**The Muleskinner and the Stars** Ronald L.  
Voller 2015-08-28 This is the story of the  
astronomer Milton La Salle Humason, whose  
career was integral to developing our  
understanding of stellar and universal evolution

and who helped to build the analytical basis for  
the work of such notable astronomers and  
astrophysicists as Paul Merrill, Walter Adams,  
Alfred Joy, Frederick Seares, Fritz Zwicky,  
Walter Baade and Edwin Hubble. Humason's  
unlikely story began on the shores of the  
Mississippi River in Winona, Minnesota, in 1891  
and led to the foot of Mount Wilson outside Los

Angeles, California, twelve years later. It is there where he first attended summer camp in 1903 and was captivated by its surroundings. The mountain would become the backdrop for his life and career over the next six decades as he helped first build George Ellery Hale's observatory on the summit and then rose to become one of that institution's leading figures through the first half of the twentieth century. The story chronicles Humason's life on Mount Wilson, from his first trip to the mountain to his days as a muleskinner, leading teams of mules hauling supplies to the summit during the construction of the observatory, and follows him through his extraordinary career in spectroscopy, working beside Edwin Hubble as the two helped to reconstruct our concept of the universe. A patient, knowledgeable and persistent observer, Humason was later awarded an honorary doctorate for his work, despite having no formal education beyond the eighth grade. His skill at the telescope is legendary.

During his career he photographed the spectra of stars, galaxies and other objects many thousands of times fainter than can be seen with the naked eye and pushed the boundary of the known universe deeper into space than any before him. His work, which included assisting in the formulation of Hubble's Law of redshifts, helped to set the field of cosmology solidly on its foundation. Milton Humason was one of the most charismatic characters in science during the first half of the 20th century. Uneducated, streetwise, moonshining, roguish, humble and thoroughly down to earth, he rose by sheer chance, innate ability and incredible will to become the leading deep space observer of his day. "The Renaissance man of Mount Wilson," as Harlow Shapley once referred to him, Humason's extraordinary life reminds us that passion and purpose may find us at any moment. **The Ancient Muleskinner** Roy Simmons 2002-08-01 A ranch hand with a dream. A muleskinner with a vision. A tale of the earliest

efforts of America's black community to free itself of the shackles of slavery. Their quest for freedom, for a life beyond what their ancestors even dared to dream of.

**Edwina Parkhurst, Spinster** Patricia Lucas White 2004 Edwina Parkhurst has a guilty secret, one that she has lied, contrived, and connived to keep hidden. Knowing full well that what she does is denounced as a terrible sin, preached against in pulpits, seen as Satan's handiwork by the God-fearing people in her world, and especially by the family she loves and has supported for years, Edwina continues her sinful ways. She has no choice if she is to keep a roof over her family's heads, food on the table, and garments suitable to their station.

*20 Mule Team Days in Death Valley* Harold O. Weight 2018-02-27 "The saga of the great mule teams and giant wagons that are today's romantic symbol of Death Valley began long before the first muleskinner piloted his lumbering borax freighters out of the Big Sink.

Its roots were in that night when Aaron and Rosie Winters crouched in their darkened camp at Furnace Creek and read their future in the green-flickering flame of burning borax. But its seed went farther back." First published in 1955, this is a wonderful book on the mule team days in California's Death Valley during the 19th century. It contains observations on the natural history of mules and muleskinners, and the mining of desert borax. There is also a reprint of Henry G. Hanks' Report on Death Valley from 1883.

