Odd One Out Nic Stone 2018-10-18 From the #1 New York Times bestselling author of *Dear Martin* comes a story of finding your place in the world. When it comes to love, attraction and relationships, nothing is simple. The perfect next read for fans of Adam Silvera, Alice Oseman and Becky Albertalli! 'A radiant masterpiece' Adam Silvera, bestselling author of *They Both Die At The End* ?----- Courtney 'Coop' Cooper: Dumped. Again. And normally I wouldn't mind. But right now, my best friend and source of solace, Jupiter Sanchez, is ignoring me to text some girl. Rae Evelyn Chin: I assumed 'new girl' would be synonymous with 'pariah', but Jupiter and Courtney make me feel like I'm right where I belong. I also want to kiss him. And her. Which is... perplexing. Jupiter Charity-Sanchez: The only thing worse than losing the girl you love to a boy is losing her to your boy. That means losing him too. I have to make a move... One story. Three sides. No easy answers. --- ----- Praise for Nic Stone: 'Absolutely incredible, honest, gut-wrenching! A must-read!' Angie Thomas, bestselling author of *The Hate U Give* 'Powerful, wrenching and compulsively readable' John Green, bestselling author of *The Fault in Our Stars* 'Earnest, funny, achingly human, and unshakably hopeful' Becky Albertalli, author of *Simon vs. the Homo Sapiens Agenda* 'Painfully timely and deeply moving, this is the novel the next generation should be reading' Jodi Picoult 'Raw and gripping' Jason Reynolds, bestselling author of *The Long Way Down* 'Radiant Masterpiece' Adam Silvera, bestselling author of *They Both Die At the End* Return to the world of *Dear Martin* in Nic Stone's NEW novel, *Dear Justyce*, publishing October 2020 and available for pre-order now! Also by Nic Stone *Dear Martin* Jackpot *Dear Justyce* - publishing October 2020

Killing Crazy Horse Bill O'Reilly 2020-09-08 The latest installment of the multimillion-selling *Killing* series is a gripping journey through the American West and the historic clashes between Native Americans and settlers. The bloody Battle of Tippecanoe was only the beginning. It's 1811 and President James Madison has ordered the destruction of Shawnee warrior chief Tecumseh's alliance of tribes in the Great Lakes region. But while General William Henry Harrison would win this fight, the armed conflict between Native Americans and the newly formed United States would rage on for decades. Bestselling authors Bill O'Reilly and Martin Dugard venture through the fraught history of our country's founding on already occupied lands, from General Andrew Jackson's brutal battles with the Creek Nation to President James Monroe's epic "sea to shining sea" policy, to President Martin Van Buren's cruel enforcement of a "treaty" that forced the Cherokee Nation out of their homelands along what would be called the Trail of Tears. O'Reilly and Dugard take readers behind the legends to reveal never-before-told historical moments in the fascinating creation story of America. This fast-paced, wild ride through the American frontier will shock readers and impart unexpected lessons that reverberate to this day.

Atomic Spy Nancy Thorndike Greenspan 2020-05-12 "Nancy Greenspan dives into the mysteries of the Klaus Fuchs espionage case and emerges with a classic Cold War biography of intrigue and torn loyalties. *Atomic Spy* is a mesmerizing morality tale, told with fresh sources and empathy."

