The Due Diligence Handbook For Commercial Real Estate
Brian Hennessey 2015-06-25
UPDATED THIRD EDITION
There's a HUGE problem in the commercial real estate business that nobody is talking about- DUE DILIGENCE. Investors are leaving big money on the table by not learning these essential

principles. Most investors, real estate brokers and commercial real estate professionals barely scratch the surface conducting their due diligence. Mainly because "they don't know what they don't know. I've spent over 30 years helping investors buy and sell over 9 million square feet of property and witnessed the practices of professional and small investors. It wasn't until I became an acquisition executive and learned some humiliating, expensive lessons that "I didn't know what I didn't know". You will learn how to avoid mistakes with costly consequences, create more value, and more essential information for buying investment property. This book is a #1 Best Seller of commercial real estate books on Amazon. It is an easy-to-follow, proven "step by step" system that investors and real estate professionals use regularly while conducting their due diligence. It will help you to make informed, intelligent decisions when deciding whether to buy or

NOT buy. Adhering to a proven system allows you to conduct due diligence faster, easier, more efficiently and you're less likely to miss something. Here are just a few of the lessons you'll learn:
Negotiating the purchase and sale agreement and what you MUST include in order to maximize your opportunities to negotiate further with the seller. (Super important to know.)
Reviewing the leases
Not knowing what provisions to watch for could cost you dearly once you own it. (Don't leave it up to chance to "work out.")
Uncovering hidden problems and issues (Sellers will NOT disclose these, so you need to know where to look for them. They will not "hand you a list of problems" about the property. Many of these issues could make or break your investment.)
Critical factors to consider during your financial analysis. There's a list of essential questions included that MUST be addressed. (Leaving these questions unanswered can be potentially devastating to an investment.)

Not "over-paying" by making sure you're getting all you deserve, by getting credited fairly for items on the closing statement. (This includes specific items to review, instructions on what to ask for to minimize your chances of getting taken advantage of, potentially losing big money by not having this information.) These fundamentals remain the same and are all applicable whether they are: residential rental properties, industrial, retail, or office buildings. This system will help reduce risk and create value for all of them. In addition, the handbook includes: PHYSICAL & MECHANICAL INSPECTION PHOTOS (That shows you what to look for and how to assess issues.) Due Diligence Checklist Due Diligence Document Checklist Sample Tenant Questionnaire (A sample list of questions that you should ask of tenants when conducting a tenant interview. This is a wealth of information when done properly. Learn this or lose out.) By having this valuable system, you will be

more prepared and confident in your ability to negotiate, going up against ANY seller. As a pilot uses a pre-flight checklist prior to each flight, you'll want to refer to this handbook every time you buy an investment property. There are too many things to remember. We need reminding as much as we need learning! Warren Buffet said, "Risk comes from not knowing what you're doing." So having a proven system in place helps you know what you're doing. Buy the book now! It will be one of the best investments in real estate you ever make. Not buying it could be one of your most costly decisions.

Money in Your Pocket

Michael M. Kloian 2019-03-27

This book is titled "Money In Your Pocket" because after reading this in-depth reference book for buying or selling real estate, with or without a real estate agent, you will put money in your pocket. And not from any get-rich-quick scheme. The bottom line, when buying or selling real estate, is to get the best deal possible and save as much money over the long haul as possible. The real key is to know when and how this may be accomplished. There are too many obstacles and pitfalls that can interfere with this simple goal, and this book will teach you how to hurdle over many of those obstacles. Knowing what to do, and how to negotiate according to your individual circumstance, no matter where you live, will help you through a myriad of what-ifs and what-not to-do issues. This will increase your bottom line. The

most upsetting part of any real estate transaction is to spend time (or wait) for the process to run its course only to find out that the deal is 'dead'. A dead deal will cost the buyer or seller more money than just out of pocket. "MIYP" is all about saving money whenever you buy or sell, and saving your real estate deal from falling apart, which, as you will discover in this book, will put 'money in your pocket'. If your deal doesn't get to the closing table, then there is no money in your pocket. Therefore, you lose. "MIYP" is dedicated to educating and assisting buyers or sellers of real property, whether you offer your property for sale by-owner, use the services of an owner's helper brokerage firm, or in the event you list your property with an agency. This book also explores many real estate related horror stories, I base all of which on true stories presented to the author first hand from customer and client experiences. Reading this book will enhance a buyer or seller's knowledge of real estate,

because you will be one or the other. When you sell a home, you may turn around and buy a home, thus you are the seller and a buyer. You will learn many things you never thought were necessary or possible to know. In the past, you may have taken a back seat in your real estate transaction and felt it was best to leave it to the professionals. After reading this book you will be better equipped to get involved if you choose to do so. "MIYP" will caution you about certain pitfalls and will guide you, by example, with real experiences, so you can avoid making the same mistakes hundreds, or thousands, of other people have made, if you're willing to learn. The adage, "we learn from our mistakes" doesn't have to be for a real estate transaction. "MIYP" offers a divergence of negotiation tips and dozens of suggestions to accomplish saving a pile of the green stuff. As you apply the many principles that lie within you will realize the key to saving more money throughout your lifetime lies within you;