*One Thousand White Women* Jim Fergus 2010-04-01 Based on an actual historical event but told through fictional diaries, this is the story of May Dodd—a remarkable woman who, in 1875, travels through the American West to marry the chief of the Cheyenne Nation. *One Thousand White Women* begins with May Dodd's journey into an unknown world. Having been committed to an insane asylum by her blue-blood family for the crime of loving a man beneath her

station, May finds that her only hope for freedom and redemption is to participate in a secret government program whereby women from “civilized” society become the brides of Cheyenne warriors. What follows is a series of breathtaking adventures—May’s brief, passionate romance with the gallant young army captain John Bourke; her marriage to the great chief Little Wolf; and her conflict of being caught between loving two men and living two completely different lives. “Fergus portrays the perceptions and emotions of women...with tremendous insight and sensitivity.”—Booklist “A superb tale of sorrow, suspense, exultation, and triumph.” —Winston Groom, author of *Forrest Gump*

2006-10-01 Nellie Sanders persuades her uncle, a renowned botanist, to allow her to join an expedition to the Sawtooth Valley in Idaho Territory in 1872. Using an assumed name, infamous shootist Malachi Breedlove contracts

to lead the botanical expedition into the wilderness. A crazy old woman steals Nellie, believing her a dead daughter returned to life. As leader of the expedition, Malachi is forced to send others to seek the woman he now realizes he loves. Nellie finally convinces the old woman to take her back, claiming she will die without Malachi. No sooner are Nellie and Malachi reunited than disaster strikes the expedition. Now the lovers must face the dangers of the wilderness, must conquer old weaknesses and discover new strengths. As the summer ends, Nellie faces a choice between academic acclaim and love, while Malachi wonders whether he can hang up his guns and survive. Can they find a compromise that lets them both realize their dreams?

*Infidels* Andrew Wheatcroft 2005-05-03 Here is the first panoptic history of the long struggle between the Christian West and Islam. In this dazzlingly written, acutely nuanced account, Andrew Wheatcroft tracks a deep fault line of

animosity between civilizations. He begins with a stunning account of the Battle of Lepanto in 1571, then turns to the main zones of conflict: Spain, from which the descendants of the Moors were eventually expelled; the Middle East, where Crusaders and Muslims clashed for years; and the Balkans, where distant memories spurred atrocities even into the twentieth century. Throughout, Wheatcroft delves beneath stereotypes, looking incisively at how images, ideas, language, and technology (from the printing press to the Internet), as well as politics, religion, and conquest, have allowed each side to demonize the other, revive old grievances, and fuel across centuries a seemingly unquenchable enmity. Finally, Wheatcroft tells how this fraught history led to our present maelstrom. We cannot, he argues, come to terms with today's perplexing animosities without confronting this dark past.

### **Sage Cane's House of Grace and Favor**

Christy Hubbard Author C.C. Harrison writing as

Christy Hubbard Women needed guts to live in the Old West and Sage Cane had an abundance. Finding herself penniless and in debt after the death of her father, then abandoned at the altar by a fortune-hunting scoundrel, she headed for Colorado gold country to take possession of the hotel she inherited from her Aunt Hannah "Honey" Wild. When she arrives, she is shocked to discover the hotel is really a bordello called Wild Mountain Honey Pleasure Palace. She announces her decision to close it down, but meets resistance from Bridger Norwood who is convinced it has to remain open in order to keep the peace in the rough and tumble mining town. But Sage wasn't born to let adversity keep her down or men control her destiny. It was a town of, by and for men with nothing for women. Not a slip of silk or froth of lace could be found anywhere outside the bordello. While the men mined for gold, drank in the saloons, gambled at the card tables, or visited Wild Mountain Honey, the wives were left behind to scrabble together a

home in tents, huts and dugouts. That is, until Sage Cane secretly opened a charm school to teach them how to dress for adornment, whisper into a man's ear, and practice the fine art of seduction. SAGE CANE'S HOUSE OF GRACE AND FAVOR vividly brings to life the hardships and dangers women faced in the rugged frontier towns that catered to men. Secrets are revealed and secrets are kept, but women did what they had to do to survive in this story of a town forced to rise to the standards of its women. Christy Hubbard introduces the most unforgettable charmer since Scarlett O'Hara in a wild and wonderful tale of girl power in the Old West!