--Kai Bird, author of *The Good Spy* and coauthor of *American Prometheus: The Triumph and Tragedy of J. Robert Oppenheimer* "Enthralling and riveting."--The New York Times Book Review The gripping biography of a notorious Cold War villain--the German-born British scientist who handed the Soviets top-secret American plans for the plutonium bomb--showing a man torn between conventional loyalties and a sense of obligation to a greater good. German by birth, British by naturalization, Communist by conviction, Klaus Fuchs was a fearless Nazi resister, a brilliant scientist, and an infamous spy. He was convicted of espionage by Britain in 1950 for handing over the designs of the plutonium bomb to the Russians, and has gone down in history as one of the most dangerous agents in American and British history. He put an end to America's nuclear hegemony and single-handedly heated up the Cold War. But, was Klaus Fuchs really evil? Using archives long hidden in Germany as well as intimate family correspondence, Nancy Thorndike Greenspan brings into sharp focus the moral and political ambiguity of the times in which Fuchs lived and the ideals with which he struggled. As a university student in Germany, he stood up to Nazi terror without flinching, and joined the Communists largely because they were the only ones resisting the Nazis. After escaping to Britain in 1933, he was arrested as a German émigré--an "enemy alien"--in 1940 and sent to an internment camp in Canada. His mentor at university, renowned physicist Max Born, worked to facilitate his release. After years of struggle and ideological conflict, when Fuchs joined the atomic bomb project, his loyalties were firmly split. He started handing over top secret research to the Soviets in 1941, and continued for years from deep within the Manhattan Project at Los Alamos. Greenspan's insights into his motivations make us realize how he was driven not just by his Communist convictions but seemingly by a dedication to peace, seeking to level the playing field of the world powers. With thrilling detail from never-before-seen sources, *Atomic Spy* travels across the Germany of an ascendant Nazi party; the British university classroom of Max Born; a British internment camp in Canada; the secret laboratories of Los Alamos; and Eastern Germany at the height of the Cold War. *Atomic Spy* shows the real Klaus Fuchs--who he was, what he did, why he did it, and how he was caught. His extraordinary life is a cautionary tale about the ambiguity of morality and loyalty, as pertinent today as in the 1940s.

Foundations of Animal Behavior Animal Behavior Society 1996-08 Beginning with Darwin's work in the 1870s, *Foundations of Animal Behavior* selects the most important works from the discipline's first hundred years--forty-four classic papers--and presents them in facsimile, tracing the development of the field. These papers are classics because they either founded a line of investigation, established a basic method, or provided a new approach to an important research question. The papers are divided into six sections, each introduced by prominent researchers. Sections one and two cover the origins and history of the field and the emergence of basic methods and approaches. They provide a background for sections three through six, which focus on development and learning; neural and hormonal mechanisms of behavior; sensory processes, orientation, and communication; and the evolution of behavior. This outstanding collection will serve as the basis for undergraduate and graduate seminars and as a reference for researchers in animal behavior, whether they focus on ethology, behavioral ecology, comparative psychology, or anthropology. Published in association with the Animal Behavior Society

Presidents of War Michael Beschloss 2018-10-09 NEW YORK TIMES BESTSELLER • From a preeminent presidential historian comes a “superb and important” (The New York Times Book Review) saga of America’s wartime chief executives “Fascinating and heartbreaking . . . timely . . . Beschloss’s broad scope lets you draw important crosscutting lessons about presidential leadership.”—Bill Gates Widely acclaimed and ten years in the making, Michael Beschloss’s *Presidents of War* is an intimate and irresistibly readable chronicle of the Chief Executives who took the United States into conflict and mobilized it for victory. From the War of 1812 to Vietnam, we see these leaders considering the difficult decision to send hundreds of thousands of Americans to their deaths; struggling with Congress, the courts, the press, and antiwar protesters; seeking comfort from their spouses and friends; and dropping to their knees in prayer. Through Beschloss’s interviews with surviving participants and findings in original letters and once-classified national security documents, we come to understand how these Presidents were able to withstand the pressures of war—or were broken by them. *Presidents of War* combines this sense of immediacy with the overarching context of two centuries of American history, traveling from the time of our Founders, who tried to constrain presidential power, to our modern day, when a single leader has the potential to launch nuclear weapons that can destroy much of the human race. Praise for *Presidents of War* “A marvelous narrative. . . . As Beschloss explains, the greatest wartime presidents successfully leaven military action with moral concerns. . . . Beschloss’s writing is clean and concise, and he admirably draws upon new documents. Some of the more titillating tidbits in the book are in the footnotes. . . . There are fascinating nuggets on virtually every page of *Presidents of War*. It is a superb and important book, superbly rendered.”—Jay Winik, The New York Times Book Review “Sparkle and bite. . . . Valuable and engrossing study of how our chief executives have discharged the most significant of all their duties. . . . Excellent. . . . A fluent narrative that covers two centuries of national conflict.” —Richard Snow, The Wall Street Journal

