Business, Ethics and Society John G. Cullen 2021-10-06 With an emphasis on psychoanalytic theory, *Business, Ethics and Society: Key Concepts, Current Debates and Contemporary Innovations* provides a clear, concise introduction to the field of business ethics, while addressing contemporary issues and debates around the impacts of artificial intelligence, social media, the gig economy and populist politics on business and society. The book features mini-case studies from a variety of contexts and companies, including Gillette, Nike, Dove, British Airways and Microsoft, as well as thought-provoking questions throughout. Also included are: - Learning objectives - Chapter summaries - Recommended reading
Business, Ethics and Society: Key Concepts, Current Debates and Contemporary Innovations serves as an ideal introductory text for students of undergraduate business ethics-related courses. Lecturers can access a range of online resources for use in their teaching, including an instructor's manual, PowerPoint slides and SAGE Business Cases.

SAGE Brief Guide to Corporate Social Responsibility SAGE Publications 2012 Designed to serve as a supplemental text for courses in business ethics, corporate social responsibility, corporate strategy, and organizational behaviour, this text is also an indispensable companion text for business students to use throughout their full programme of study. It provides objective coverage of key issues in corporate social responsibility, the obligation of companies to various stakeholder groups, the contribution of business to society and culture, and the relationship between organizations and the quality of the environment. Key features of the text include the following: A Reader's Guide that explains how to use the volume Keyword entries featuring comprehensive essays on such crucial topics as strategic corporate social responsibility, strategic philanthropy, corporate social performance, and social audits. A listing of references and suggested readings for each entry, so that readers can find more information on topics of particular interest.

Encyclopedia of Business Ethics and Society Robert W. Kolb 2008 This encyclopedia spans the relationships among business, ethics and society, with an emphasis on business ethics and the role of business in society.

Business Ethics: Case Studies and Selected Readings Marianne M. Jennings 2014-01-31 Packed with real-life examples of business decisions gone awry, the 8th Edition of *BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS* explores the complex issues of business ethics from the leaders' perspectives. This best-selling text offers a rare collection of readings which examines the business decision-making processes of many types of leaders, while revealing some of the common factors that push them over ethical lines they might not otherwise cross. A combination of short and long cases, readings, hypothetical situations, and current ethical dilemmas, *BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS* provides a stimulating and thorough basis for evaluating business ethics, and encourages stronger values in future business leaders. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ethics at Work William H. Shaw 2003 Table of contents

Business Ethics W. Michael Hoffman 2014-02-10 The fifth edition of *Business Ethics* addresses current, intriguing, often complex issues in corporate morality through 53 readings and 30 pertinent case studies. Now significantly updated, it includes new leading articles, related current cases, and mini-cases based on

MBA student dilemmas. Addresses a broad range of the most current, intriguing, often complex issues and cases in corporate morality Provides impartial, point-counterpoint presentations of different perspectives on the most important and highly contended issues of business ethics Updated and significant case studies are included to reinforce student learning Now contains mini-cases based on actual MBA student dilemmas Each author has substantial experience in teaching, writing, and conducting research in the field

Readings in Business Ethics and Social Responsibility William A. Wines 1994

Business Ethics Lou E. Pelton 2004-07 This collection of timely, provocative articles provides students with a framework for understanding the importance of business ethics and corporate responsibility. Each reading addresses aspects of leadership, compliance, and/or decision making in organizational settings. Students will be challenged to consider the potential conflicts between, and impacts on, the stakeholder value systems present within organizations. Originally created to accompany *Business Ethics*, by Ferrell/Fraedrich/Ferrell, this supplemental text supports any course in which instructors are looking to enhance coverage of business ethics/corporate responsibility.

