Living with her three meddling aunts is bad enough, but it just so happens that the B&B is also occupied by a U.S. Marshal, an FBI agent, her old friend Zeke who's on a mysterious mission, and a woman who claims she can see dead people. These aren't the kinds of roomies Maggie wants to spend time with, considering that in order to pay for her niece's medical care she supplements her income by killing people. Maggie avoids arrest and deals with a crazier-than-usual home life while trying to track down exactly who is blowing up the holdings of various crime families. To make matters worse, she's walking a precarious tightrope between keeping her mobster bosses happy and protecting her murder mentor (and almost lover) Patrick Mulligan. Aided by the warped predictions of her semi-psychic friend, her sarcastic, demanding, talking lizard and an always ravenous, dyslexic Doberman, Maggie juggles keeping secrets, unraveling riddles and protecting those she loves. Can she do it all? Or will she suffer yet another unspeakable loss?

For their amazing colors and patterns, low maintenance requirements, longevity, and attractive appearance, crested geckos have captured the fancy of hobbyists. *Crested Geckos* provides guidelines for keepers who wish to select a crested gecko to add to their vivarium and to maintain their pet in excellent health and condition. Author Philippe de Vosjoli provides an introduction to crested gecko, including information about purchasing a healthy pet, handling, heating and housing, water and feeding, life cycle and sexing, and breeding. A separate chapter on diseases and disorders provides solid info on the health needs of these rewarding reptiles, including recognizing signs of disease, tail loss and pelvic deformities. The author has also written two chapters devoted to the color of crested geckos, their most alluring feature for many herpetoculturists. The chapters include discussions of color changes (as the gecko matures) and morphs, heavily illustrated with photographs of unusually colored crested geckos. For crested gecko keepers looking to expand their home populations, a chapter on the *Rhacodactylus* species describes five species with similar requirements despite their significantly different appearances, from the medium-sized knobby-headed gargoyle gecko to the giant *Rhacodactylus leachianus*.

[The Last Cheater's Waltz](#) Ellen Meloy 2000-11-01 In this abundant space and isolation, the energy lords extract their bounty of natural resources, and the curators of mass destruction once mined their egregious weapons and reckless acts. It is a land of absolutes, of passion and indifference, lush textures and inscrutable tensions. Here violence can push beauty to the edge of a razor blade. . . . Thus Ellen Meloy describes a corner of desert hard by the San Juan River in southeastern Utah, a place long forsaken as implausible and impassable, of little use or value—a place that she calls home. Despite twenty years of carefully nurtured intimacy with this red-rock landscape, Meloy finds herself, one sunbaked morning, staring down at a dead lizard floating in her coffee and feeling suddenly unmoored. What follows is a quest that is both physical and spiritual, a search for home.

She made a terrible mistake marrying him and desperately wants a divorce after overhearing him tell someone he kills for them. She tells him she wants a divorce and he threatens to stop her by any means necessary. She has to run to stay alive. A friend discovers her college fiancé, Dan Crosby, is a retired attorney who has written a book and dedicated it to her! He lives in Arizona. He hoped, but never expected, she would find his book. They haven't seen each other in almost forty years. She asks her niece to find him. After he's told about her wanting a divorce he agrees to go to Miami, with his dog Rudy, thinking he's going to help, instead he is caught in a deadly game of murder, cocaine, and the "mob." Tony Goldman is desperate to keep his construction business afloat. He needed money and turned to the "mob" as a last resort for help. They now control his life. He has to transport cocaine to Detroit as part of his "loan," resents what he has to do, and decides to steal some for himself. Now he's running from them. Nancy finds out what he's done and with Dan's help steals his cocaine but they can't go to the police - yet. They have to elude him to stay alive. Tony knows Nancy stole his cocaine. He wants to find and kill her and get the cocaine back before the "mob" finds and kills him. Adding to his problems he learns Detroit "mob" boss, Carmine Rizzo, has come to Miami to make an example of him. Rizzo has to get the cocaine back before his boss kills him. Reputations must be maintained. With the help of a Miami D.A. Dan creates a plan to bring Tony and Rizzo together so they can be stopped before Nancy is killed. So the cocaine can be kept off the streets and out-of-the-hands of the "mob." But plans can sometimes go very wrong. Will Nancy get her divorce or will Tony kill her and get the cocaine back? Will Carmine kill both of them? Will the "mob" win in the end? She wonders, because of Dan's help, if this is a second chance for them or will he leave again?

