Men of Men Wilbur Smith 2018-01-01 The second book in the epic Ballantyne series Zouga was left alone, as alone in spirit as he had ever been in any of his wanderings across the vast African continent. He had spent almost the last penny he owned on these few square feet of yellow earth at the bottom of this hot and dusty pit. He had no men to help him

work it, no experience, no capital.' A tribal battle. An Empire's war.

Zouga Ballantyne has in his blood a fanatic's need to find diamonds, one that will take him to Southern Africa's most punishing places. Losing his wife to one of the many sicknesses that haunt the diamond mine camp, Zouga and his sons must find another way through the country, helping to build the British Empire, and developing their own form of civilisation in the face of tribal opposition. But the Ballantyne family success comes at a price -the sacrifice of the local Matabele tribe, who have tried to live alongside the colonists, but are slowly losing everything. In the face of exploitation, violence and greed, who will triumph in the land of ruthless men?

When Angels Weep Catherine Lampshire 2020-08-04 Can love last when one's dreams are dashed? Family, farm, and food have always been PRECIOUS (PRE) BLEU ANGEL's passions. The eldest of five girls, all given unique angel names, Pre has always been the one to protect the others from bullies. The foremost has always been Simon Konig. Pre's sanctuary has always been their ancestral farm where she was born and raised and continues to live. As a chef and owner of Angel Fare, Pre prides herself on serving up delicious farm-to-table dishes. She's living her dream. Pre can't imagine herself anywhere else but living in the historical family home outside Albany, New York, working the farm, and

servicing up food for customers. Not all share her dream. Simon Konig's dream is to reclaim land once lost by his ancestor. As a land developer, he'll make Angel farm sprout modern homes not organic greens. He's already purchased half from Pre's father. He is willing to do anything to get what he wants by any method fair or foul. After all, it's only business. As for Pre, he loves her almost as much as he hates and envies her. He's loved her since they were kids. Gaining the land and Pre's heart are challenges Simon is willing to accept. Mindless of the warnings from Pre, Simon can have only one, never both. An ancient curse, pride, and the chance to have it all will have Simon taking risks. Once the dream is lost, what is left for a weeping Angel? Paradise.

The Angels Weep Wilbur Smith 2006-11-28 In *The Angels Weep* by Wilbur Smith, on a continent of breathtaking beauty and bitter suffering, two vastly different cultures clashed, mingled, and recoiled. Here, amidst mist-shrouded mountains and gold-studded plateaus, ancient tribesmen lived close to the earth, as white men dug fortunes out from beneath them and laid plans for a new civilization. Out of Southern Africa the enigmatic Cecil Rhodes built an empire in the late 1800s and attracted the brightest and bravest of a generation--including a remarkable far-flung family named Ballantyne. But for the natives, another day was dawning: a day of retribution... From a courageous woman doctor to a fierce, one-eyed slave trader turned soldier, the whites of Africa were buffeted by two horrific waves of war. And just when a bloody peace seemed possible, the seeds of future turmoil were sown ...

"Let Us Vote!" Jennifer Frost 2023-11-07 The fascinating tale of how a bipartisan coalition worked successfully to lower the voting age "Let Us Vote!" tells the story of the multifaceted endeavor to achieve youth voting rights in the United States. Over a thirty-year period starting during World War II, Americans, old and young, Democrat and

Republican, in politics and culture, built a movement for the 26th Amendment to the US Constitution, which lowered the voting age from twenty-one to eighteen in 1971. This was the last time that the United States significantly expanded voting rights. Jennifer Frost deftly illustrates how the political and social movements of the time brought together bipartisan groups to work tirelessly in pursuit of a lower voting age. In turn, she illuminates the process of achieving political change, with the convergence of “top-down” initiatives and “bottom-up” mobilization, coalition-building, and strategic flexibility. As she traces the progress toward achieving youth suffrage throughout the '60s, Frost reveals how this movement built upon the social justice initiatives of the decade and was deeply indebted to the fight for African American civil and voting rights. 2021 marks the fiftieth anniversary of this important constitutional amendment and comes at a time when scrutiny of both voting age and voting rights has been renewed. As the national conversation around climate crisis, gun violence, and police brutality creates a new call for a lower voting age, “Let Us Vote!” provides an essential investigation of how this massive political change occurred, and how it could be brought about again.

The Bible in Shakspeare William Burgess 1903

Angels weep at the sight of human sorrow Helena Petrovna Blavatsky 2017-10-28 Tears for self are an overflow of the superfluous possessions of self. Smiles of benevolence, joy, sadness, bitterness. We weep in gladness and weep in pain. Those chained to previous actions rejoice and weep from life to life. When frightened by the tears of pain, they seek asylum from the world and themselves in the living god within. Their tears move others and propel them to action. Like the swan song that moves man and beast. Tears are the moisture of sentient life. Before thy eyes can see they must be incapable of tears. The tears watering the parched soil of pain and sorrow, bring forth the fruits of Karmic

retribution. When thy mind rises above the illusion of separateness and remains calm and unruffled at all times, then the eyes become incapable of tears for self but tearful for the woes of others. Only Compassion's pure waters can sweeten the ocean's bitter waves. Angels weep at the sight of human sorrow. Their tears impart their virtues to precious stones and metals and, by Divine Compassion, They irrigate the fields of charity immortal. Only Compassion's pure waters can sweeten the Ocean's bitter waves and lift the veil of darkness from the material world.

A Social History of Modern Art, Volume 2 Albert Boime 1993-05-15 In this second volume, Albert Boime continues his work on the social

history of Western art in the Modern epoch. This volume offers a major critique and revisionist interpretation of Western European culture, history, and society from Napoleon's seizure of power to 1815. Boime argues that Napoleon manipulated the production of images, as well as information generally, in order to maintain his political hegemony. He examines the works of French painters such as Jacques-Louis David and Jean Auguste Dominique Ingres, to illustrate how the art of the time helped to further the emperor's propagandistic goals. He also explores the work of contemporaneous English genre painters, Spain's Francisco de Goya, the German Romantics Philipp Otto Runge and Caspar David Friedrich, and the emergence of a national Italian art. Heavily illustrated, this volume is an invaluable social history of modern art during the Napoleonic era. Stimulating and informative, this volume will become a valuable resource for faculty and undergraduates.—R. W. Liscombe, Choice
