Villages of Britain Clive Aslet 2011-08-15

Britain's villages are world famous for their loveliness and idiosyncratic charm. Each village is different; travel across the country and you will unearth a joyous variety, from straggly Leintwardine in Herefordshire to BBC-film-perfect Askrigg in Yorkshire to higgledy-piggledy

tourist hub Polperro in Cornwall to Miserden in Gloucestershire, with its staggeringly beautiful gardens, to Pittenweemin Fife, still eking a living from fishing, to the warring villages of Donhead St. Mary and Donhead St. Andrew in Wiltshire. History and architecture account for some differences-the memorials in churches, the details of door frames and chimney stacks-but there are also differences of spirit, and in how life is lived there today. What are the thriving local businesses? What are they selling in the shops-or are there shops at all? What are the traditions, old or invented? Who are the people who make these communities work? In this captivating volume, Clive Aslet draws on thirty years of travel in the countryside working for Britain's Country Life magazine to give us a living, personal, and opinionated history of five hundred of Britain's most beautiful and vibrant villages. Meticulously researched and drawing from conversations with local residents, publicans, and vicars, this book is both an indispensable gazetteer for anyone planning to tour the countryside and a portrait of rural Britain in a time of change.

Burning Ashes James Bennett 2018-12-11 In the vein of Kevin Hearne, *Burning Ashes* is the third book in the Ben Garston series, a contemporary fantasy tale of dragons and ancient magic hidden within our own world. The Lore is over. For Ben Garston, the fight is just beginning. The uneasy truce between the human and the mythical world has shattered. Betrayed by his oldest friend, with a tragic death on his hands, there isn't enough whiskey in England to wash away the taste of Ben's guilt. But for a one-time guardian dragon, there's no time to sit and sulk in the ruins. Because the Long Sleep has come undone. Slowly but surely, Remnants are stirring under the earth, unleashing chaos and terror on an unsuspecting modern world. Worse still, the Fay are returning, travelling across the gulfs of the nether to bring a final reckoning to Remnants and humans alike. A war is coming. A war to end all wars. And only Ben Garston stands in the way. . .

Silver Ley Adrian Bell 1936

Corduroy Adrian Bell 2009-06-04 *Corduroy* was first published in 1930. It was followed by *Silver Ley* in 1931 and *The Cherry Tree* in 1932. Together they form a trilogy that has been described as 'the classic account of a twentieth-century Englishman's conversion to rural life'. In *Corduroy* the author's experiences as a farm apprentice in Suffolk are described. The tone is affectionate, humourous and not in the least patronizing. At times there is an elegiac strain not dissimilar to Edward Thomas. The three books constitute a threnody for, what was then, a vanishing, pre-mechanized way, of farming and rural life.
