The Secret Origins of the Bible Tim Callahan 2002-09 Callahan strictly interprets the Bible through the lens of comparative mythology, where the mythic content of Biblical stories is illustrated as a way to understand the purpose the stories served for the people who wrote them. Biblical history is merely a mythic representation of human psychology and meaning-making in human conscience. Callahan contends that most of the histories and stories were written and manipulated centuries after the events described. He cautions against literal interpretation of the Bible, but seeks to understand why society validates the myth. [Kabbalah in Italy, 1280-1510](#) Moshe Idel 2011-01-01 This survey of the history of Kabbalah in Italy represents a major contribution from one of the world's foremost Kabbalah scholars. Idel charts the ways that Kabbalistic thought and literature developed in Italy and how its unique geographical situation facilitated the arrival of both Spanish and Byzantine Kabbalah.

Empirical Models for Biblical Criticism Jeffrey H. Tigay 2005-10-21 Modern critical scholarship has concluded that the books of the Hebrew Bible have not reached us in their original form but are the products of lengthy evolution. Many of these books are thought to combine the works of more than one author or age and to have undergone considerable revision. Tigay and the other contributors use comparisons of various texts from ancient Mesopotamia and post-exilic Israel. Such comparisons show that the sort of development of biblical literature that nineteenth-century critics were led to postulate from close study of the texts alone is characteristic of many ancient Near Eastern texts. 'Empirical Models for Biblical Criticism' is of value to scholars interested in the Old Testament, as well as religion, theology, Jewish studies, Near Eastern studies, and comparative literature.

A Book of the Beginnings Gerald Massey 2007-09-01 After enjoying years as a popular journalist and poet, intellectual and freethinker Gerald Massey turned his vast studies in the field of Egyptology into *A Book of the Beginnings*, a bold statement that the origin of all civilization lays in ancient Egypt. His assertions, radical at the time—indeed, almost a century before the discovery of three-million-year-old human remains in Africa—resonate loudly today, when molecular biology is making corresponding discoveries alongside the still-raging creation-versus-evolution controversy. In Volume I, Massey lays the foundation of the Egypt-centric position through a scholarly comparative analysis of language, names, and mythology—delving not only into our most basic actions of naming and communicating, but also man's beloved, universal myths of death, awakenings, and love. British author GERALD MASSEY (1828-1907) published works of poetry, spiritualism, Shakespearean criticism, and theology, but his best-known works are in the realm of Egyptology, including *The Natural Genesis* and *Ancient Egypt: The Light of the World*. *Biblical Studies in Motion* Heerak Christian Kim 2009 This reference contains academic papers by rising scholars trained in the United Kingdom.

The Lost Matriarch Jerry Rabow 2014-09-01 *The Lost Matriarch* offers a unique response to the sparse and puzzling biblical treatment of the matriarch Leah. Although Leah is a major figure in the book of Genesis, the biblical text allows her only a single word of physical description and two lines of direct dialogue. The Bible tells us little about the effects of her lifelong struggles in an apparently loveless marriage to Jacob, the husband she shares with three other wives, including her beautiful younger sister,

Rachel. Fortunately, two thousand years of traditional and modern commentators have produced many fascinating interpretations (midrash) that reveal the far richer story of Leah hidden within the text.

Through Jerry Rabow's weaving of biblical text and midrash, readers learn the lessons of the remarkable Leah, who triumphed over adversity and hardship by living a life of moral heroism. *The Lost Matriarch* reveals Leah's full story and invites readers into the delightful, provocative world of creative rabbinic and literary commentary. By experiencing these midrashic insights and techniques for reading "between the lines," readers are introduced to what for many will be an exciting new method of personal Bible interpretation.

Soulmates Juliana Geran Pilon 2011-12-31 In *Soulmates: Resurrecting Eve*, Juliana Geran Pilon argues for a return to an egalitarian view of men and women, found in the original Genesis narrative, as reflected through Judaism, Christianity, and Islam. In each of these Abrahamic traditions, it was understood that man and woman were created to be soulmates in God's image—equal despite their different functions within society. Pilon writes that this original message has gradually been distorted, with disastrous effect. Any hope for an ennobling human community begins by resurrecting Eve as an equal partner to Adam. The work examines the Biblical creation narrative, comparing it to Greek and other ancient mythologies. Pilon explains how the disturbing association of woman with sin and death led to Eve's demise as Adam's equal. The final section of the work deals with the Goddess myth, love and marriage in early religious narratives, and modern man's search for his soul no less than for a soulmate. The book, at its core, is a meditation on the relationship between men and women but also among human beings. The resurrection of Eve is indispensable to attaining a true appreciation of love and faith. Pilon uses religious texts, expert commentary, and various works of fiction, poetry, and psychology to make her argument come alive. The work is strengthened by the writing style, alternately poetic and humorous, and a clear and illuminating progression of ideas. Its emphasis on reconciliation and understanding, and its post-feminist outlook will find a receptive audience.

