's history—and it's likely changing again right now. "A stunning accomplishment . . . an indispensable guide to understanding American history—and what's happening in today's economy."—Christian Science Monitor "The best one-volume history of American capitalism."—Sven Beckert, author of *Empire of Cotton*

John McDuffie Ralph N. Brannen 1975
A Secret Gift Ted Gup 2010-10-28 An inspiring account of America at its worst-and Americans at their best-woven from the stories of Depression-era families who were helped by gifts from the author's generous and secretive grandfather. Shortly before Christmas 1933 in Depression-scarred Canton, Ohio, a small newspaper ad offered \$10, no strings attached, to 75 families in distress. Interested readers were asked to submit letters describing their hardships to a benefactor calling himself Mr. B. Virdot. The author's grandfather Sam Stone was inspired to place this ad and assist his fellow Cantonians as they prepared for the cruelest Christmas most of them would ever witness.

Moved by the tales of suffering and expressions of hope contained in the letters, which he discovered in a suitcase 75 years later, Ted Gup initially set out to unveil the lives behind them, searching for records and relatives all over the country who could help him flesh out the family sagas hinted at in those letters. From these sources, Gup has re-created the impact that Mr B. Virdot's gift had on each family. Many people yearned for bread, coal, or other necessities, but many others received money from B. Virdot for more fanciful items-a toy horse, say, or a set of encyclopedias. As Gup's investigations revealed, all these things had the power to turn people's lives around- even to save them. But as he uncovered the suffering and triumphs of dozens of strangers, Gup also learned that Sam Stone was far more complex than the lovable- retiree persona he'd always shown his grandson. Gup unearths deeply buried details about Sam's life- from his impoverished, abusive upbringing to felonious efforts to hide his immigrant origins

from U.S. officials—that help explain why he felt such a strong affinity to strangers in need. Drawing on his unique find and his award-winning reportorial gifts, Ted Gup solves a singular family mystery even while he pulls away the veil of eight decades that separate us from the hardships that united America during the Depression. In *A Secret Gift*, he weaves these revelations seamlessly into a tapestry of Depression-era America, which will fascinate and inspire in equal measure. Watch a Video **LITTLE GLORIA** Barbara Goldsmith 2011-08-24 This is a story of money, glamour, and scandal (on the highest level); a story of American society and of European royalty; a story of family strife exploding into one of the most dramatic and publicized court battles of the century—the battle for a solemn ten-year-old child, “little Gloria” Vanderbilt, who in 1934 was the object of the epic custody suit between her mother, the beautiful and penniless Vanderbilt widow, and her aunt, the famous Gertrude Vanderbilt

Whitney, whose \$78 million could buy her anything she wanted. And what she wanted was “little Gloria.” The leading characters: Gloria Morgan, who was one of the fabled Morgan Twins (invented by society reporter “Cholly” Knickerbocker as the quintessential Café Society beauties) and who, as a shy, stammering eighteen-year-old, living on nothing a year, did what she was raised to do, becoming the wife of . . . Reggie Vanderbilt, at forty-three a worn-out alcoholic who had managed to go through almost \$25 million in fourteen years and who died only two years after his marriage to Gloria, leaving his beautiful young widow nothing but their baby, their baby’s untouchable trust fund, and the Vanderbilt name . . . Gloria Morgan’s twin, Thelma, who, as Lady Furness, was for years the mistress of the Prince of Wales (until she introduced him to her “best friend” Wallis Simpson) . . . Gertrude Vanderbilt Whitney, Reginald’s sister, a formidable Society woman, a sculptor and the founder of the Whitney Museum

of American Art, a woman who conformed—on the surface—to everything expected of American royalty and yet lived a hidden second life as a passionate bohemian . . . And the child—little Gloria herself—shunted out of her mother’s life, carted around Europe, depending for her existence on her neurotically overprotective nurse, Dodo, who never left her for a single day, and her mad Morgan grandmother, who insisted that her own daughter might murder the child for the Vanderbilt millions. Deserted, “dressed in rags,” neglected, she became an almost mythic incarnation of “the poor little rich girl.” This child, who was to grow up to become a world-famous fashion designer, her name—Gloria Vanderbilt—a household word. We come to understand and care about this child as we observe, close up, the astonishing lives and intrigues surrounding her. We see her at the age of ten brought to the courthouse, rushed through mobs of spectators, reporters, photographers. We follow a courtroom drama of

sensation after sensation, the judge ultimately banning both public and press, the final scandalous testimony reaching to the heart of the English royal family. We listen to the parade of witnesses—servants, millionaires, society celebrities, aristocrats, family retainers. We watch the judge himself—a classic Tammany pol—becoming another of the many victims of the case, reviled on all sides. And finally we see little Gloria pushed to choose between her mother and her aunt, making the decision that will affect her whole life—with nobody ever asking her the basic question, “Why are you afraid?” For the first time, the thousands of pages of documents and sealed court testimony have been unearthed and explored. Hundreds of people have been interviewed. And a writer completely knowing about society and the period has used all this material to create a compelling narrative of vitality, resonance, and fascination. Combining her extraordinary abilities as an investigative reporter with the skills and

sensitivity of a novelist, Barbara Goldsmith has given us a galvanizing story, a whole world of astonishing emotional and social circumstances, unforgettably revealed.

FAQs About Finding The Age Of The Great

Depression A History Of American Life Volume XIII eBooks

How do I know which eBook platform is the best for me?

Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice.

Are free eBooks of good quality?

Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.

Can I read eBooks without an eReader?

Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone.

How do I avoid digital eye strain while reading eBooks?

To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.

What the advantage of interactive eBooks?

Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.

The Age Of The Great Depression A History Of American Life Volume XIII is one of the best book in our library for free trial. We provide copy of The Age Of The Great Depression A History Of American Life Volume XIII in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Age Of The Great Depression A History Of American Life Volume XIII.

The Age Of The Great Depression A History Of American Life Volume XIII

Where to download The Age Of The Great Depression A History Of American Life Volume XIII online for free? Are you looking for The Age Of The Great Depression A History Of American Life Volume XIII PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another The Age Of The Great Depression A History Of American Life Volume XIII. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this.

Several of The Age Of The Great Depression A History Of American Life Volume XIII are for sale

to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories.

Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with The Age Of The Great Depression A History Of American Life Volume XIII. So depending on what exactly you are searching, you will be able to choose e books to suit your own need.

Need to access completely for The Age Of The Great Depression A History Of American Life

Volume XIII book?

Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with The Age Of The Great Depression A History Of American Life Volume XIII To get started finding The Age Of The Great Depression A History Of American Life Volume XIII, you are right to find our website which has a comprehensive collection of books online.

Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with The Age Of The Great Depression A History Of American Life Volume XIII So depending on what exactly you are searching, you will be able to choose ebook to suit your own need.

Thank you for reading The Age Of The Great Depression A History Of American Life Volume XIII. Maybe you have knowledge that, people have search numerous times for their favorite readings like this The Age Of The Great Depression A History Of American Life Volume XIII, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop.

The Age Of The Great Depression A History Of American Life Volume XIII is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, The Age Of The Great Depression A History Of American Life Volume XIII is universally compatible with any devices to read.
