The Age of Huts (compleat) Ron Silliman 2007-04-09 Between the Age of Innocence and the Age of Experience comes The Age of Huts. This book brings together for the first time all of the poems in Ron Silliman's Age of Huts cycle, including *Ketjak*, *Sunset Debris*, *The Chinese Notebook*, and *2197*, as well as two key satellite texts, *Sitting Up*, *Standing*, *Taking Steps*, and *BART*. Each poem offers a radically different approach toward using language to explore the world. One of the founding works of Language Poetry, *The Age of Huts* is about everything, more or less literally, as each sentence, even each phrase, embarks on its own narrative, linking together to form a large polyphonic investigation of

contemporary life. From *Ketjak*, one of the first poems to employ "the new sentence," to *2197*, a serial work that scrambles the vocabulary and grammar of its sentences, *The Age of Huts* questions everything we have known about poetry in order to see the world anew.

*Jennings' Little Hut* Anthony Buckeridge 2001-08-05 Jennings decides to build huts out of reeds and branches. He and Darbishire are thrilled with them. They include a patented ventilating shaft, a special drainage canal and a pontoon suspension bridge! Things go horribly wrong when he is put in charge of Elmer, the treasured goldfish, and even worse when the Head visits. Gruesome hornswoggler!

And Still I Rise Maya Angelou 2011-08-17 Maya Angelou's unforgettable collection of poetry lends its name to the documentary film about her life, *And Still I Rise*, as seen on PBS's *American Masters*. Pretty women wonder where my secret lies. I'm not cute or built to suit a fashion model's size But when I start to tell them, They think I'm telling lies. I say, It's in the reach of my arms, The span of my hips, The stride of my step, The curl of my lips. I'm a woman Phenomenally. Phenomenal woman, That's me. Thus begins "Phenomenal Woman," just one of the beloved poems collected here in Maya Angelou's third book of verse. These poems are powerful, distinctive, and fresh—and, as always, full of the lifting rhythms of love and remembering. *And Still I Rise* is written from the heart, a celebration of life as only Maya Angelou has discovered

it. "It is true poetry she is writing," M.F.K. Fisher has observed, "not just rhythm, the beat, rhymes. I find it very moving and at times beautiful. It has an innate purity about it, unquenchable dignity. . . . It is astounding, flabbergasting, to recognize it, in all the words I read every day and night . . . it gives me heart, to hear so clearly the caged bird singing and to understand her notes."

The short works collected in *Four Huts* give voice to one of the most treasured aesthetic and spiritual ideals of Asia—that of a simple life lived in a simple dwelling. The texts were written between the ninth and the seventeenth centuries and convey each author's underlying sense of the world and what is to be valued in it. *Four Huts* presents original translations by Burton Watson—one of the most respected translators of Chinese and Japanese literature. The qualities that emerge from these writings are an awareness of impermanence, love of nature, fondness for poetry and music, and an appreciation of the quiet life. *Four Huts* features eleven brush paintings by renowned artist Stephen Addiss.

**Tjanting** Ronald Silliman 2002-01 Silliman's major long poem published in a new edition and introduced by Barrett Watten. *Tjanting* abounds in a wealth of cultural reference and explores the strategies and procedures of constructing a reality in language. This classic text will delight readers and provide students of modern American poetry with a key work of the late 20th Century.

**Ours** Cole Swensen 2008-04-08 "A remarkably adept, even facile craftsman—I know of no poet who makes the most stunning verbal effects on the page look more effortless. Her critical assumptions, literary strategies and approach to the text clearly place her among the finest post-avant poets we now have."—Ron Silliman, author of *The Age*

**Long Walk to Freedom** Nelson Mandela 2008-03-11 The book that inspired the major new motion picture *Mandela: Long Walk to Freedom*. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. **The Holy Forest** Robin Blaser 2008-09-10 "In his exquisite articulations of the flowers of associational thinking, Robin Blaser has turned knowledge into nowledge, the 'wild logos' of the cosmic companionship of the real."—Charles Bernstein, author of *Republics of Reality: 1975-1995* "Blaser is a fine poet and a superb representative of a tradition that is still undervalued. His work is very important."—Charles Altieri "Blaser plays his poems like an instrument. The glorious phrases that come forth ring with the memory of fairy tale, myth, gospel, but hang hard on to the modern world in his variety of measure and stress. Blaser is moving us all forward to a less certain result through a forest that has few resting places where the sun stays for longer than a minute."—Fanny Howe

*Selected Prose, Daybooks, and Papers* George Oppen 2008-01-28 This is the first comprehensive critical edition of the unpublished writings of Pulitzer Prize-winning objectivist poet George Oppen (1908-1984). Editor Stephen Cope has made a judicious selection of Oppen's extant writings outside of poetry, including the essay "The Mind's Own Place" as well as "Twenty-Six Fragments," which were found on the wall of Oppen's study after his death. Most notable are Oppen's "Daybooks," composed in the decade following his return to poetry in 1958. *Selected Prose, Daybooks, and Papers* is an inspiring portrait of this essential writer and a testament to the creative process itself.