Clearing in the Sky & Other Stories Jesse Stuart  
1984-05-03 Here are twenty-one tales from Kentucky's inimitable and beloved storyteller, Jesse Stuart. Full of high, rambunctious humor, quick-paced as a mountain square dance, bright as a maple tree against an October hill -- these

stories are Stuart in his best form -- the form that has made him one of the most widely read authors in America. Read here about the man who coveted a steam shovel and stole it piece by piece, or about the celebrated eating contest between Sam Whiteapple and the game rooster, or about the hill farmer who wanted to clear and farm one last spot of new ground before he died. Although he has a sharp eye for human foibles and infirmities, Stuart never fails to write of his people with affection or to see that justice is done them. Originally published in 1950, Clearing in the Sky was inadvertently declared out of print after three years and never reprinted. Now for Jesse Stuart's many readers it is once more available with an appreciative foreword by Ruel Foster.

Roslyn Jaymi Trimble 2008-11-17 Roslyn, a mining town nestled in Washington's Cascade Mountains, is a little town with a big history. Founded three years before Washington was admitted to the Union, Roslyn became a

boomtown after the discovery of coal. Coal was king in Roslyn for 80 years, and immigrants came from all over the world to work the mines. Roslyn's remarkable history includes stories of murder, a mine strike that ended with the mine boss tied to the railroad tracks, and a bank robbery some claim was masterminded by Butch Cassidy and the Sundance Kid. Readers will meet characters like Tony Bailey—he turned out to be a she—who worked the mines for 11 months in 1949 before being arrested one night in a tavern for going into the women's bathroom dressed as a man. And no book about Roslyn would be complete without a chapter on the hit television series Northern Exposure, which was filmed there.

**The Mule Skinner** Darrell P. Long 2016-04-28 Jake's story begins with his birth in the early 1800s to a Boston fisherman. He is an intelligent young lad with a strong mind-but his lungs are weak. Burning wood and coal fills the air with smoke and ash, and he can never seem to get

enough breath. Unable to work or play outside, he gets a job in a small gun shop, where he learns how to make custom firearms and gunpowder. He also begins to read short, paperback stories of the Wild West and imagines seeing the colorful characters and wild animals firsthand. Eventually the doctor says he must get out of the city to find cleaner air, or he'll likely die. This order gets him a spot on a stagecoach set for Pennsylvania, but Jake's destiny will take him far beyond his paperback dreams. In this collection of diary entries, Jake relates his travels across the early United States, his gaining knowledge and skills, and his falling in love. Jake and his great country seem to grow and mature together, as they have adventures, meet new acquaintances, build fortunes, and attempt to solve the great mysteries of life. [The Sandy Knoll Murder, Legacy of the Sheepshooters](#) Melany Tupper 2010-12-23 The Sandy Knoll Murder, Legacy of the Sheepshooters is the true story of the high-

profile 1904 murder of John Creed Conn, who disappeared in the midst of central Oregon's bloody range war period. That circumstance has always been believed to have precipitated his death. Sensational and intriguing, the details of the murder held the reading public in rapt attention with articles appearing on the front page of the Oregonian for nine months after Conn's mysterious disappearance. It is not very often that a prominent man, a celebrity, vanishes from the main street of an Oregon town in broad daylight. And even less often does a missing man's body reappear on a small, sandy knoll outside of that same town seven weeks later. This work is the result of six years of painstaking research that encompassed eighty other homicides and suspicious deaths of the period, Conn's life and relationships, the circumstances of his death, and all that was ever written by and about the sheepshooters. All of the planning that the killer put into making Conn vanish showed a high level of control and organization on his

