Home Alone Helen McCarthy 2004 We are more likely to be lonely tomorrow as a result of the freedoms we enjoy today. The risk of loneliness in old age is on the rise due to changing ways of life in Britain. Our families are more fragmented, more people are childless and we are living longer, which all increase our chances of being socially isolated in later life. A growing number of older people can be expected to be housebound with minimum social contact. Many of these risk factors are associated with social progress and independence, particularly for younger people. But they make it harder for us to sustain the social networks on which we may have to rely for support as we grow older. Policy-makers have tried to protect older people against isolation through efforts to integrate health and social care services, and to involve older users more actively in making decisions about their own care. Yet more must be done to improve the quality of life of those living housebound lives. Over 30 people die alone and unnoticed in their own homes each year, and one in six older people living alone rate themselves as 'often or always lonely'. Unless significant changes occur, by 2021 nearly 2.2 million over-65s will be socially isolated. The benefits of promoting independent living for older people are enormous, for individuals, our public services and wider society. Extending years of active life will allow older people to play a full role in family life and in their local communities. Home Alone argues that users need to become 'co-producers' of personalised services. Policy-makers must learn from the voluntary and community sectors to help older housebound people develop their own networks of support.

Let Me Alone Anna Kavan 2014-07-01 An early work from Anna Kavan strongly evoking life in England and its colonies from the early years of the century through the period following the First World War. More straightforward than her more famous novels, Let Me Alone is nevertheless fascinating for its hint of the personal stresses that was to inform much of her uncompromising storylines.

Images Claire Helen Siegal 2013-08 Claire Helen Siegal believed that the greatest evil in life was not to fulfill one's potential. Through the written word, a sensitive, intelligent, and acerbic voice emerges. In this autobiography--published posthumously by her executrix, Elaine Levitt--Claire's poetry, essays, and narrative text paint a portrait of its creator. Before she died, Claire began her quest for self-understanding through her writing. From her writings, a flesh-and-blood woman emerges. She blends her variegated images to produce a self-portrait that paints her as she was in life: a vulnerable, willful, innocent, cynical, and always unforgettable woman. An idealist, Claire yearned for the ideal, but faced reality's hard, metallic edge with determination. Hers was a biting-edge, sardonic wisdom, learned at the expense of innocence. Claire gave herself the moral mandate to put together this unconventional autobiography forcing you to see her importance, so her soul could have peace. She didn't want sympathy or compassion; she wanted affirmation of the life she lived, as if this could make it meaningful. Her life was a study in contrast; innocent and cynical by turns. Her persona is recognizable in all her writings. She was alone. G-d was not in her life. She was Jewish and proud of it, but she removed G-d from the equation on the basis of what the Holocaust did to her family. She questioned everything, letting nothing escape her notice. You will not soon forget her, or the images her life evokes.

Found Alone and Wandering Dorothy B. Williams 2009-12 This collection of stories takes us around the world through time and space, and to some places that don't really exist. Solitude can restore us,

enabling us to connect with nature and beyond. But when solitude disconnects us from family or community, we need courage. These stories explore experiences of aloneness and will take readers through the landscapes of southeastern Australia, with glimpses of Papua New Guinea and New Zealand. There you will meet women, children and old soldiers, a ghost, a murderer and some cats.

The Story of My Life Helen Keller 2021-07-20 When she was 19 months old, Helen Keller (1880-1968) suffered a severe illness that left her blind and deaf. Not long after, she also became mute. Her tenacious struggle to overcome these handicaps — with the help of her inspired and inspiring teacher, Anne Sullivan — is one of the great stories of human courage and dedication. The Story of My Life, first published in 1903, is Helen Keller's classic autobiography detailing the first 22 years of her life, including the magical moment at a water pump when, recognizing the connection between the word "water" and the cold liquid flowing over her hand, she realized that objects had names. She had many experiences which were equally thrilling and noteworthy including her joy at eventually learning to speak so that by the time she was 16, she could speak well enough to attend preparatory school followed by her education at Radcliffe, from which she graduated cum laude, and of course, her extraordinary relationship with Miss Sullivan who had shown a remarkable gift and genius for communicating with her eager and quick-to-learn pupil. Keller also writes of her friendships with Oliver Wendell Holmes, Edward Everett Hale and other notables. Keller first began to write The Story of My Life in 1902, when she was still a student at Radcliffe College. The book is dedicated to inventor Alexander Graham Bell, and the dedication reads, "To ALEXANDER GRAHAM BELL Who has taught the deaf to speak and enabled the listening ear to hear speech from the Atlantic to the Rockies, I dedicate this Story of My Life." Nell of Whitemoss Helen Goldie 2014-06-05 As a young girl, the loss of Nell's mother changes her life forever. The youngest in her family, Nell sees her father change and grow distant under the influences of two stepmothers. Young Nell's dreams are put aside in the wake of this tragedy as she must tend and care for her family. New dreams are formed, however, and as Nell's life unfolds, she begins to see a plan for it all. Through love, loss, and pain, she garners strength through hope, trust, and most of all, faith. The ups and downs of Nell's life teach her resilience and understanding that no matter what, she is never truly alone.