The Lizard in the Cup Peter Dickinson 2015-02-24 An ex-Scotland Yard superintendent is caught up in an international mystery: "The most original crime novelist to appear for a long, long time." —The Guardian The West Indies island of Hog's Cay is soon to open for tourism, but the money behind the deal comes from the Mafia, which is ready to turn the island into the next Vegas. And the politicians in charge have given Greek tycoon Thanassi Thanatos the contract. That's where James Pibble comes in. The former Scotland Yard superintendent has come to Thanatos's hideaway on the Ionian island of Hyos to protect the Greek tycoon from the Mob, which doesn't like anyone muscling in on its territory. Rumor has it the crooks are eyeing Hyos for their booming drug-smuggling trade. Throw in British intelligence and a clandestine American operation, and you've got an international free-for-all. The mystery deepens when Pibble uncovers a monastery led by Fathers Polydore and Chrysostom, who may be the richest men on the island. And why is an English artist named Nancy living in a primitive hut? The answers may lie in a myth about a lizard called the samimithi, a harbinger of violent death. With superstition and distrust running rampant, Pibble races to stop a conspiracy set in motion by an obsessive love with the power to kill. The Lizard in the Cup is the 5th book in the James Pibble Mysteries, but you may enjoy reading the series in any order.

The Lizard's Bite David Hewson 2008-09-04 The Lizard's Bite is the fourth in the Nic Costa series, David Hewson's detective novels of love and death in Italy. Life was never black and white in Italy . . . Something about the place both disturbed and interested him. Venice reminded him of a bad yet familiar relative, dangerous to know, difficult to let go. As their exile in Venice draws to a close, Roman detectives Nic Costa and Gianni Peroni are ordered to investigate an apparently open-and-shut case, a fire in a glass foundry that has claimed two lives, so all they want is to wrap it up quickly. However, as they dig more deeply into the insular glass-making community on Murano and the strange Arcangeli

family, things don't quite add up. With increasing pressure from above to finish quickly, events spiral quickly out of control - with devastating consequences . . .

The James Pibble Mysteries Volume Two Peter Dickinson 2017-07-11

Detective Pibble returns in three more mysteries in the CWA Gold Dagger-winning series by a "master of the bizarre" (Louis Untermeyer). Fired by Scotland Yard, James Pibble continues to solve the weirdest and most difficult cases, testing his wit while traveling to new and strange locales. *Sleep and His Brother*: When Pibble arrives at McNair House after being discharged by Scotland Yard, he discovers children there with a rare disease called Cathypny, which renders them sleepy, fat, and gifted with telepathic powers. Detective Pibble suspects these children are being used as bait in an exploitative con game—and one may even be the target of an escaped killer obsessed with the supernatural. *The Lizard in the Cup*: Pibble has come to the island of Hyos to protect Greek tycoon Thanassi Thanatos from the mob after he muscled in on their territory. Rumor has it the crooks are eyeing Hyos for its booming drug-smuggling industry. The mystery deepens when Detective Pibble uncovers a monastery led by Fathers Polydore and Chrysostom, who may be the richest men on the island. But a myth about a lizard called the samimithi could hold the key . . . *One Foot in the Grave*: At Flycatchers, a well-to-do nursing home, Detective Pibble is mired in a listless existence—until he discovers a dead body on top of the water tower, one of several suspicious deaths. The subsequent arrival of a woman in black sets off a sinister chain of events, and before he knows it, Pibble is on the case.

Daisy and Dee Danuta Mullen 2018-10-19 Imagine if you were to experience a curious real-life encounter that otherwise could only occur in the pages of a fantasy book. An exotic gecko lizard gets discarded in the middle of a residential area of Stroud, Ontario. Trying to beat all the impossible odds to stay alive, she finds refuge in the garage of one of the houses on the street. To self-preserve, she eludes the residents with her presence for several months. She finally gives in and comes out in plain view to get rescued on a sunny afternoon at Thanksgiving, just one day before the first frost of the year would cover the ground. From that moment on, the destiny of the brave little lizard takes a very different turn. She would soon discover that the simple kindness of a human heart does, after all, exist.

