The Almanac of American Politics, 1998 Michael Barone 1997 The essential roadmap to the events of the past two years and the years to come, "The Almanac of American Politics 1998" features a wealth of information about national, state, and local governments, including profiles of all 535 members of Congress and all 50 governors, voting records on major legislation, updated maps of congressional districts, and more.

Nation within a Nation Glenn Feldman 2019-10-01 From the Constitutional Convention to the Civil War to the civil rights movement, the South has exerted an outsized influence on American government and history while being distinctly anti-government. It continues to do so today with Tea Party politics. Southern states have profited immensely from federal projects, tax expenditures, and public spending, yet the region's relationship with the central government and the courts can, at the best of times, be described as contentious. Nation

within a Nation features cutting-edge work by lead scholars in the fields of history, political science, and human geography, who examine the causes—real and perceived—for the South's perpetual state of rebellion, which remains one of its most defining characteristics.

Crossing the Aisle Antoine Yoshinaka 2016 This book is the first systematic study of the causes and consequences of legislative party switching in the US. It provides a sophisticated analysis combining quantitative data from Congress and state legislatures with elite interviews with switchers, non-switchers, and a party leader, including a 'real time' look into the decision.

Almanac of American Military History [4 volumes] Spencer C. Tucker 2012-11-21 This almanac provides a comprehensive, chronological overview of all American military history, serving as the standard reference work of its type. *Almanac of American Military History* is yet another reference work from acclaimed historian Dr. Spencer C. Tucker and ABC-CLIO, offering an unprecedented resource for a wide range of students and researchers. A comprehensive, four-volume title, this almanac traces all of American military history from the European voyages of discovery through 2011,

chronicling the pivotal moments that have shaped the United States into the country it is today. In addition to documenting key events, this title presents biographies of more than 250 key individuals and provides information on more than 250 historically significant technologies and weapons systems. A detailed glossary is included, as are discussions of ranks and military awards and decorations. Divided into conflict periods, each chapter includes a detailed chronology, reference-entry sidebars, statistical information, primary-source documents, and a bibliography.

The Almanac Of Women And Minorities In American Politics 2002 Mart Martin

2018-04-24 Who was the first African-American

senator? Who was the first woman to cast a vote in the New World? Have any gays or lesbians held state-wide office? Was 2000 a good year for women and minority office seekers? The answers to these questions are here in *The Almanac of Women and Minorities in American Politics 2002*. The culmination of Mart Martin's years of diligent research, this is the first comprehensive single-volume reference to all women, African-Americans, Hispanics, Asian-Americans, native minorities, gays, and lesbians who have served in state or national elected positions, with additional information on local elected positions. This valuable resource provides a complete, non-partisan reference on the "political" accomplishments of these people, as opposed to taking a "biographical" approach. In this volume, Mart Martin details which women and minority candidates succeeded in being elected or appointed in 2000 at the federal and state levels throughout the United States. This 2002 edition is thoroughly updated in each of the major

content sections on Women, African-Americans, Latinos, Asian Americans Native Minorities, and Gay and Lesbians.

Children's Authors and Illustrators Adele Sarkissian 1981

Breaking the Political Glass Ceiling Barbara Palmer 2010-11-01 Why has the integration of women into Congress been so slow? Is there a "political glass ceiling" for women? Although women use the same strategic calculations as men to decide when to run, the decision regarding where to run is something else. While redistricting has increasingly protected incumbents, it also has the unintended consequence of shaping the opportunities for female candidates. The political geography and socio-economic profile of districts that elect women differ substantially from districts that elect men. With data on over 10,000 elections and 30,000 candidates from 1916 to the present, Palmer and Simon explore how strategy and the power of incumbency affect women's decisions

to run for office. Breaking the Political Glass Ceiling is the most comprehensive analysis of women in congressional elections available. The Second Edition is fully updated to reflect the pivotal 2006 mid-term elections, including Nancy Pelosi's rise to Speaker of the House, Hillary Clinton's bid for the presidency, and a record number of women serving as committee chairs. Additionally, the authors have created a website, found at politicsandwomen.com, to highlight key features of the book and provide updates throughout the election cycle.

The Lost Majority Sean Trende 2012-01-03 In today's fraught political climate, one thing is indisputable: the dream of the emerging Democratic majority is dead. How did the Democrats, who seemed unstoppable only two short years ago, lose their momentum so quickly, and what does it mean for the future of our two-party system? Here, RealClearPolitics senior analyst Sean Trende explores the underlying weaknesses of the Democratic promise of recent years, and shows how unlikely a new era of liberal values always was as demonstrated by the current backlash against unions and other Democratic pillars. Persuasively arguing that both Republicans and Democrats are failing to connect with the real values of the American people - and that long-held theories of cyclical political "realignments" are baseless - Trende shows how elusive a true and lasting majority is in today's climate, how Democrats can make up for the ground they've lost, and how Republicans can regain power and credibility. Trende's

surprising insights include: The South didn't shift toward the Republicans because of racism, but because of economics. Barack Obama's 2008 win wasn't grounded in a new, transformative coalition, but in a narrower version of Bill Clinton's coalition. The Latino vote is not a given for the Democrats; as they move up the economic ladder, they will start voting Republican. Even before the recent fights about the public sector, Democratic strongholds like unions were no longer relevant political entities. With important critiques of the possible Republican presidential nominations in 2012, this is a timely, inspiring look at the next era of American politics.

Michael Barone 1977

Conservative Reformers: The Freshman Republicans in the 104th Congress Nicol C.