Helen of Troy Bettany Hughes 2009-06-03 For 3,000 years, the woman known as Helen of Troy has been both the ideal symbol of beauty and a reminder of the terrible power beauty can wield. In her search for the identity behind this mythic figure, acclaimed historian Bettany Hughes uses Homer's account of Helen's life to frame her own investigation. Tracing the cultural impact that Helen has had on both the ancient world and Western civilization, Hughes explores Helen's role and representations in literature and in art throughout the ages. This is a masterly work of historical inquiry about one of the world's most famous women.

Hit by the Divorce Bus Helen Droinee 2019-12-08 Are you having just the worst time of your life? If you are dealing with the misery of a breakup or divorce, this book is for you. This book is about surviving those first four weeks. It's about keeping on keeping on and finding the silver lining even during shock, disbelief, and grief. This is a semi-fictionalized story, inspired by real events, and written using a pen name in the hopes that the misery along with the ray of hope shared here might help to alleviate your suffering. I hope it makes you feel less alone in this world. Divorce is isolating. There you are, and there are all the happy-for-no-reason people around you, while you are going through the toughest time of your life. Let this book accompany you and make you feel less alone. During the divorce, family and friends mean well but might end up making you feel more alone. Divorce is not black and white. It's messy even in the most amicable cases. It knocks the wind out of even the strongest people. I had to be reminded that I am bigger than the divorce. I am bigger than the "disasters of my life." You are bigger, too. You can do this. You are welcome to share your own story here. I am listening. It would mean the world to me to hear from you and to hear your story, if you should choose to share it. You are not alone. I am here for you if you need me.

The Lonely Soldier Helen Benedict 2010-04-01 *The Lonely Soldier*--the inspiration for the documentary *The Invisible War*--vividly tells the stories of five women who fought in Iraq between 2003 and 2006--and of the challenges they faced while fighting a war painfully alone. More

American women have fought and died in Iraq than in any war since World War Two, yet as soldiers they are still painfully alone. In Iraq, only one in ten troops is a woman, and she often serves in a unit with few other women or none at all. This isolation, along with the military's deep-seated hostility toward women, causes problems that many female soldiers find as hard to cope with as war itself: degradation, sexual persecution by their comrades, and loneliness, instead of the camaraderie that every soldier depends on for comfort and survival. As one female soldier said, "I ended up waging my own war against an enemy dressed in the same uniform as mine." In *The Lonely Soldier*, Benedict tells the stories of five women who fought in Iraq between 2003 and 2006. She follows them from their childhoods to their enlistments, then takes them through their training, to war and home again, all the while setting the war's events in context. We meet Jen, white and from a working-class town in the heartland, who still shakes from her wartime traumas; Abbie, who rebelled against a household of liberal Democrats by enlisting in the National Guard; Mickiela, a Mexican American who grew up with a family entangled in L.A. gangs; Terris, an African American mother from D.C. whose childhood was torn by violence; and Eli PaintedCrow, who joined the military to follow Native American tradition and to escape a life of Faulknerian hardship. Between these stories, Benedict weaves those of the forty other Iraq War veterans she interviewed, illuminating the complex issues of war and misogyny, class, race, homophobia, and post-traumatic stress disorder. Each of these stories is unique, yet collectively they add up to a heartbreaking picture of the sacrifices women soldiers are making for this country. Benedict ends by showing how these women came to face the truth of war and by offering suggestions for how the military can improve conditions for female soldiers--including distributing women more evenly throughout units and rejecting male recruits with records of violence against women. Humanizing, urgent, and powerful, *The Lonely Soldier* is a clarion call for change.