Quonset Hut: Metal Living for a Modern Age is a project that began half a decade ago when architect Chris Chiei took note of the presence of Quonset huts throughout Alaska--more than half a century after the huts were sent around the world as temporary shelters for World-War-II soldiers, forming a major part of the infrastructure of war. Until now, the impact of Quonset huts in post-World War II life has not been documented in a comprehensive way. Quonset huts are referenced in a variety of publications, and everyone seems to be able to conjure up an image of a semicircle when they hear the word?Quonset,? but its story has not yet been told.

*Hut Builder* Laurence Fearnley 2011-04 The first time young Boden sees the vast snow covered plains of the Mackenzie Country his life is changed forever. He discovers a love of landscape and fascination with words. He attends university, works as a butcher and poet until one joyous summer he helps build an alpine hut on Mount Cook. He develops relationships with the members of his working party from Walter, a conscientious objector from the Second World War, to Edmund Hillary.

The Age of Wire and String Ben Marcus 2013-05-02 In *The Age of Wire and String* Ben Marcus welds together a new reality from the scrapheap of the past. Dogs, birds, horses, automobiles and the weather are some of the recycled elements in Marcus's first collection - part fiction, part handbook - as familiar objects take on markedly unfamiliar meanings. Gradually, this makeshift world, in its defiance of the laws of physics and language, finds a foundation in its own implausibility, as Marcus produces new feelings and sensations - both comic and disturbing - in the definitive guide to an unpredictable yet exhilarating plane of existence.

*The Iron Age in Lowland Britain* D.W. Harding 2014-11-13 This book was written at a time when the older conventional diffusionist view of

prehistory, largely associated with the work of V. Gordon Childe, was under rigorous scrutiny from British prehistorians, who still nevertheless regarded the 'Arras' culture of eastern Yorkshire and the 'Belgic' cemeteries of south-eastern Britain as the product of immigrants from continental Europe. Sympathetic to the idea of population mobility as one mechanism for cultural innovation, as widely recognized historically, it nevertheless attempted a critical re-appraisal of the southern British Iron Age in its continental context. Subsequent fashion in later prehistoric studies has favoured economic, social and cognitive approaches, and the cultural-historical framework has largely been superseded. Routine use of radiocarbon dating and other science-based applications, and new field data resulting from developer-led archaeology have revolutionized understanding of the British Iron Age, and once again raised issues of its relationship to continental Europe.

*Against Conceptual Poetry* Ron Silliman 2014-05-14 If you search on references to Ron Silliman in *Against Expression: An Anthology of Conceptual Writing*, edited by Craig Dworkin and Kenneth Goldsmith (Northwestern University Press, 2011), you find the following: table of contents, pg. xv, Ron Silliman, 531, from *Sunset Debris*, 28; In the opening to *Great Expectations: A Novel* (New York: Grove, 1983), Kathy Acker appropriates, deforms, summarizes, and rewrites passages from Charles Dickens's *Great Expectations* and Pierre Guyotat's *Eden, Eden, Eden* to solve the equation plagiarism + pornography = autobiography. For the formulation of this equivalence, see Ron Silliman's "E-Mail Interview" (*Quarry West* 34 [1998]: 13). 53; as is the entirety of Ron Silliman's "Sunset Debris." In an interview with Tom Beckett, Silliman explains that "every sentence is supposed to remind the reader of his or her inability to respond" (*The Difficulties* 2, no. 2 [1985], 45). But the work has in fact provoked rather than stifled response. In the *Tapeworm Foundry*, Daren Wershler proposes that one "write a poem answering in order of occurrence all of the questions posed by ron silliman in sunset debris." Following a pioneering attempt by Michael Waltuch and Alan Davies's poem "?s to .s", which set out to answer all of the interrogatives in Silliman's related *Chinese Notebook*, several poets have taken up

Wershler's challenge, including Arielle Brousse (in *Tapeworm: A Collaborative Exhibition* [Philadelphia: Kelly Writers House, 2008]) and Christian Bök in *Busted Sirens* (in *Interval(le)s 2.2-3.1* [2008-9]: 142-47. 117; Christian Bök composed *Busted Sirens* by feeding the questions from Ron Silliman's "Sunset Debris" to the XML-dialect software agent Alicebot (Artificial Linguistic Internet Computer Entity Robot). 222; Robert Fitterman here performs a grammatical analysis of Ernest Hemingway's *The Sun Also Rises*, eliminating all sentences that do not begin with the first person singular pronoun. The result reads very much like Ron Silliman's "Berkeley" (This 5 [Winter 1974]: n.p.) 415; Little and much / Low and high / Rotten and fresh. —Ron Silliman 418; Other examples of homophonic translation include Ron Silliman's rendition of Rilke's *Duino Elegies* as "Do We Know Ella Cheese?" (Roof 5, 1978) 531; John Cage claimed that he often found questions more interesting than answers. Ron Silliman, echoing Cage's sentiment, constructed an entire section of his book *The Age of Huts* (New York: Roof, 1986) from nearly forty pages of questions. Ranging from the personal to the found to the absurd, Silliman's gesture serves to displace the authorial figure, as well as any notion of a stabilized, centered text. Instead, what we get is a glimpse twenty years ahead into the age of electronic writing and information management, where language is material to be collected and collated, consumed and manipulated, for its own sake. 593; Ron Silliman. Mud Huts and Missionaries E. V. Thompson 1999 E V Thompson lived and worked in Africa at a time when it was undergoing momentous