The Persian Compared with the Islamic Conquest of Jerusalem Rebecca Abrahamson 2020-12-17 This book explores the Persian and Islamic conquests of Jerusalem in 614CE and 638CE in light of previous attempts at Jewish restoration. It looks closely at the Persian-Jewish and subsequent Arab-Jewish alliances, and the role of the Exilarch. Using contemporary sources, it works to reconstruct the history of Nehemiah ben Hushiel, his brother Shallum (Salman Farsi) and nephews Heman (Abdullah ibn Salam) and Yakub (Ka'b Al-Ahbar), who played pivotal roles in these conquests working with the early Muslims. This book is for those who wish to view history through the eyes of those who actually lived it, and who understand that those involved in these pivotal events viewed them from profoundly different perspectives. Revisiting both the tensions and cooperation between emerging Muslim and longstanding communities at the time of Muhammad (pbuh) may hold the key to rapprochement today. It is possible that the future of Islamic-Jewish relations lies with our past.

The Threefold Paradise of Cotton Mather Cotton Mather 1995 No other American Puritan has fueled both the popular and academic imagination as has Cotton Mather (1663-1728). Colonial America's foremost theologian and historian, Mather was also one of its most powerful voices advocating millennialism. His

lifelong preoccupation with this subject culminated in his definitive treatise, "Triparadisus" (1726/1727), left unpublished at his death. In it, Mather justified his ideological revisionism; his response to the philological, historical, and scientific challenges of the Bible as text by English and continental deists; and his hermeneutical break from the orthodox exegeses of his father, Increase Mather, and Joseph Mede. In his critical introduction to this edition of "Triparadisus," Reiner Smolinski demonstrates that Mather's hermeneutical defense of revealed religion seeks to negotiate between the orthodox literalist position of his New England forebears and the new philological challenges to the scriptures by Hugo Grotius, Thomas Hobbes, Isaac de La Peyrere, Benedict de Spinoza, Richard Simon, Henry Hammond, Thomas Burnet, William Whiston, Anthony Collins, and Isaac Newton. In "Triparadisus" Mather's hermeneutics undergoes a radical shift from a futurist interpretation of the prophecies to a preterite position as he joins the quasi-allegorical camp of Grotius, Hammond, John Lightfoot, and Richard Baxter. The Threefold Paradise of Cotton Mather also challenges a number of longstanding paradigms in the scholarship on American Puritanism, history, literature, and culture. Smolinski specifically calls into question the consensus among intellectual historians who have traced the Puritan origin of the American self to the Errand into the Wilderness and the idea of God's elect. He also challenges the commonplace argument that New England represented the culmination of prophetic history in an American New Jerusalem for the Mathers and their counterparts. As an important link between Mather's premillennialism in the late seventeenth century and Jonathan Edwards's postmillennialism in the Great Awakening, "Triparadisus" provides important biographical insight into Mather's last years, when, liberated from his father's interpretations, he put forward his own.

Easy Bible Marking Guide Randy A. Brown 2019-04-14 The goal of this book is to help you create your own marking system that's easy to use. If you've tried other inductive study methods and found them too tedious then this book is for you. This book will show you how to mark your Bible with a simple, easy to remember method that will help you grow deeper in God's Word. Bible marking is an effective inductive method of Bible study. It can be simple or complex. It can be confusing or systematic. It can be haphazard or methodical. To get the most out of Bible marking it is best to be systematic and methodical, but it doesn't have to be complex. Many Christians want to mark in their Bibles but they're not sure how to mark and what to use. This marking guide will teach you: *Bible marking for deeper Bible study* What marking tools to use for writing in your Bible *12 marking techniques* 20 things to mark *How to develop your own color code* How to develop your own symbols

The Beast that Crouches at the Door David Fohrman 2007 What are we to learn from the narratives in the Torah? A walking, talking snake. A tree that bears mysterious knowledge of Good and Evil. A mark upon Cain for all to see. The early narratives in the Book of Genesis are familiar to us from childhood, yet the meaning of these stories often seem maddeningly elusive. For example: By forbidding Adam and Eve to eat from the Tree of Knowledge, did God really not want mankind to be able to distinguish right from wrong? This book examines the early stories in the Book of Genesis, calling attention to the big questions that bother us all, as well as to the hidden subtleties of text and language. As clues and questions are pieced together, deeper layers of meaning begin to emerge. In the end, the reader gains an experience in the richness and depth of Torah, and a profound confrontation with concepts that define the core of what it means to be a Jew.