A Prince on Paper Alyssa Cole 2019-04-30 Named one of Amazon's Best Romances of May! The Reluctant Royals series returns with a good girl searching for the life that’s not too big, and not too small, and the bad boy prince who might be just right for her... Nya Jerami fled Thesolo for the glitz and glamour of NYC but discovered that her Prince Charming only exists in her virtual dating games. When Nya returns home for a royal wedding, she accidentally finds herself up close and personal—in bed—with the real-life celebrity prince who she loves to hate. For Johan von Braustein, the red-headed step-prince of Liechtenbourg, acting as paparazzi bait is a ruse that protects his brother—the heir to the throne—and his own heart. When a royal referendum threatens his brother’s future, a fake engagement is the perfect way to keep the cameras on him. Nya and Johan both have good reasons to avoid love, but as desires are laid bare behind palace doors, they must decide if their fake romance will lead to a happily-ever-after.

The Outsiders William Thorndike 2012 It's time to redefine the CEO success story. Meet eight iconoclastic leaders who helmed firms where returns on average outperformed the S&P 500 by more than 20 times.

The Road to Character David Brooks 2015-04-14 #1 NEW YORK TIMES BESTSELLER • David Brooks challenges us to rebalance the scales between the focus on external success—“résumé virtues”—and our core principles. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE ECONOMIST With the wisdom, humor, curiosity, and sharp insights that have brought millions of readers to his New York Times column and his previous bestsellers, David Brooks has consistently illuminated our daily lives in surprising and original ways. In *The Social Animal*, he explored the neuroscience of human connection and how we can flourish together. Now, in *The Road to Character*, he focuses on the deeper values that should inform our lives. Looking to some of the world’s greatest thinkers and inspiring leaders, Brooks explores how, through internal struggle and a sense of their own limitations, they have built a strong inner character. Labor activist Frances Perkins understood the need to suppress parts of herself so that she could be an instrument in a larger cause. Dwight Eisenhower organized his life not around impulsive self-expression but considered self-restraint. Dorothy Day, a devout Catholic convert and champion of the poor, learned as a young woman

the vocabulary of simplicity and surrender. Civil rights pioneers A. Philip Randolph and Bayard Rustin learned reticence and the logic of self-discipline, the need to distrust oneself even while waging a noble crusade. Blending psychology, politics, spirituality, and confessionals, *The Road to Character* provides an opportunity for us to rethink our priorities, and strive to build rich inner lives marked by humility and moral depth. “Joy,” David Brooks writes, “is a byproduct experienced by people who are aiming for something else. But it comes.” Praise for *The Road to Character* “A hyper-readable, lucid, often richly detailed human story.”—The New York Times Book Review “This profound and eloquent book is written with moral urgency and philosophical elegance.”—Andrew Solomon, author of *Far from the Tree* and *The Noonday Demon* “A powerful, haunting book that works its way beneath your skin.”—The Guardian “Original and eye-opening . . . Brooks is a normative version of Malcolm Gladwell, culling from a wide array of scientists and thinkers to weave an idea bigger than the sum of its parts.”—USA Today

A Special Mission Dan Kurzman 2008-05-27 In September, 1943, Adolf Hitler, furious at the ouster of Mussolini, sent German troops into Rome with plans to deport Rome's Jews to Auschwitz. Hitler also ordered SS General Karl Wolff, who had been Heinrich Himmler's chief aide, to occupy the Vatican and kidnap Pope Pius XII. But Wolff began playing a dangerous game: stalling Hitler's kidnap plot, while blackmailing the pope into silence as the Jews were rounded up. This tale of intrigue and betrayal is one of the most important untold stories of World War II, and *A Special Mission* is the only book to give the full incredible account of Hitler's kidnap plot and its far-reaching consequences.