Ethical Issues in Business - Second Edition Peg Tittle 2016-12-15 Peg Tittle's ambitious business ethics text brings together readings, cases, and the author's own informed opinions. The second edition includes over a dozen new readings and case studies, as well as a new chapter on issues in Information and Communication Technology. Includes - Canonical and topical readings on issues ranging from whistleblowing and advertising to international business, the nature of capitalism, and the environment - Engaging overviews from the author encourage careful reflection and critical examination of conventional assumptions - What to Do? scenarios and Case Studies illustrate the practical relevance of each topic - Comprehensive introductions to ethical theory and the ethics of business - Questions following each selection test understanding and promote active reading - A primer on ethical institutions examines the role of ethics consultants, codes of ethics, and more

Business Ethics and Corporate Social Responsibility Khanka S.S. 2014 Profit maximization motive of business has led to competition and corruption erasing the distinction between ethical and unethical business practices. The result is rampant unethical practices in business causing harm both to business and society.

Business Ethics W. Michael Hoffman 2001-02-01 This introductory business ethics text contains a thorough general introduction on ethical theory, 54 readings, and 25 cases. Divided into five parts, each with an introduction that presents the major themes of its articles and cases, the text contains an impartial, point-counterpoint presentation of different perspectives on the most important issues being debated in business ethics. Each chapter ends with questions that can be used for student discussion, review, tests/quizzes, or for student assignments. The fourth edition has 27 new readings, 15 new cases, and 10 new mini-cases.

Business Ethics Archie B. Carroll 2013-12-19 These readings grew out of the author's monthly column on business ethics in the business section of the Athens Banner-Herald newspaper. Written in an open and engaging style, the book features topics that are timely, each followed by several thought provoking discussion questions. The book includes readings on the current financial crisis in order to challenge today's students to confront the economic reality in which they will have to live. An excellent addition to any Business Ethics course.

Stakeholder Theory Abe J. Zakheim 2008 This valuable collection of essential articles from the most prominent authors in the field serves as the standard reference source for research into stakeholder theory—the dominant framework for analyzing ethical issues within the field of business ethics.

Rethinking Business Responsibility in a Global Context Bodo B. Schlegelmilch 2020-02-19 This book examines topical issues in global corporate social responsibility (CSR) from both scholarly and practical perspectives. It offers a variety of viewpoints and cases from countries around the globe and combines them with current academic knowledge. Intended for students, academics, and managers wishing to keep abreast of the challenges and opportunities for corporations operating in our ever-more-complex globalized world, this book provides fresh insights into responsible business conduct.

Business Ethics William H. Shaw 1995 A comprehensive analysis of philosophical issues in business ethics also contains readings and case. This theoretically sound introduction to business ethics provides readers with the background and case studies needed to appreciate and resolve many morally complicated business issues.

For Business Ethics Campbell Jones 2005-08-03 *For Business Ethics* is a daring adventure into the world of business ethics. It offers a clear and accessible introduction to business ethics and also expands business ethics beyond its current narrow confines. It is ground-breaking in the sense that it invites a distinctively critical approach to business ethics, an approach that the authors argue is part and parcel of ethics. With a thought-provoking glossary and recommendations for further readings, *For Business Ethics* is an essential purchase for students and practitioners alike. It is at once an introduction to business ethics and a challenge to anyone who wishes to take part in or change contemporary organized society.

