Easy Spanish Step-By-Step Barbara Bregstein 2005-12-23 A proven grammar-based approach that gets you communicating in Spanish with confidence, right away Easy Spanish Step by Step proves that a solid grounding in grammar basics is the key to mastering a second language. Grammatical rules and concepts are clearly explained in order of importance, and more than 300 verbs and key terms are introduced on the basis of frequency. Numerous exercises and engaging readings help learners quickly build their Spanish speaking and comprehension prowess.

AAUSC 2012 Volume--Issues in Language Program Direction: Hybrid Language Teaching and Learning: Exploring Theoretical, Pedagogical and Curricular Issues Fernando Rubio 2013-01-01 Hybrid language teaching and learning, also referred to as blended learning, has become an increasingly popular model for the delivery of foreign language (FL) courses at the college level in the United States. HYBRID LANGUAGE TEACHING AND LEARNING: EXPLORING THEORETICAL, PEDAGOGICAL AND CURRICULAR ISSUES addresses a number of theoretical and applied topics related to hybrid/blended contexts. The volume is useful for readers unfamiliar with hybrid approaches, as several chapters highlight practical concerns and contain suggestions from authors who have experience implementing and maintaining college-level hybrid FL courses. In addition, the volume serves to disseminate empirical work that focuses on the linguistic outcomes of learners in hybrid FL learning contexts. Finally, the issue of open educational resources/open access is discussed in the context of hybrid FL courses. Fluent Forever Gabriel Wyner 2014-08-05 NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Yo Puedo Elizabeth Silvaggio-Adams 2021-07-18 You have learned two words in a second language just by reading the title of the book. Think about that for a moment and reflect upon your prior foreign language experiences. Often, students enter language classes with previously acquired skills, be they from secondary school or another college. Many say, "I have studied Spanish for years and don't know how to speak or write it," while others are a bit anxious about taking a second language for the first time, but all are overwhelmed by the expensive textbooks and online packages that don't seem to be practical or relevant. We sought to change these common complaints by creating materials that take a new approach to learning a second language based upon the skills that we deem most useful and that will enable our students to confidently express themselves in Spanish. The text is designed for beginning Spanish language students.

The pedagogical approach incorporates the flipped classroom methodology. The text is supplemented by various presentations and videos that are freely available at <https://milnepublishing.geneseo.edu/yopuedo1/>

Principles and Practice in Second Language Acquisition Stephen D. Krashen 1982 The present volume examines the relationship between second language practice and what is known about the process of second language acquisition, summarising the current state of second language acquisition theory, drawing general conclusions about its application to methods and materials and describing what characteristics

effective materials should have. The author concludes that a solution to language teaching lies not so much in expensive equipment, exotic new methods, or sophisticated language analysis, but rather in the full utilisation of the most important resources - native speakers of the language - in real communication.

The Big Red Book of Spanish Vocabulary Scott Thomas 2005-09-16 A new, and dramatically improved, three-pronged approach to learning Spanish vocabulary The Big Red Book of Spanish Vocabulary is much, much more than a Spanish vocabulary reference! This unique and complete resource combines three complementary approaches to vocabulary building—cognates, root families, and suffixes—to instantly increase word familiarity and aid memorization. Whether for active face-to-face communication or passive comprehension of written or spoken words, an in-depth knowledge of vocabulary is the key to foreign language mastery. The Big Red Book of Spanish Vocabulary makes acquiring this mastery simpler and more straightforward than ever before by providing: An extensive thematic list of Spanish cognates and an alphabetic glossary of Spanish root families—both with more than 14,000 entries A comprehensive listing of the 130 most common Spanish suffixes, with 4,000 common examples A frequency index listing the 5,000 most frequently used words in Spanish An alphabetic index cross-referencing every entry in the root, suffix, and frequency sections

Teaching Vocabulary to English Language Learners Michael F. Graves 2012-11-15 Building on Michael Graves's bestseller, *The Vocabulary Book*, this new resource offers a comprehensive plan for vocabulary instruction that K-12 teachers can use with English language learners. It is broad enough to include instruction for students who are just beginning to build their English vocabularies, as well as for students whose English vocabularies are approaching those of native speakers. The authors describe a four-pronged

program that follows these key components: providing rich and varied language experiences; teaching individual words; teaching word learning strategies; and fostering word consciousness. This user-friendly book integrates up-to-date research on best practices into each chapter and includes vignettes, classroom activities, sample lessons, a list of children's literature, and more.