change. Yet there was enough of the 'old' Africa, the world of 'mud huts and missionaries' for him to glimpse some of the humor, pathos and simplicity of an era that would soon be gone forever, and to weave these ingredients into his short stories. Interspersed among them are some of the legends and tales told around the campfires of various tribes for countless generations. To these, E V Thompson has added his own distinctive imagination to the origin of some of the lesser known animals and birds who have their homes on that vast continent.

The Complete Posthumous Poetry César Vallejo 1980-09-29 The Translation judges for the National Book Awards--Richard Miller, Alastair Reid, Eliot Weinberger--cited Clayton Eshleman and Jose Rubia Barcia's translation of Cesar Vallejo's *The Complete Posthumous Poetry* as

follows: "This, the first National Book Award to be given to a translation of modern poetry, is a recognition of Clayton Eshleman's seventeen-year apprenticeship to perhaps the most difficult poetry in the Spanish language. Eshleman and his present collaborator, Jose Rubia Barcia, have not only rendered these complex poems into brilliant and living English, but have also established a definitive Spanish text based on Vallejo's densely rewritten manuscripts. In recreating this modern master in English, they have also made a considerable addition to poetry in our language."

*Attention Equals Life* Andrew Epstein 2016-06-10 Poetry has long been thought of as a genre devoted to grand subjects, timeless themes, and sublime beauty. Why, then, have contemporary poets turned with such intensity to documenting and capturing the everyday and mundane? Drawing on insights about the nature of everyday life from philosophy, history, and critical theory, Andrew Epstein traces the modern history of this preoccupation and considers why it is so much with us today. *Attention Equals Life* argues that a potent hunger for everyday life explodes in the post-1945 period as a reaction to the rapid, unsettling transformations of this epoch, which have resulted in a culture of perilous distraction. Epstein demonstrates that poetry is an important, and perhaps unlikely, cultural form that has mounted a response, and even a mode of resistance, to a culture suffering from an acute crisis of attention. In this timely and engaging study, Epstein examines why a compulsion to represent the everyday becomes predominant in the decades after modernism and why it has so often sparked genre-bending formal experimentation. With chapters devoted to illuminating readings of a diverse group of writers--including poets associated with influential movements like the New York School, language poetry, and conceptual writing--the book considers the variety of forms contemporary poetry of everyday life has taken, and analyzes how gender, race, and political forces all profoundly inflect the experience and the representation of the quotidian. By exploring the rise of experimental realism as a poetic mode and the turn to rule-governed "everyday-life projects," *Attention Equals*

*Life* offers a new way of understanding a vital strain at the heart of twentieth- and twenty-first century literature. It not only charts the evolution of a significant concept in cultural theory and poetry, but also reminds readers that the quest to pay attention to the everyday within today's frenetic world of smartphones and social media is an urgent and unending task.

*Huts* Lesley Riddoch 2020-09-03 Victorian visitors had shooting lodges – Scots had trips doon the watter. Norwegian citizens had hytte – Scots had Butlins. Why have the inhabitants of one of Europe's prime tourist destinations been elbowed off the land and exiled from nature for so long? Lesley Riddoch relives her own bothy experience, rediscovers lost hutting communities, travels through hytte-covered Norway and suggests that thousands of humble woodland huts would give Scots a vital post-covid connection with nature and affordable, low-impact holidays in their own beautiful land – at last.

*A Carpenter's Life as Told by Houses* Larry Haun 2011 "From one of Fine Homebuilding's best-loved authors, Larry Haun, comes a unique story that looks at American home building from the perspective of twelve houses he has known intimately. Part memoir, part cultural history, *A Carpenter's Life as Told by Houses* takes the reader house by house over an arc of 100 years. Along with period photos, the author shows us the sod house in Nebraska where his mother was born, the frame house of his childhood, the production houses he built in the San Fernando Valley, and the Habitat for Humanity homes he devotes his time to now. It's an engaging read written by a veteran builder with a thoughtful awareness of what was intrinsic to home building in the past and the many ways it has evolved. Builders and history lovers will appreciate his deep connection to the natural world, yearning for simplicity, respect for humanity, and evocative notion of what we mean by "home."--