Lizard Music Daniel Pinkwater 2017-08-15 With Victor's parents out of town, he is free to investigate the mysterious lizard musicians who have recently appeared on TV in this delightful story that captures "the great fun of being weird" (Cory Doctorow) "A delight in oddness. A magic that's not like anyone else's." —Neil Gaiman *Things Victor loves*: pizza with anchovies, grape soda, B movies aired at midnight, the evening news. And with his parents off at a resort and his older sister shirking her babysitting duties, Victor has plenty of time to indulge himself and to try a few things he's been curious about. Exploring the nearby city of Hogboro, he runs into a curious character known as the Chicken Man (a reference to his companion, an intelligent hen named Claudia who lives under his hat). The Chicken Man speaks brilliant nonsense, but he seems to be hip to the lizard musicians (real lizards, not men in lizard suits) who've begun appearing on Victor's television after the broadcast of the late-late movie. Are the lizards from outer space? From "other space"? Together Victor and the Chicken Man, guided by the able Claudia, journey to the lizards' floating island, a strange and fantastic place that operates with an inspired logic of its own.

The Lizard Cage Karen Connelly 2011-09-21 Beautifully written and taking us into an exotic land, Karen Connelly's debut novel *The Lizard Cage* is a celebration of the resilience of the human spirit. Teza once electrified the people of Burma with his protest songs against the dictatorship. Arrested by the Burmese secret police in the days of mass protest, he is seven years into a twenty-year sentence in solitary

confinement. Cut off from his family and contact with other prisoners, he applies his acute intelligence, Buddhist patience, and humor to find meaning in the interminable days, and searches for news in every being and object that is grudgingly allowed into his cell. Despite his isolation, Teza has a profound influence on the people around him. His very existence challenges the brutal authority of the jailers, and his steadfast spirit inspires radical change. Even when Teza's criminal server tries to compromise the singer for his own gain, Teza befriends him and risks falling into the trap of forbidden conversation, food, and the most dangerous contraband of all: paper and pen. Yet, it is through Teza's relationship with Little Brother, a twelve-year-old orphan who's grown up inside the walls, that we ultimately come to understand the importance of hope and human connection in the midst of injustice and violence. Teza and the boy are prisoners of different orders: only one of them dreams of escape and only one of them will achieve it—their extraordinary friendship frees both of them in utterly surprising ways.

Sparta Stephen Hodkinson 2008-12-31 This is the 7th volume from the *International Sparta Seminar*, in the series begun in 1989 by Anton Powell with Stephen Hodkinson. The volume is both thematic and eclectic. Ephraim David and Yoann Le Tallec treat respectively the politics of nudity at Sparta and the role of athletes in forming the Spartan state. Nicolas Richer examines the significance of animals depicted in Lakonian art; Andrew Scott asks what Lakonian figured pottery reveals of local consumerism. Nino Luraghi and Paul Christesen deal respectively with the way in which Sparta was viewed by Messenians and by Ephorus. Jean Ducat treats 'the ghost of the Lakedaimonian state', a major study of formal relations between Spartiate and perioikic communities. Thomas Figueira considers how Spartan women policed masculine behaviour. Anton Powell traces the development of Spartan reactions to political divination in the classical period.

Crap Kitchen Geoff Tibballs 2015-11-19 The worst cookbook ever, packed with truly bizarre and utterly disgusting recipes from all over the world Ever since humankind produced its first foodie, the culinary world has dished up some staggering confections which could best be described as 'acquired tastes': dishes such as Virgin Boy Eggs (eggs soaked in the urine of prepubescent boys); live octopus, which clutches at the diner's tongue and throat as it is swallowed; and Beard Beer, made from the yeast found in facial hair. In northern Greenland, the Inuit are fond of cramming as many as 500 dead auks (small sea birds) into an old seal skin which they place under a large rock until the birds have fermented into what has rightly been described as a 'sticky, pungent, toxic, cheesy gloop'. Kiviak, as it is called, is eaten by biting off the birds' heads and sucking out the juices. The mighty Roman Empire was built on such delicacies as larks' tongues, stuffed thrush, boiled flamingo and grilled cow's womb, while the Tudors loved nothing more than a roast cockenthrice: the head and upper body of a pig carefully stitched onto the lower body and legs of a turkey. Today, for those with an adventurous mindset and a robust life insurance policy, there is no shortage of nauseating local delicacies to enjoy. In China, not only is tuna eyeball on the menu, but also yak penis (served whole). In Vietnam, one can enjoy the still-beating heart of a freshly-killed snake; in Iceland, raw puffin heart. In the Philippines, there is duck embryo to be had - like a

Kinder Surprise . . . only containing a dead foetus instead of a toy. In Sardinia, they like nothing more than a nice bit of maggot-infested cheese; and the favourite tippie of Korean foodies is Ttongsul, a wine made from the fermented faeces of a child. Bon appetit!
