under communism. It suggests that it was not the Catholic Church but the writers of the lay-left who were the critics and opponents of Stalinism.

**The Columbia Guide to the Literatures of Eastern Europe Since 1945** Harold B. Segel 2003 The Iron Curtain concealed from western eyes a vital group of national and regional writers. Marked by not only geographical proximity but also by the shared experience of

communism and its collapse, the countries of Eastern Europe--Poland, Hungary, Albania, Romania, Bulgaria, and the former states of Yugoslavia, Czechoslovakia, and East Germany--share literatures that reveal many common themes when examined together. Compiled by a leading scholar, the guide includes an overview of literary trends in historical context; a listing of some 700 authors by country; and an A-to-Z section of articles on the most influential writers.

examines, for the first time in English, the literary work of Tadeusz Konwicki, one of the most popular and widely translated twentieth-century Polish writers whose prose reflects post-war Polish history, politics, and Sovietisation. In portraying the impact of these changes on people in general and on the intelligentsia in particular, Konwicki recreated the complex Polish-Jewish-Belorussian-Lithuanian world that disappeared by 1945 but survived in the collective memory of the Polish people.

Poland offers a unique analysis of the cultural developments that took place in Poland after

World War One, a period marked by Poland's return to independence. Conceived to address the lack of critical scholarship on Poland's cultural restoration, *Being Poland* illuminates the continuities, paradoxes, and contradictions of Poland's modern and contemporary cultural practices, and challenges the narrative typically prescribed to Polish literature and film. Reflecting the radical changes, rifts, and restorations that swept through Poland in this period, Polish literature and film reveal a multitude of perspectives. Addressing romantic perceptions of the Polish immigrant, the politics of post-war cinema, poetry, and mass media, *Being Poland* is a comprehensive reference work written with the intention of exposing an international audience to the explosion of Polish literature and film that emerged in the twentieth century.
