And the locals aren't talking—especially not to the company bent on exploiting the planet. Disabled combat veteran Yanaba Maddock seems to be the perfect spy for the company. The frailty that was a liability in the military allows her to gain the trust of the Petaybean natives. But miraculously, with Yana's relocation to the arctic planet comes the return of her health and strength. And the closer she gets to the people of Petaybee, the more determined she is to protect her new home. For something unusual and wonderful is happening on Petaybee. Something worth fighting for, even dying for—but especially, something worth living for. . . .

Lost Feast Lenore Newman 2019-10-08 A rollicking exploration of the history and future of our favorite foods. When we humans love foods, we love them a lot. In fact, we have often eaten them into extinction, whether it is the megafauna of the Paleolithic world or the passenger pigeon of the last century. In *Lost Feast*, food expert Lenore Newman sets out to look at the history of the foods we have loved to death and what that means for the culinary paths we choose for the future. Whether it's chasing down the luscious butter of local Icelandic cattle or looking at the impacts of modern industrialized agriculture on the range of food varieties we can put in our shopping carts, Newman's bright, intelligent gaze finds insight and humor at every turn. Bracketing the chapters that look at the history of our relationship to specific foods, Lenore enlists her ecologist friend and fellow cook, Dan, in a series of "extinction dinners" designed to recreate meals of the past or to illustrate how we might be eating in the future. Part culinary romp, part environmental wake-up call, *Lost Feast* makes a critical contribution to our understanding of food security today. You will never look at what's on your plate in quite the same way again.

Lost Lenore Charles A. Beach 2016-06-06 "[...] My father was a man without many friends, and with fewer enemies, for he was a person who attended to his own business, and said but little to any one. He had a talent for silence; and had the good sense not to neglect the exercise of it-as many do the best gifts Nature has bestowed upon them. He died when I was about thirteen years old; and, as soon as he was gone from us, sorrow and misfortune began for the first time to show themselves in our house. There are many families to whom the loss of a parent may be no great calamity; but ours was not one of them; and, young as I was at the time, [...]"

The Lost Lenore Thomas Kingsley Troupe 2019 "At T. Middleton Nightingale City Library, when the old,

broken clock strikes twelve, the library is transformed into something out of an author's mind--and today the volunteer pages find themselves in the middle of Edgar Allan Poe's imagination where monsters lurk, and a raven is telling them to find Lenore if they want to restore the library to normal."--Provided by publisher.

With the help of a penguin psychiatrist, a walrus, and a dachshund, she learns to heal. *Petey Penguin and the Case of Little Lost Lenore* tells the story of an eccentric penguin psychiatrist who only treats animals until one day, a nine-year-old little girl who is being bullied at school enters his office and needs help. Petey becomes a bit insecure at first, as he is only accustomed to helping animals. She is an odd little girl in pain who learns self-respect and healing from all three animal characters. The penguin doctor learns that he can help humans in the therapeutic process while helping himself. The dialogue between Petey, the dog, and Lenore is therapeutic, humorous, and touching, leading to an endearing ending.

The Raven Edgar Allan Poe 2016-05-28 ...Quoth the Raven, "'Nevermore.'" "'The Raven'" is a classic narrative poem by American writer Edgar Allan Poe. First published in January 1845, the poem is often noted for its musicality, stylized language, and supernatural atmosphere. It tells of a talking raven's mysterious visit to a distraught lover, tracing the man's slow fall into madness. The lover, often identified as being a student, is lamenting the loss of his love, Lenore. Sitting on a bust of Pallas, the raven seems to further instigate his distress with its constant repetition of the word "'Nevermore'". The poem makes use of a number of folk, mythological, religious, and classical references. Poe claimed to have written the poem very logically and methodically, intending to create a poem that would appeal to both critical and popular tastes, as he explained in his 1846 follow-up essay, "'The Philosophy of Composition'". The poem was inspired in part by a talking raven in the novel *Barnaby Rudge: A Tale of the Riots of 'Eighty* by Dickens. Lost Lenore: The Adventures of a Rolling Stone Mayne Reid 2019-12-13 "*Lost Lenore: The Adventures of a Rolling Stone*" by Mayne Reid is an enthralling adventure novel that takes readers on a thrilling journey across the globe.