part. But, he did unwittingly leave some clues to his identity, and they could be traced like fingerprints through the ink of the newspapers of the day. Other clues were left like footprints in the soil surrounding the Sandy Knoll and in the behaviors that he exhibited there. Conn was the brother of a district attorney and a member of a politically prominent and well-connected family. He was a local celebrity and a respected figure, and there could be no doubt that a massive man hunt and investigation would ensue. Every effort has been made to adhere to the facts of the case, long-held as the legacy of the sheepshooters. The Creed Conn murder was then, and remains today, one of the most sensational in the history of the state of Oregon. **Sharp 9Th** Sean Cronin 2011-05-16 Sharp 9th - A Skinner Malloy Mystery After a combat stint as a U.S. Marine, Skinner Malloy had a successful career in rock music - until he trashed the men who raped his band mate, Gillian Carroll. Convicted of assault and out on parole,

gigs have dried up. As she tries to heal herself after the assault, Gillian needs the stability of her advertising job. But her client, Consolidated Insurance, has her fired for bogus reasons. Worse, someone is still spreading lies. Skinner and Gillian team up to find the real reason she's been fired. They discover that Consolidated employees are dying in accidents that are anything but. And haltingly, they find tender feelings for each other. Then Gillian disappears. Murder, conspiracy, corruption and attempted love, Sharp 9th reveals a world of homicide, insurance-government collusion, crooked cops, pornographers and private security goons - in which Gillian and Skinner try to find intimacy despite the emotional damage caused by rape and war.

Tales of a Mule Twister George Hixson

2009-08-20 George Hixson is about as authentic a man of the old west as you can find. Growing up in Colorado, he and his brother were treated like grown-up men by their father. There was no coddling. At age ten he drove the wagon trailing a band of sheep from Las Vegas, New Mexico, to Limon, Colorado, and was forty-nine days on the trail. Ranching and working with livestock filled his life and prepared him for his stint as a mule twister. The 20-Hitch matched white mule team he drove in the 70s and 80s was a job that took him and his team all over the western parts of the United States, from small county fairs to The Cow Palace in San Francisco, the Denver Stock Show, and of course, The Portland Rose Festival, which started it all. In TALES OF A MULE

TWISTER he recounts many of his adventures and the rigors encountered driving that team. Goodwin's tells of his difficulty in dealing with his childhood education and his dislike of academia in general. However, he managed to overcome his early educational difficulties eventually earning a bachelors degree, two masters degrees and a doctorate degree. Goodwin says he was born with horse manure in his blood and that he wanted to be a rancher and cowboy for as long as he could remember. He spent much of his young life on farms and wanting to spend the rest of his life in the in the saddle. Goodwin says that when he was a kid in

high school he was privileged to spend several years working nights as a houseparent at a school for the deaf and blind. He writes about that experience and says it taught him to be responsible and to have empathy for others. Goodwin's written work shares his early efforts to gain a military career and how the military shaped

**Six Women West** Wanda Reed Martha's future seems secure at her parent's Virginia horse farm

until the Confederate army imposters raid their farm and steal their horses. Later that very day, the North and South fire upon their home. Some called it Bull Run and others called it Manassas. We called it a slaughter. This turned Martha's world upside down. After the second tragedy, Martha decides to follow her "Pa" dream of going west to Oregon. One by one, other women join her--women full of pluck and spirit as well as kindness and compassion in spite of their own difficult stories. There's never a dull moment along the trail as they overcome hardships together and show that they are far more capable than some of the men on the Wagon Train.

Bounty of Vengeance Paul Colt 2022-12-05 A murderous drifter. A grieving husband. A range war about to explode. Bounty of Vengeance introduces Paul Colt's sweeping Bounty Trilogy. Former Cheyenne Sheriff Ty Ledger and bounty hunter Johnny Roth pursue a half-breed serial killer responsible for the death of Ledger's wife

and unborn child. The bloody trail leads to Lincoln County, New Mexico, and a town girding for war. Ledger and Roth follow the killer to an encounter with renegade Comanche that has the pair counting their bullets, making sure each has one left for his final escape. Colt's action races across the pages of history set against the run-up to the Lincoln County War. Ty Ledger, Johnny Roth, Lucy Sample, and Dawn Sky take their places beside John Chisum, John Tunstall, and James Dolan as the principals square off in what will become the making of legends. Told in a gritty style reminiscent of Robert B. Parker, Colt transports the reader to events that test the mettle of men and the hearts of the women they love.