Grafting Helen Matthew Gumpert 2012-11 History is a love story: a tale of desire and jealousy, abandonment and fidelity, abduction and theft, rupture and reconciliation. This contention is central to *Grafting Helen*, Matthew Gumpert's original and dazzling meditation on Helen of Troy as a crucial anchor for much of Western thought and literature. *Grafting Helen* looks at "classicism"--the privileged rhetorical language for describing cultural origins in the West--as a protracted form of cultural embezzlement. No coin in the realm has been more valuable, more circulated, more coveted, or more counterfeited than the one that bears the face of Helen of Troy. Gumpert uncovers Helen as the emblem for the past as something to be stolen, appropriated, imitated, extorted, and coveted once again. Tracing the figure of Helen from its classical origins through the Middle Ages, the French Renaissance, and the modern era, Gumpert suggests that the relation of current Western culture to the past is not like the act of coveting; it is the act of coveting, he argues, for it relies on the same strategies, the same defenses, the same denials, and the same delusions.

Alone With You Marisa Silver 2010-04-13 Following her acclaimed, Los Angeles Times Book Prize-nominated novel, *The God of War*, Marisa Silver's extraordinary book, *Alone With You*, is a starkly elegant and superbly rendered collection of short stories. Marisa Silver dazzled and inspired readers with her critically acclaimed *The God of War* (a Los Angeles Times Book Prize finalist), praised by Richard Russo as "a novel of great metaphorical depth and beauty." In this elegant, finely wrought new collection, *Alone With You*, Silver has created eight indelible stories that mine the complexities of modern relationships and the unexpected ways love manifests itself. Her brilliantly etched characters confront life's abrupt and unsettling changes with fear, courage, humor, and overwhelming grace. In the O. Henry Prize-winning story "The Visitor," a VA hospital nurse's aide contends with a family ghost and discovers the ways in which her own past haunts her. The reticent father in "Pond" is confronted with a Solomonic choice that pits his love for his daughter against his feelings for her young son. In "Night Train to Frankfurt," first published in *The New Yorker*, a daughter travels to an alternative-medicine clinic in Germany in a gambit to save her mother's life. And in the title story, a woman vacations in Morocco with her family while contemplating a decision that will both ruin and liberate them all. From "Temporary," where a young woman confronts the ephemeral nature of companionship, to "Three Girls," in which sisters trapped in a snowstorm recognize the boundaries of childhood, the nuanced voices of *Alone With You* bear the hallmarks of an instant classic from a writer with unerring talent and imaginative resource. Silver has the extraordinary ability to render her fictional inhabitants instantly relatable, in all their

imperfections. Her stories have the singular quality of looking in a mirror. We see at once what is familiar and what is strange. In these stirring narratives, we meet ourselves anew.

Called Before Birth Helen Lawrence 2013-01-17 As Helen grew from infancy to childhood, she is aware something is not right in her family. The family problem only became clear as Helen reached school years. Much of her appreciation of life as a whole came to her as she spends many hours alone in the fields and woods in the area where the family was living. It is here that Helen observes the beauty and wonder of creation. An avid reader from a young age, she finds solace in the stories of children and adults in a similar situation as herself and finds satisfaction in their triumph over adversity. After the Second World War is over and the family moves to South Africa, life becomes fuller as Helen begins to discover who she is as a person. Through the love and nurture of Christians, she comes to a spiritual awakening of God's love for her and that he has a purpose and future for her. Helen discovers she has a calling from God; she follows that calling as she is led by the Spirit of God and, eventually, becomes an ordained minister in the Church of England.

