Dreams Olive Schreiner 2022-11-13 Dreams is a collection of beautifully written short stories based on author's dreams and life on a farm in South Africa. In Dreams depicts Olive Schreiner her fascinating looks on the world. Olive Schreiner (1855 -1920) was a South African

author, anti-war campaigner and intellectual. Since the late 20th century, scholars have also credited Schreiner as an advocate for the Afrikaners, and other South African groups who were excluded from political power for decades, such as indigenous Blacks, Jews and Indians. Although she showed interest in socialism, pacifism, vegetarianism and feminism amongst other topics, her views escaped restrictive categorizations. Her published works and other surviving writings promote implicit values such as moderation, friendship, and understanding amongst all peoples, and avoid the pitfalls of political radicalism.

Motion Graphics with Adobe Creative Suite 5 Studio Techniques Richard Harrington

2010-09-23 Almost all motion graphics artists today use After Effects, Photoshop, or Illustrator to some degree in their projects. But how do they decide which tool is best for the job and how can they utilize the various components in the Creative Suite together for the most efficient and effective workflow? This book cuts to the chase and shows readers an in-depth view of the various components in the Creative Suite as best utilized in professional motion graphics projects. With 4-color artwork from real-life productions sprinkled throughout, this inspiring and practical guide will show intermediate to advanced readers what they need to know to incorporate CS5 in their own work. In the first half of the book, readers learn about design essentials as related to motion graphics, including typography, logo animation, repairing

and retiming footage, stylizing footage, background design, 3D objects and cameras, audio design, and vector design. The second half of the book focuses on real-world design explorations including chapters on broadcast package design, title sequences, DVD menu design, motion control 3D, character animation techniques, and panoramic images. The accompanying DVD brings it all together by providing source footage and project files, allowing readers to experiment on their own. Note from the publisher: FREE Adobe Creative Suite 5.5 updates are available for this title. Simply register your product at www.peachpit.com/register and you will receive the updates when they become available. *Stories of the Vikings* Mary MacGregor 2018-03-01 On a summer day nearly twelve hundred years ago, three ships with bright red sails drew near to one of the little ports of the Dorset coast in the south of England. The townsfolk saw the ships, and paying no heed to

the bright sails, said carelessly one to another, 'The merchantmen will be in port to-day.' And the harbour-master gathered together a few of his men and hastened to the quay. For he, too, had seen the ships, and, as in duty bound, he went to meet them, to demand from the captains the port taxes which were lawfully due to the king. But townsfolk and harbour-master alike had made a grievous mistake that summer day. For, as they soon discovered to their cost, and as the red sails might have forewarned them, the three ships were no peaceful merchantmen... *Moving to InDesign* David Blatner 2005 Fast, fun volume shows page design pros how to transfer their skills to the new king of desktop publishing: Adobe InDesign CS! **Adobe Illustrator CS3** Adobe Systems 2007 The project-based lessons in this text show readers how to use Adobe Illustrator CS3 in real-life, everyday tasks.