The Legend Hunter Romain Wilhelmsen 2003 In 1533 Francisco Pizarro made his epic march through the deserts and mountains of Peru. He was on his way to the golden city of the Inca, Cuzco. He bypassed empires that had long since been buried in the sands and in the memories of

forgotten civilizations. He found his gold, all right, but he passed over much more that has yet to be found. Romain Wilhelmsen, against the advice of the National Geographical Society, set out to track down those legends and riches that the Conquistadors missed. This is part of his story. And, it is a success story. Starting out with \$800 in his pocket, not only did he find gold, but he also encountered the fascinating personalities that aided him in his search: Ernesto Batanero, who had plotted the Pan-Am air routes in the 1930s over Ecuador and Peru, and dreamed of retracing them on the ground in search of pyramids he knew were down there; Miguel Loayza, who was wanted by the governments of the United States, Peru, Ecuador, and the United Kingdom for the genocidal murder of thousands of Indians; Santiago Flynn who gave up a promising motion picture career for the solitude of the Andes Mountains; Hermann Becker who had been the legendary Field Marshal Erin Rommel's personal driver during World War II;

Father Trampa, S.J., who pointed the way to a lost army of Spanish Conquistadors in the Sierra Madre Canyons of Mexico; the lovely foreign correspondent, Barbara Holbrook, who exposed a corrupt government and was on the run, one step ahead of the militia; the philosopher who wanted to go sailing on the last commercial windjammer in the world, and ended up on an island of manure. These, and others are here in THE LEGEND HUNTER.

He said: "A feller don't want a muleskinner for a wife setting in his parlor." One of the most popular settings for romance stories was the old west, where men were men and women were women. As many a swooning damsel could attest, There's something about a cowboy. The western romance became one of the most popular types of magazines sold during the early and mid-

twentieth century. By today's standards, these stories may be considered sweet and wholesome, but there's still a thrill to them. Stories of untamed country and love make western romances extremely popular.

*Global Mission* Henry Harley Arnold 2023-07-06

*Global Mission* is General "Hap" Arnold's personal story of his life and military career and a history of American military aviation with particular emphasis on World War II. "For twenty years prior to World War II General Arnold was a tireless and effective evangelist for American air power. No other foresaw more clearly than he the revolutionary impact of the airplane upon the methods and conduct of war. Hap Arnold performed still another public duty in recording for us the results and the conclusions of his lifetime experiences.

Whatever he has to say about air power deserves the close attention of all his fellow citizens." — General Dwight D. Eisenhower, US Army "The

compellingly interesting autobiography of a great soldier-statesman and one of the finest presentations I have ever seen of the history of American military aviation." — Lieutenant General James H. Doolittle, US Air Force "[T]his book is more than the chronicle of a flier's life; it is in a sense a saga of United States air power, and particularly a top-level picture of the United States Army Air Force in World War II... *Global Mission* will take an important place in the growing library of war books... a delightful book; it brings out so strongly the lovable personality of "Hap" Arnold. It is an important book... these reminiscences are a monument to him." — Hanson W. Baldwin, *The New York Times* "[An] interesting and important book" — Robert Gale Woolbert, *Foreign Affairs* "There are many groups of people who will profit by a careful reading of *Global Mission*. As General Bradley well said in a recent letter to me, 'It is "must" reading for the young military men of today who will have to be the Marshalls and Arnolds and