Applied Neuroscience for the Allied Health Professions E-Book Douglas McBean 2012-08-11 This brand new resource provides a solid, comprehensive and accessible foundation in neurosciences for undergraduates and pre-registration postgraduate students. Using a multidisciplinary approach, it will guide students in their understanding of the most commonly found problems in neurological rehabilitation and inform their clinical practice. The book starts with the foundation of basic neurosciences, covering the normal function and structure of the nervous system from the organism as a whole through to the molecular level. It also introduces perceptuo-motor control and learning - topics that lie at the heart of rehabilitation. The book then goes on to discuss problems that allied health professionals commonly encounter in neurological rehabilitation. Topics covered include problems with perception and movement, planning, attention and memory, communication, motivation and emotion, sleep, continence and sexuality. The book also introduces key theories and evidence underpinning both behavioural and pharmacotherapeutic interventions used in neurological rehabilitation. The book closes by summarising current principles underpinning best practice and also looks to the future by identifying gaps in evidence-based practice with ideas for future research and what the future may hold for neurological rehabilitation. Throughout, a variety of supplementary information boxes point towards additional material such as Case Studies which highlight the clinical relevance of topics discussed; and a variety of Research Boxes which refer to more advanced material and/or original research studies. Each chapter ends with self-assessment questions which will check progress and prompt students to reflect on how the information presented in the chapter could be applied to clinical practice. Written by a multidisciplinary team, highly experienced in teaching, research and clinical practice Lays the foundation of basic neurosciences for allied health students Accessible and comprehensive text Introduces students to key theories and evidence underpinning neurological rehabilitation Focuses on clinically relevant information End of chapter self-assessment questions of different levels of complexity

The Hellfire Club Jake Tapper 2018-04-24 A young Congressman stumbles on the powerful political underworld of 1950's D.C. in this "potent thriller" (David Baldacci) and New York Times bestseller from CNN correspondent Jake Tapper. Charlie Marder is an unlikely Congressman. Thrust into office by his family ties after his predecessor died mysteriously, Charlie is struggling to navigate the dangerous waters of 1950s Washington, DC, alongside his young wife Margaret, a zoologist with ambitions of her own. Amid the swirl of glamorous and powerful political leaders and deal makers, a mysterious fatal car accident thrusts Charlie and Margaret into an underworld of backroom deals, secret societies, and a plot that could change the course of history. When Charlie discovers a conspiracy that reaches the highest levels of governance, he has to fight not only for his principles and his newfound political career...but for his life.

Countdown 1945 Chris Wallace 2021-05-11 A "behind-the-scenes account of the 116 days leading up to the Americans attack on Hiroshima"--Dust jacket flap.

Journal of Health, Physical Education, Recreation 1957

Constructing the Subject Kurt Danziger 1994-01-28 Constructing the Subject traces the history of psychological research methodology from the nineteenth century to the emergence of currently favored styles of research in the second quarter of the twentieth century. Kurt Danziger considers methodology to be a kind of social practice rather than simply a matter of technique. Therefore his historical analysis is primarily concerned with such topics as the development of the social structure of the research relationship between experimenters and their subjects, as well as the role of the methodology in the relationship of investigators to each other in a wider social context. The book begins with a historical discussion of introspection as a research practice and proceeds to an analysis of diverging styles of psychological investigation. There is an extensive exploration of the role of quantification and statistics in the historical development of psychological research. The influence of the social context on research practice is illustrated by a comparison of American and German developments, especially in the field of personality research. In this analysis, psychology is treated less as a body of facts or theories than a particular set of social activities intended to produce something that counts as psychological knowledge under certain historical conditions. This perspective means that the historical analysis has important consequences for a critical understanding of psychological methodology in general.

The Allies Thorndike Large Print General Series ebook download or read online. In today digital age, eBooks have become a staple for both leisure and learning. The convenience of accessing The Allies Thorndike Large Print General Series and various genres has transformed the way we consume literature. Whether you are a voracious reader or a knowledge seeker, read The Allies Thorndike Large Print General Series or finding the best eBook that aligns with your interests and needs is crucial. This article delves into the art of finding the perfect eBook and explores the platforms and strategies to ensure an enriching reading experience.
