*Dream a Little Dream of Me* Eddi Fiegel 2015-10-08 The greatest white female singer ever' is how Boy George described pop icon Cass Elliot, the sixties diva who was at the epicentre of US popular culture and music during the

Californian hippy movement. Hailed as America's answer to the Beatles, the Mamas and the Papas' hits such as 'California Dreamin' and 'Monday Monday' became the soundtrack of a generation. Cass's uniquely emotive voice, charismatic wit and outsized multicoloured kaftans singled her out as a popstar who refused to conform to traditional female stereotypes. When she left the Mamas and the Papas, she immediately had a top ten hit with her debut single, 'Dream a Little Dream of Me' and became the queen on Los Angeles society. Her Beverly Hills villa was the scene of legendary parties, becoming the second home of stars such as Jack Nicholson and Grace Slick, but there was a darker side to her fame - after years of continuous dieting and drug addiction, she died mysteriously in London at the age of 33.

Including interviews with Cass's friends and family, co-band members Michelle Phillips and Denny Doherty, and many of the famous names who knew her, this is both an insightful biography of an extraordinary singer, and a fascinating glimpse into free-living, free-loving ideals of the sixties as the optimism of the flower-child generation was crushed by the Vietnam War. 'The product of over 100 interviews and four years of research across three continents, it's a fantastic read that goes way beyond thorough . . . Fiegel's fine, all-encompassing tome restores much of the great woman's dignity' - Mojo

Anything of Which a Woman Is Capable Mary M.

McGlone 2017-12-15 The title, *Anything of Which a Woman is Capable*, comes from Father Jean Pierre Médaille, the Jesuit who brought together the first Sisters of St. Joseph in the mid-seventeenth century. Since 1650, congregations of St. Joseph have grown in Europe, the Americas, India and the Orient, all attracting women who are called to do anything of which they are capable to serve their dear neighbor. This volume tells stories of the foundations of congregations in France and then, beginning in 1836, in the United States. It introduces the reader to intrepid women whose willingness to serve knew no boundaries and whose strong personalities provided an ample match for Church leaders who either encouraged or tried to control their zeal. The copious footnotes make this a valuable addition to the history of Catholic women religious in the United States as well as to the history of Catholicism.

**Fernando Pessoa & Co.** Fernando Pessoa 2007-12-01 The first comprehensive English translation of poetry from the renowned Portuguese author of *The Book of Disquiet*: "An arresting . . . body of work" (*Newsday*). Born in 1888, Fernando Pessoa is widely considered Portugal's greatest modern poet and author. With an introduction that illuminates the life and work of this elusive literary giant, *Fernando Pessoa & Co.* is the most comprehensive and elegantly translated edition of Pessoa's poetry available in English. Pessoa was as much a creator of personas as he was of poetry, prose, and criticism. He wrote under what he referred to as "heteronyms," numerous alter egos with

fully fleshed identities and writing styles, who supported and criticized each other's work in the margins of his drafts and in the literary journals of the time. Ranging widely over the possibilities of language, Pessoa's poetry echoes symbolist verse, Portuguese folk song, and futurist manifesto. From spare minimalism to a revolutionary exuberance that recalls Walt Whitman's *Leaves of Grass*, Pessoa's oeuvre was radically new and anticipated contemporary literature to an unnerving degree. *Fernando Pessoa & Co.* is "a beautiful one-volume course in the soul of the twentieth century" (*Booklist*). *Reading Wonders, Grade 5, Your Turn Practice Book* McGraw-Hill Education 2012-04-30 Your students will engage in their first guided practice with fresh reading selections every week! **The Grid Book** Hannah B Higgins 2009-01-23 Ten grids that changed the world: the emergence and evolution of the most prominent visual structure in Western culture. Emblematic of modernity, the grid is the underlying form of everything from skyscrapers and office cubicles to paintings by Mondrian and a piece of computer code. And yet, as Hannah Higgins makes clear in this engaging and evocative book, the grid has a history that long predates modernity; it is the most prominent visual structure in Western culture. In *The Grid Book*, Higgins examines the history of ten grids that changed the world: the brick, the tablet, the gridiron city plan, the map, musical notation, the ledger, the screen, moveable type, the manufactured box, and the net. Charting the evolution of each grid, from the Paleolithic brick of ancient Mesopotamia through the virtual connections of the Internet, Higgins demonstrates that once a grid is invented, it may bend, crumble, or shatter, but its organizing principle never disappears. The appearance of each grid was a watershed event. Brick, tablet, and city gridiron made possible sturdy housing,

the standardization of language, and urban development. Maps, musical notation, financial ledgers, and moveable type promoted the organization of space, music, and time, international trade, and mass literacy. The screen of perspective painting heralded the science of the modern period, classical mechanics, and the screen arts, while the standardization of space made possible by the manufactured box suggested the purified box forms of industrial architecture and visual art. The net, the most ancient grid, made its first appearance in Stone Age Finland; today, the loose but clearly articulated networks of the World Wide Web suggest that we are in the middle of an emergent grid that is reshaping the world, as grids do, in its image.

Maas and Laura Thalassa. A Maiden... Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny

and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. A Hoosier Holiday Theodore Dreiser 1916 By

1914, Theodore Dreiser was a successful writer living in New York. He had not been back to his home state in over 20 years. When his friend, the Indiana-born artist Franklin Booth, approached him with the idea of driving from New York to Indiana, Dreiser's response to Booth was immediate: "All my life I've been thinking of making a return trip to Indiana and writing a book about it". So was born the literary genre -- the American automobile road book. Along the route, Dreiser recorded his impressions of the people and land in words while his traveling companion sketched some of these scenes. In this reflective tale, Dreiser and Booth cross four states, covering 2,000 miles in two weeks, to arrive at Indiana and the sites and memories of Dreiser's early life in Terre Haute, Sullivan, Evansville, Warsaw, and his year at Indiana University. Imagine if this magick started to bring you all the things you want, and solved your problems. What if it increased your peace, passion, understanding, and your purpose in life? That's only the beginning of what this book can do for you. Damon Brand reveals a groundbreaking form of magick. It's easy to use but works in a completely new way. This is the final book in the best-selling Words of Power series, and it takes the magick to a new level. In Part One there are seven major rituals covering Perception, Knowledge, Imagination, Love, Healing, Transformation, and The Empowered Mind. In Part Two, you can direct the magick where you want. There are over fifty sigils to fine-tune your reality. The magick leads you to experience the world in a mystical way that can include intuition, visions, and psychic abilities while attracting the real-world results you need. The magick in Mystical Words of Power only requires your thoughts, feelings, your voice, and the images in the book. It's as easy as magick gets. When you connect with this angelic power you discover who you are, what you want, and the mystical states required to attract everything you need to live the life of your dreams. The combined power of the two magickal styles in this book make it unlike anything you've seen before. It's the most enjoyable and effective way to bring healing, strength, certainty, and creative control to all that you desire.

Jackson about a girl convicted of murder seeking the truth while surviving life in a group home. Mary B. Addison killed a baby. Allegedly. She didn't say much in that first interview with detectives, and the media filled in the only blanks that mattered: a white baby had died while under the care of a churchgoing black woman and her nine-year-old daughter. The public convicted Mary and the jury made it official. But did she do it? There wasn't a point to setting the record straight before, but now she's got Ted—and their

unborn child—to think about. When the state threatens to take her baby, Mary's fate now lies in the hands of the one person she distrusts the most: her Momma. No one knows the real Momma. But does anyone know the real Mary? The Brick Moon, and Other Stories Edward Everett Hale 1899
