Childhood's Favorites and Fairy Stories Hamilton Wright Mabie 2016-08-24 Books are as much a part of the furnishing of a house as tables and chairs, and in the making of a home they belong, not with the luxuries but with the necessities. A bookless house is not a home; for a home affords food and shelter for the mind as well as for the body. It is as great an offence against a child to starve his mind as to starve his body, and there is as much danger of reducing his vitality and putting him at a disadvantage in his lifework in the one as in the other form of deprivation. There was a time when it was felt that shelter, clothing, food and physical oversight comprised the whole duty of a charitable institution to dependent children; to-day no community would permit such an institution to exist unless it provided school privileges. An acute sense of responsibility toward children is one of the prime characteristics of American society, shown in the vast expenditures for public education in all forms, in the increasing attention paid to light, ventilation, and safety in school buildings, in the opening of play grounds in large cities, in physical supervision of children in schools, and the agitation against the employment of children in factories, and in other and less obvious ways. Children are helpless to protect themselves and secure what they need for health of body and mind; they are exceedingly impressionable; and the future is always in their hands. The first and most imperative duty of parents is to give their children the best attainable preparation for life, no matter at what sacrifice to themselves. There are hosts of fathers and mothers who recognize this obligation but do not know how to discharge it; who are eager to give their children the most wholesome conditions, but do not know how to secure them; who are especially anxious that their children should start early and start right on that highway of education which is the open road to honorable success.

The Little Red Hen Jerry Pinkney 2006-05-18 Caldecott Medal winner Jerry Pinkney enlivens the beloved fable with cheerful and classically beautiful illustrations, making this the ideal edition for every child's library. As he did with his Caldecott-winning *The Lion and the Mouse*, Jerry Pinkney has masterfully adapted this story of the hardworking hen and her lazy neighbors. Its Golden Rule message and sassy finale are just as relevant and satisfying as ever. Read it in tandem with Pinkney's *Puss in Boots* and *The Tortoise and the Hare* or David Wiesner's *The Three Pigs*. "Perfect [for] sharing with one listener, or a crowd."—Kirkus Reviews (starred review) "Cheerful [and] luminous. Kids will gleefully chime in."—Publishers Weekly (starred review) "A lush light-filled rendition of a folktale staple."—School Library Journal (starred review)