Christus Victor Gustaf Aulen 2003-09-05 Gustaf Aulen's classic work, 'Christus Victor', has long been a standard text on the atonement. Aulen applies history of ideas' methodology to historical theology in tracing the development of three views of the atonement. Aulen asserts that in traditional histories of the doctrine of the atonement only two views have usually been presented, the objective/Anselmian and the subjective/Aberlardian views. According to Aulen, however, there is another type of atonement doctrine in which Christ overcomes the hostile powers that hold humanity in subjection, at the same time that God in Christ reconciles the world to Himself. This view he calls the "classic" idea of the atonement. Because of its predominance in the New Testament, in patristic writings, and in the theology of Luther, Aulen holds that the classic type may be called the distinctively Christian idea of the atonement.

The Angelic Conflict R. B. Thieme, Jr. 2012-01-01 The Angelic Conflict rages around us. This is not a world war. This is a war beyond the world—an invisible warfare between the forces of Satan and the forces of God. Ultimately God will win. Long before the advent of human history, Satan arrogantly rebelled against his Creator. He wanted to make himself "like the Most High" and recruited one-third of the angels to follow him. God justly condemned Satan and his fallen angels to spend eternity in the lake of fire. Satan appealed the sentence, claiming unfairness—questioning how a loving God could cast His creatures into hell. Planet Earth is now the battleground where Satan seeks to outmaneuver God, prove the judgment unfair, and foil the execution of his sentence. Satan will not suffer defeat without an intense struggle. God created man to resolve this angelic conflict. Human volition is the focal point of the firestorm. Will man choose God's grace plan of salvation or follow the arrogant system of Satan? Through the freewill decisions of mankind, God proves to Satan His perfect justice and love again and again. As believers, it is imperative we understand this spiritual warfare that surrounds us. Satan uses every ruse at his command to derail and discredit those who are in Christ. For our defense, God has provided an overwhelming advantage in a powerful suit of spiritual armor. With it we can withstand the "flaming missiles of the evil one" and become heroes in the invisible war. God is glorified as we lock shields and stand firm on His power and Word.

Adam and Havah Shira Halevi 2009-03-30 A NEW 2009 REVISED EDITION "Gorgeous commentary," according to Kirkus Discoveries in its review of Rabbi Halevi's work. "Halevi shines new light on a very old story, offering a brilliant interpretation of perhaps the most influential piece of scripture ever written... Her new tome is a targum -- basically a hybrid of translation and commentary -- of the opening chapters of Genesis. . . Halevi fills her elaborately footnoted expansion on the story of Adam and Eve (or Havah) with alternate translations, interpretive traditions, linguistic clarifications and explanatory dialogues. . . The author has an easy familiarity with modern biblical scholarship and willingness to parse stale orthodoxies. Her discussions of gender and theodicy are particularly piercing. 'Adam and Havah' offers a myriad of joys."

Understanding Faith Stephen R.L. Clark 2011-12-12 Militant atheists often mirror the worst kind of ignorance and hostility that they condemn in traditional believers. Writing both as a philosopher and an Anglican Christian, Professor Clark explores this initial perception, considering such topics as the alleged openness of 'scientists' compared with the 'dogmatism' of 'believers'; the difficulty of reading 'scripture' outside 'the community of faith' that has selected and elaborated it; the problems of moral realism (and the problem with abandoning it); why Darwinian and neo-Darwinian Theory has been unpopular with some believers, and what if anything can still be affirmed from it; what can be learnt from modern biology (especially) about our relations with other creatures; the nature of God; the metaphor of 'waking up' as applied to our hopes of heaven; the varieties of possible world orders founded on differing religious schemata (including some atheistical ones); and the place of religion in the State. He concludes, appropriately, with some remarks about the End.