Kings in any future emergency.' The thinking people of the United States will make wiser decisions in the selection of their leaders, both military and civil, if they have read *Global Mission*. They will understand more clearly the frightful errors which have been made in the past and their cost in blood and treasure... Any who are tempted to be pacifists or isolationists in the future had better read *Global Mission* to learn the implications which can flow from false doctrines. The historian who has the difficult job of painting the true picture of the Second World War needs to read *Global Mission* for background. Here alone will he find some of the missing pieces in his puzzle... by any yardstick, [*Global Mission*] is worthy reading for any American." — Lieutenant General Ira C. Eaker, USAF (Ret.), *Air University Quarterly Review* "[General Arnold's] book is a very important contribution to the history of the Second World War; one reads it with passionate interest from start to finish. It is written in a lively way and

also with that frankness, that outspokenness, which always surprises French people from the pen of such a high authority. It is also extremely revealing about the American character." — René Jouan, *Revue d'histoire de la Deuxième Guerre mondiale* "[This] book will be of enduring value." — Ordnance

Dynamite! R. Roy Simmons 2003 "Blow up all of their electrical power lines! This will cut off their water supply!" was the word from the chief terrorist to his lieutenant in America, so they started with small transfer stations for practice. After the second one was demolished, Ryan Masters asked for a community meeting to seek a way to deter them from disrupting their power. A former marine sergeant suggested a warning device he had experience with, and the community accepted it. Did it work properly, or did the terrorists override it? Was their water supply rendered useless? What other types of attack did the terrorists do to harm American citizens? The answer came directly from the pen

Under the Fifth Sun: A Novel of Pancho Villa  
Earl Shorris 2012-01-09 This is a work of great scope, a powerful illumination of an enigmatic figure. Told from the point of view of an ancient shaman, this is the dark and mystical story of Mexico's greatest revolutionary general, Pancho Villa. Shedding the Hollywood mantle of the drunken, womanizing bandit-turned-hero, the Villa who comes to life in this extraordinary novel is part man and part myth, part visionary hoodlum and part brilliant general. A troubled childhood--marked by his father's early death in the fields and his sister's rape by a local landowner--and a prophetic dream propel young Villa through a period of lawlessness and drifting and into life as a military leader. The story moves convincingly through the events of Villa's life, showing him to be a man of fierce passions and moral conviction, a natural leader for the rebellion.

**Henyas' Tree** Joseph Stokes 2013-11-01 Born in September 1942, Joseph A. Stokes began writing

short stories after he retired. There was one story (Henyas' Tree) that mostly developed on its own. It is a story about the interactions between various aggressive, strong willed characters. The author developed an interest in human interaction while attending school. It affected the remainder of his course selections and later gave direction to a career. In 1970 he was working at a large plant. Within his first months of work, he jumped at the chance to join the Equal Employment Opportunity (EEO) Committee. His duties involved visits to local minority organizations and meeting with employees of all ages, races, etc., on matters that might affect their work performance. The author worked 28 years as a problem-solving counselor, investigator, specialist and unit manager. It helped him understand people and the directions a person might take under stress. A strong-willed, multi-raced woman was born into a life she would not accept; a world of servitude that demanded she be dutiful to

others. At an early age she was separated from her family and, therefore, was required to grow up quickly. This was done with the assistance of a surrogate mother, Haddie. It was Haddie that gave her the confidence and courage to adjust to and accept her lot in life. She was able to allow herself to commit to her affections and a life with a man who was well outside of her social status.

2017-03-01 A former soldier just wants solitude, but a stranded beauty needs his protection—and his services as a pretend husband . . . When Tilly Hargreaves and her three nieces are stranded at his small stagecoach station in an abandoned Nebraska town and threatened by outlaws, Nolan West must protect them. And the only way he can do that is by pretending he's married to

Tilly. But can the former soldier, whose only wish is for solitude, stop himself from growing attached to his temporary family? Tilly knows the charade is necessary to keep her and the girls safe, but now her heart is in danger. The longer she pretends the stoic station agent is her husband, the more genuine their union feels. Nolan believes he's better off alone, but Tilly's certain that if he'd only open his heart to his make-believe family, he'd want to claim them as his for real . . .