not derived from your talent or your ability to memorize the many nuggets buried within these pages. This has nothing to do with salesmanship and more to do with applying common sense. Whatever you glean from this book you will keep for life though you may not use all of these gems right away. Join me as we explore the many wonders of, "Money In Your Pocket". people to opt out of stock market investments and into the lucrative real estate industry. Unlike most of the other forms of investments, buying or constructing homes involve minimal risks while investors are always guaranteed of profits. The best thing about real estate investments is that you don't have to worry about whether you are going to sell the home, lease or occupy it. Rest assured that it is a worthy investment as the value of real property keeps on appreciating regardless of its location or design. However, the rate at which the value of real property appreciates is dependent on several factors. You should therefore carefully analyze all the factors before making up your mind on whether to invest your money and time in a given property. If you are thinking of buying a piece of land so as to construct a house, you should never be in a hurry to sign any deal. Just take your time during the planning stage to analyze the value of the piece of land and

predict the rate at which the value of the property is going to appreciate depending on its location, nearby amenities and future government and/or private sector investments in the area. Those with experience in the real estate industry will find it quite easy to buy land anywhere as they can easily gauge the value of the property. For those without experience in the real estate industry, this book gives them an insight into the dos and don'ts when it comes to real estate investments. From this book, you are guaranteed of learning important real estate tips and ideas even if you have experience in the real estate industry. The book "Construction Guide for New Investors in Real Estate" covers all aspects of real estate investments starting from acquiring a piece of land, buying construction materials, hiring a construction company, the interior and exterior features to include in a home and marketing of the newly built homes. You'll also learn how to maximize profits by

minimizing costs and adopting effective marketing techniques. This book also contains a list of mistakes that most people make and hence you'll get to avoid such mistakes by simply reading it before investing in real estate. Start your journey to real estate investments by reading the whole of this book!!!

Canadian Retirement Planning

Mistakes Hicks Grant Hicks

2010-02 ARE YOU WORRIED ABOUT YOUR RETIREMENT ?

Your not alone. Most

Canadians feel they can use some more planning when it comes to retirement whether

you have been retired for several years or planning for retirement. I have written a book on the mistakes I have seen in over 20 years of retirement planning. This book addresses: -Strategies about minimizing taxes, as saving a dollar in tax may be your best investment -How to avoid common pitfalls and myths about generating retirement income and cash flow - Protecting your assets and transferring your money as everyone only gets one estate - Simplifying your retirement and giving you peace of mind - Avoid common retirement planning mistakes as the title suggests. The great investors don't do it themselves, because they know it is an emotional decision. They come to the logical conclusion to get a team of great professionals to help them avoid retirement mistakes and become comfortable with their retirement plans I hope you enjoy this book and using it as a reference towards improving your retirement lifestyle. www.ghicks.com Sincerely,

Grant

2016-08-04 Millionaire Mind - Passive Income Bundle: How to Budget, Invest in Real Estate and Stocks for Beginners Save money and buy your bundle copy today. Real estate is one of the most time tested of all

the possible investment opportunities... ...having existed practically for as long as humans have built permanent structures and had a concept of land ownership. What's more, it is one of the core types of asset that any investor, regardless if they are just starting out, or simply looking to diversify should consider adding to their portfolio. It offers unique diversification, net worth, profitability, liquidity and cash flow benefits that ensure it is practically always a reliable choice. Understanding these basics and actively putting them to use on the regular are two very different things, however, which is why if you are interested in actively pursuing the dream of real estate investment then *Millionaire Mind: Invest in Real Estate* is the book for you. Inside you will find everything you need to know to decide if investing in real estate property, real estate investment trusts, flipping properties or wholesaling properties is the right

investment choice for you to maximize your future potential. The opportunities and the potential for profit in real estate are vast, even for those who have little or no money to put down up front. If you have the smarts, you can make money in real estate. What are you waiting for? Bet on yourself and buy this book today. Inside you will find Negotiation tips to make any real estate deal work out in your favor. All the phrases you need to know to talk like the pros. The six most common mistakes new real estate investors make and how to avoid them. And more... Millionaire Mind: How to Budget is going to take you through some simple, easy to start steps. Before you reach the end of this book, you will have tasks you can start immediately and start to feel comfortable about your financial situation. You will discover how your mindset can be hindering your spending habits. You can stop letting your "want now" attitude from getting in the way, just as soon

as you finish this book. Unlike other guides available to you, this one is set up for easy reading, where you learn some real life methods for solving your debt issues, as well as getting a budget that will help you reach those goals and dreams you have. You know there are things you wish to buy or places you want to see. It will take time. You will have to correct any debt situation you have, but rather than a lot of stories about what someone else did- you now have a guide that will take you through the steps of assessing your situation, find where you can save, and much more. What you will learn How to view your income and expenses Determining your recurring and non-recurring expenses Where you can save money and how to save that money How to pay off your credit card debt Act now, so you can be debt free in a reasonable amount of time. Each person has a different amount of debt, so while someone might be debt free in a year, you may need five years. Additional Lessons
