Body Geographic Barrie Jean Borich 2019-05-15 A memoir from the award-winning author of *My Lesbian Husband*, Barrie Jean Borich's *Body Geographic* turns personal history into an inspired reflection on the points where place and person intersect, where running away meets running toward, and where dislocation means finding oneself. One coordinate of Borich's story is Chicago, the prototypical Great Lakes port city built by immigrants like her great-grandfather Big Petar, and the other is her own port of immigration, Minneapolis, the combined skylines of these two cities tattooed on Borich's own back. Between Chicago and Minneapolis Borich maps her own Midwest, a true heartland in which she measures the distance between the dreams and realities of her own life, her family's, and her fellow

travelers' in the endless American migration. Covering rough terrain--from the hardships of her immigrant ancestors to the travails of her often-drunk young self, longing to be madly awake in the world, from the changing demographics of midwestern cities to the personal transformations of coming out and living as a lesbian--Body Geographic is cartography of high literary order, plotting routes, real and imagined, and putting an alternate landscape on the map.

**A Photographer's Life** Jack Dykinga 2017-01-31 It's not often that a career in photography makes as many twists and turns as it has for Jack Dykinga. Early in Jack's career as a photojournalist he won the Pulitzer Prize for Feature Photography. He then worked as a photo editor and later became a wilderness guide. Today, Jack's work as a landscape photographer is world-renowned. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font:

As the images displayed in this book progress through the distinct periods in Jack's life, he describes the influences and events that shaped his changing style and his design sense. With an intense sense of gratitude, he explains the forces that caused his focus to evolve, and he describes the often-subtle changes that define his work. A virtual "who's who" of editors, writers, and photographers have influenced Jack's photographic journey, which has spanned 50 years. His amassed images form a body of work that is diverse and profound. From huddled figures in mental institutions to sweeping landscapes, his images span an enormous emotional range

from disturbing to celebratory to sublime. They are touchstones in a life of photography.
