## SECRETS OF THE ANCIENT

ARIES S.V. Zharnikova The Russian North is an amazing, fabulous land. He is sung in our ancient songs, epics, traditions and legends. And not only in them. The most ancient myths of Greece tell about the distant northern side of Hyperborea, which lies near the coast of the cold Cronian

Ocean. They told us that it was here, behind the harsh northeastern wind of Boreas, that there is a land where a wonderful tree with golden apples of eternal youth grows. At the foot of this tree, feeding its roots, a spring of living water gushes - the water of immortality. Here, for the golden apples of the maiden-birds of the Hesperides, the

hero Hercules once went. In the far north, in Hyperborea, at Tartessa - "the city where the wonders of the whole world sleep until the time comes for them to be born and come out to mortals on earth", the golden boat of the Sun was waiting for Hercules. And this is not surprising, because Hyperborea is the birthplace of the solar Apollo and here, according to the ancient Greek myth, snow-white winged swan horses brought him here every summer.

**Literature** Gillian Lathey

2015-07-24 Translating

Children's Literature is an exploration of the many developmental and linguistic issues related to writing and translating for children, an audience that spans a period of enormous intellectual progress and affective change from birth to adolescence. Lathey looks at a broad range of children's literature, from prose fiction to poetry and picture books. Each of the seven chapters addresses a different aspect of translation for children, covering: · Narrative style and the challenges of translating the child's voice; · The translation of cultural markers

for young readers; · Translation of the modern picture book; · Dialogue, dialect and street language in modern children's literature; · Read-aloud qualities, wordplay, onomatopoeia and the translation of children's poetry; · Retranslation, retelling and reworking; · The role of translation for children within the global publishing and translation industries. This is the first practical guide to address all aspects of translating children's literature, featuring extracts from commentaries and interviews with published translators of children's literature, as well as examples and case studies across a range of languages and texts. Each chapter includes a set of questions and exercises for students. Translating Children's Literature is essential reading for professional translators, researchers and students on courses in translation studies or children's literature.

Hildebrand is off to war - again. He commands his three daughters not to enter a locked room in the palace. Naturally they do, and in it find the Book of Fate, which announces that two of them will marry handsome Kings, while the third, Flora, must wed a fat pig from the North. Drawing on Romanian and Norwegian folk tales with their origins in the myth of Cupid and Psyche, Alasdair Middleton weaves a fantastic musical story from traditional materials and takes us from palace to pigsty via the darkest corners of the universe in search of Flora's destiny. Funny and tender, miraculous and ridiculous, *The Enchanted Pig* moves heaven and earth for the sake of love and proves that even the best of men can be pigs. *Essays on Paula Rego: Smile When You Think about Hell*

Maria Manuel Lisboa

2019-09-25 In these powerful and stylishly written essays, Maria Manuel Lisboa dissects the work of Paula Rego, the Portuguese-born artist considered one of the greatest artists of modern times. Focusing primarily on Rego's work since the 1980s, Lisboa explores the complex relationships between violence and nurturing, power and impotence, politics and the family that run through Rego's art. Taking a historicist approach to the evolution of the artist's work, Lisboa embeds the works within Rego's personal history as well as Portugal's (and indeed other

nations') stories, and reveals the interrelationship between political significance and the raw emotion that lies at the heart of Rego's uncompromising iconographic style. Fundamental to Lisboa's analysis is an understanding that apparent opposites - male and female, sacred and profane, aggression and submissiveness - often co-exist in Rego's work in a way that is both disturbing and destabilising. This collection of essays brings together both unpublished and previously published work to make a significant contribution to scholarship about Paula Rego. It will also be of interest to scholars and students of contemporary painting, Portuguese and British feminist art, and the political and ideological aspects of the visual arts.

offer a now rare way of linking human life to the landscape. This is as true for city dwellers and villagers, for the Russian soul is open to the power of myth and the mysteries of the universe. This book explains how Russia's concept of soul ("dusha") and sensitivity to the landscape extends to archaeologists, scientists, and doctors in Russia, who retain an open-minded approach and a keen interest in psychic phenomena, along with folk traditions and faith healing. Author Cherry Gilchrist has traveled often to Russia and researched its traditional lore, gaining knowledge she interweaves into this book. She blends that first-hand knowledge with serious research to paint a lively picture of these remarkable magical traditions and their enduring power.