Rae 2016-07-01 Nicol Rae's engaging account of the Republican revolutionaries' freshman year in Congress persuasively demonstrates that the

precepts set forth by Madison in Federalist 10 and 51 are still in force in our remarkably stable political system. The 73 Republican freshmen who entered the House of Representatives after the 1994 election were a well-organized group with majority status and a commitment to change. This book examines the extent to which they were successful in redirecting policy and reforming the institutions of representative government -- and the extent to which those same institutions moderated, and even frustrated, efforts to introduce radical, rapid -- indeed revolutionary -- change. Contrasts are drawn both with the role of the Republican freshmen in the Senate and with the power of the President as manifested in the 1995-96 budget battle. The book is based on interviews conducted by the author when he was an APSA Congressional Fellow in the offices of Rep. George P. Radanovich, president of the freshman Republican class, and Sen. Thad Cochran, chairman of the Senate Republican Conference.

Children's Authors and Illustrators Joyce Nakamura 1995 This fifth edition eliminates the time-consuming need to search through unrelated sources for biographical information on the people who create books for young readers. It contains over 200,000 biographical citations for about 30,000 persons found in more than 650 reference books. Citing a wide variety of biographical sources, it covers the prominent well-known authors as well as those less prominent - providing clues to rare, hard-to-find biographies.

Encyclopedia of Women and American Politics Lynne E. Ford 2010-05-12 Presents a comprehensive reference to the role of women in American politics and government, including biographies, related topics, organizations, primary documents, and significant court cases. *The Washington Monthly* 1977

Inside the Equal Access to Justice Act Lowell E. Baier 2015-12-17 Next Generation INDIE Book Awards Grand Prize Winner, Best Non-

Fiction Book in 2017; and Winner in the Science/Nature/Environment category Finalist for Foreword INDIES Book of the Year Awards in Ecology and Environment In this book, Lowell E. Baier, one of America's preeminent experts on environmental litigation, chronicles the century-long story of Americas' resources management, focusing on litigations, citizen suit provisions, and attorneys' fees. He provides the first book-length comprehensive examination of the little-known Equal Access to Justice Act (EAJA) and its role in environmental litigation. Originally intended to support veterans, the disabled and small business, EAJA, Baier argues, now paralyzes America's public land management agencies. Baier introduces readers to the history of EAJA, examines the many beneficiaries of the law, describes in depth 20 of the most prominent litigious environmental groups in America, and recommends carefully tailored amendments to the EAJA to correct environmental abuses of the law while protecting legitimate interests. Inside

the Equal Access to Justice Act will be a valuable resource for the environmental legal community, environmentalists, practitioners at all levels of government, and all readers interested in environmental policy and the rise of the administrative state.

The Reference Book Collection of the Conference Information Center 1979

Campaigns and Elections Robert P. Watson 2003 Examines elections at the federal, state, and local levels, covering such topics as the use of political consultants, polling, campaign finance reform, and partisan politics.

Current Book Review Citations 1980

Women and the Democratic Party Jamie Pamela Pimlott 2010 Formed in 1985 as a political action committee (PAC) to provide select female Democratic candidates with "seed" money to run for federal office, today EMILY's List is much more than a women's PAC. Over the past twenty-five years, a political entrepreneur- Ellen Malcolm, a cadre of liberal feminist

activists, and thousands of liberal feminist women and men have transformed EMILY's List into a multi-pronged influence organization that has changed the face of U.S. Congress and the American political landscape. Over the past quarter of a century, EMILY's List transformed from a women's PAC/donor network to a multi-pronged influence organization that strategically uses its resources to aid pro-choice Democratic women in their quest for public office. EMILY's List has created and maximized on political opportunities in such a way that it now stands as a political powerhouse. Those who have underestimated it as a narrow women's organization, have also largely underestimated the important role EMILY's List played in helping transform the character of the Democratic Party in Congress and helping bring about the Party's dramatic resurgence to power. This study is the first examination of the growth and transformation of EMILY's List from its inception in 1985 through the 2008 election

cycle. Relying on interviews with organization staff, founding members, and members of Congress, it illuminates the ways in which the organization's origin and mission are firmly rooted in the goals and activities of the liberal feminist women's movement of the 1970s. The successes and failures of this movement set the stage for the creation of EMILY's List. Using qualitative and quantitative data, this study traces the organization's evolution from its early days as a PAC to its transformation into a multi-pronged influence organization that is a PAC, but also functions as an interest group, a party adjunct, and a campaign organization. The book explores the membership of the organization over time, highlighting EMILY's List's efforts to pull in new members and retain its loyal base. The book also explores how the organization has overcome women's reticence to contribute and how that has helped it become so influential in the political sphere. The last part of the book examines the organization's influence vis-a-vis

the endorsement process, which highlights the organization's multi-pronged strategy. It ends with a discussion of the organization's endorsement of Hillary Rodham Clinton's presidential bid in 2008, and what the 2008 election meant for the future of EMILY's List. This book would be appropriate for a variety of courses including courses on women and politics, Congress and congressional elections, campaign and elections courses, parties and interest group courses, and campaign finance courses. This book will be accessible and appropriate for undergraduates and graduate students, as well as researchers and practitioners. It combines historical narrative, which makes it accessible to students, with original interviews and empirical analysis, which appeals to faculty wishing to introduce students to cutting edge research efforts in political science."

The Almanac Of American Politics 1978 The Senators The Representatives The Governors ebook download or read online. In today digital age, eBooks have become a staple for both leisure and learning.