The Story of My Life Helen Keller 2016-02-18 "...every one who wishes to gain true knowledge must climb the Hill Difficulty alone, and since there is no royal road to the summit, I must zigzag it in my own way. I slip back many times, I fall, I stand still, I run against the edge of hidden obstacles, I lose my temper and find it again and keep it better, I trudge on, I gain a little, I feel encouraged, I get more eager and climb higher and begin to see the widening horizon. Every struggle is a victory. One more effort and I reach the luminous cloud, the blue depths of the sky, the uplands of my desire." HELEN KELLER was born on June 27, 1880 in Tuscumbia, Alabama. At nineteen months old an acute illness nearly took her life and left her deaf and blind. At the recommendation of Alexander Graham Bell, her parents contacted the Perkins Institute for the Blind in Boston, and Anne Sullivan was sent to tutor Helen. The story of their early years together, and of Helen's remarkable psychological and intellectual growth, is told in *The Story of My Life*, which first appeared in installments in *Ladies' Home Journal* in 1902. With Anne Sullivan, "Teacher," at her side, Helen Keller graduated from Radcliffe College in 1904, an extraordinary accomplishment for any woman of her time. Helen was dedicated to helping the blind and handicapped, raising funds for the American Foundation for the Blind and lobbying for commissions for the blind in thirty states. A women's rights activist, a Swedenborgian, a socialist, and a world-famous celebrity, Helen Keller received the Presidential Medal of Freedom and many honorary degrees. Her other books include *The World I Live In* (1908), *Midstream: My Later Life* (1929), *Helen Keller's Journal* (1938), and *Let Us Have Faith* (1940). She died in 1968. Her burial urn is in the National Cathedral in Washington, D.C.

The Adventures of Helen Wheels M. Jude Gove 2011-08-26 *The Adventures of Helen Wheels* Life Began at 21 is the first book in a series, and as such, it introduces the main character, 21 years old Helen, who is an auto mechanic that spends her weekends at the local race track. Her father (and mentor) had died before her twenty first birthday, and our book begins with Helen suddenly caught up in her father's secret world of consulting for the police. Her first job: To find evidence to convict a

crime family who regularly hide murder behind car accidents including the death of her father. Still reeling from her father's death, Helen feels all alone. But in a short time things turn around for her. Soon she is surrounded by family and friends that really care about her, and she is involved in something way bigger than she could ever imagine. Amid all the chaos of her new life she finds solitude in the simple things, like working on and driving her 1968 Chevelle SS.

Between the Stepping Stones Joseph Edward Laxton 2016-08-22 Great-Aunt Chris had begun Helen's story, but her death left Helen alone to scribble and scratch out a life now deprived of her deepest friend, whose greatest gift to Helen was a garden, a magical moonlit dance of crystal and gold and silver faeries. The stories of three girls verging on the precipice of womanhood intertwine. Each girl is a victim to brutality, and each was somehow dragged down into servitude and humiliation, yet each life is briefly illuminated by flashes of magic along her journey. The world is full of magic not that witching magic of sorcery and spells, but the subtle glimpses of magic found in the wrinkles and smiles of those whose wisdom and affection illuminate our journeys. They're like fireflies flitting and dancing along a country road at night or the moonlit lace of branches along the forest floor. Magic is sometimes found in the fleeting passing of someone whose momentary flare of kindness and beauty enriches our hearts and souls. And that kind of magic can only be found between the stepping stones in those places where people dare not tread because they are so afraid of the unknown. Helen, Miramund, and Kathleen find themselves in places deep and dark and seemingly hopeless, and only the kind intervention of another can lift them back into the light. Shall each heroine be destined to be a laundress all her life, or can each break with destiny and become a magician in her own right? The stories seek to merge at a place and time preordained by the efforts and struggles of each girl, not by a fickle destiny, and hopefully, each girl will have earned through her own heroic efforts and at that time and place the gift of true balance and insight.

When Bad Things Happen in Good Bikinis Helen Bailey 2015-10-08 Writer Helen Bailey's world fell apart in early 2011 when she and her workaholic husband took off on a well-earned break to Barbados and days after arriving Helen watched helplessly from the beach as he was dragged out to sea in a rip-current and drowned. Alone and more than three thousand miles from home, she was a wife at breakfast and a widow by lunchtime. With her life as she knew it shattered, Helen began to chronicle living after such devastating and shocking loss in a blog - Planet Grief - and gained a worldwide following from many who had experienced huge loss, whether through death or divorce. And now her blog has become a book. Anecdotal, witty, heartbreaking and utterly grounded, *When Bad Things Happen in Good Bikinis* covers all the obvious struggles in the aftermath of a loss, as well as many not-so-obvious but just as poignant everyday obstacles.