between 1870 and 1920. Silver Horn created an unparalleled visual record of Kiowa culture, from traditional images of warfare and coup counting to sensitive depictions of the sun dance, early Peyote religion, and domestic daily life. At the turn of the century, he helped translate nearly the entire corpus of Kiowa shield designs into miniaturized forms on buckskin models for Smithsonian ethnologist James Mooney. Born in 1860 when huge bison herds still roamed the southern plains, Silver Horn grew up in southwestern Oklahoma. Son of a chief and member of an artistically gifted family, he witnessed traumatic changes as his people went from a free-roaming, buffalo-hunting culture to reservation life and, ultimately, to forced assimilation into white society. Although perceived as a troublemaker in midlife because of his staunch resistance to the forces of civilization, Silver Horn became to many a romantic example of the "real old-time Indian." In this presentation of

Silver Horn's work, showcasing 43 color and 116 black-and-white illustrations, Candace S. Greene provides a thorough biographical portrait of the artist and, through his work, assesses the concepts and roles of artists in Kiowa culture.

**The Children's Book** A. S. Byatt 2009-11-03 From the renowned author of *Possession*, *The Children's Book* is the absorbing story of the close of what has been called the Edwardian summer: the

deceptively languid, blissful period that ended with the cataclysmic destruction of World War I. In this compelling novel, A.S. Byatt summons up a whole era, revealing that beneath its golden surface lay tensions that would explode into war, revolution and unbelievable change — for the generation that came of age before 1914 and, most of all, for their children. The novel centres around Olive Wellwood, a fairy tale writer, and her circle, which includes the brilliant, erratic craftsman Benedict Fludd and his apprentice Phillip Warren, a runaway from the poverty of the Potteries; Prosper Cain, the soldier who directs what will become the Victoria and Albert Museum; Olive's brother-in-law Basil Wellwood, an officer of the Bank of England; and many others from every layer of society. A.S. Byatt traces their lives in intimate detail and moves between generations, following the children who must choose whether to follow the roles expected of them or stand up to their parents'

“porcelain socialism.” Olive’s daughter Dorothy wishes to become a doctor, while her other daughter, Hedda, wants to fight for votes for women. Her son Tom, sent to an upper-class school, wants nothing more than to spend time in the woods, tracking birds and foxes. Her nephew Charles becomes embroiled with German-influenced revolutionaries. Their portraits connect the political issues at the heart of nascent feminism and socialism with grave personal dilemmas, interlacing until *The Children’s Book* becomes a perfect depiction of an entire world. Olive is a fairy tale writer in the era of Peter Pan and Kenneth Grahame’s *The Wind In the Willows*, not long after *Alice’s Adventures in Wonderland*. At a time when children in England suffered deprivation by the millions, the concept of childhood was being refined and elaborated in ways that still influence us today. For each of her children, Olive writes a special, private book, bound in a different colour and placed on a shelf; when these

same children are ferried off into the unremitting destruction of the Great War, the reader is left to wonder who the real children in this novel are. *The Children’s Book* is an astonishing novel. It is an historical feat that brings to life an era that helped shape our own as well as a gripping, personal novel about parents and children, life’s most painful struggles and its richest pleasures. No other writer could have imagined it or created it.

*Серебряное копытце* Павел Петрович Бажов 1952 An old widowed hunter named Kokovanya was so lonely that he adopted Daryonka, a poor little orphan girl, and her cat. He told Daryonka the story of Silver Hoof, the magical goat. Legend had it that Silver Hoof was a very special goat. Where most goats have two horns, Silver Hoof had antlers with five tines. On his right forefoot he had a silver hoof. When he stamped his foot, a gem would be left there. If he stamped it twice there would be two, but if he pawed the ground there would be a whole pile of gems. Kokovanya and Daryonka and the cat spent all one winter at a cabin in the forest hunting Silver Hoof, but in vain. In the spring, while Kokovanya was in town, Silver Hoof appeared at the cabin and jumped on the roof and stomped, covering the whole cabin with precious

gems, then he and the cat disappeared. Kokovanya came home and put some gems in his hat, then he and Daryonka went to sleep and had wonderful dreams. When they woke, all the gems were gone except the ones in the hat. No one ever saw Silver Hoof or the cat again.