Encyclopedia of Business Ethics and Society Robert W. Kolb 2007-08-21 2008 Best Reference, Library Journal As a field of study, business ethics aims to specify the principles under which businesses must operate to behave ethically. Thus business ethics focuses on such issues as those that have recently attracted so much public scrutiny: executive compensation, honesty in accounting, transparency, treatment of stakeholders, and respect for the environment. These are, in fact, perennial questions that accompany the long history of human economic activity and that will also be present through an indeterminate future. The five volumes of this ultimate resource recognize the inherent unity between business ethics and business and society, that stems from their shared primary concern with value in commerce. This Encyclopedia spans the relationships among business, ethics, and society by including more than 800 entries that feature broad coverage of corporate social responsibility, the obligation of companies to various stakeholder groups, the contribution of business to society and culture, and the relationship between organizations and the quality of the environment. Key Features Embraces commerce in all of its ethical and social dimensions Offers comprehensive and fairly lengthy essays on such crucial topics as justice, freedom, stakeholder theory, and regulation Provides very brief essays that introduce important personages in the field, while other similarly brief entries explain the nature and function of various organizations Includes contributions from respected authorities in the fields of management, psychology, sociology, communication, political science, philosophy, and other related fields Cross-references to other entries in the Encyclopedia and includes a list of references and suggested readings for each article Key Themes Accounting Applied Ethics Corporate Management and the Environment Corporate Powers, Organization and Governance Corporations in the Social Sphere Customers and Consumers Economics and Business Employee Issues Environmental Thought, Theory, Regulation, and Legislation Ethical Thought and Theory Finance Gender, Age, Ethnicity, Diversity, and Sexual Preference Information Systems International Social and Ethical Issues Justice Legislation and Regulation Management Marketing Organizations Political Theory, Thought, and Policy Problematic Practices Rights The Encyclopedia of Business Ethics and Society is the premier reference tool for students, scholars, practitioners, and others interested in gaining knowledge of the role business plays with regard to the environment in which it exists—making it a must-have resource for all academic libraries.

The Corporate Social Responsibility Reader Jon Burchell 2020-10-28 In the age of global capitalism, shareholders, and profits are not the only concerns of modern business corporations. Debates surrounding economic and environmental sustainability, and increasing intense media scrutiny, mean that businesses have to show ethical responsibility to stakeholders beyond the boardroom. A commitment to corporate

social responsibility may help the wider community. It could also protect an organization's brand and reputation. Including key articles and original perspectives from academics, NGOs and companies themselves, *The Corporate Social Responsibility Reader* is a welcome and insightful introduction to the important issues and themes of this growing field of study. This book addresses: the changing relationships between business, state and civil society the challenges to business practice what businesses should be responsible for, and why issues of engagement, transparency and honesty the boundaries of CSR – can businesses ever be responsible? While case studies examine major international corporations like Coca Cola and Starbucks, broader articles discuss thematic trends and issues within the field. This comprehensive but eclectic collection provides a wonderful overview of CSR and its place within the contemporary social and economic landscape. It is essential reading for anyone studying business and management, and its ethical dimensions.

Social Responsibilities of the Businessman Howard R. Bowen 2013-12-01 Corporate social responsibility (CSR) expresses a fundamental morality in the way a company behaves toward society. It follows ethical behavior toward stakeholders and recognizes the spirit of the legal and regulatory environment. The idea of CSR gained momentum in the late 1950s and 1960s with the expansion of large conglomerate corporations and became a popular subject in the 1980s with R. Edward Freeman's *Strategic Management: A Stakeholder Approach* and the many key works of Archie B. Carroll, Peter F. Drucker, and others. In the wake of the financial crisis of 2008–2010, CSR has again become a focus for evaluating corporate behavior. First published in 1953, Howard R. Bowen's *Social Responsibilities of the Businessman* was the first comprehensive discussion of business ethics and social responsibility. It created a foundation by which business executives and academics could consider the subjects as part of strategic planning and managerial decision-making. Though written in another era, it is regularly and increasingly cited because of its relevance to the current ethical issues of business operations in the United States. Many experts believe it to be the seminal book on corporate social responsibility. This new edition of the book includes an introduction by Jean-Pascal Gond, Professor of Corporate Social Responsibility at Cass Business School, City University of London, and a foreword by Peter Geoffrey Bowen, Daniels College of Business, University of Denver, who is Howard R. Bowen's eldest son.

Readings in Business Ethics and Social Responsibility William A. Wines 1999

Cambridge Handbook of Research Approaches to Business Ethics and Corporate Responsibility Patricia H. Werhane 2017-11-16 While there is a large and ever-expanding body of work on the fields of business ethics and corporate social responsibility (CSR), there is a noted absence of a single source on the methodology and research approaches to these fields. In this book, the first of its kind, leading scholars in the fields gather to analyse a range of philosophical and empirical approaches to research in business ethics and CSR. It covers such sections as historical approaches, normative and behavioural methodologies, quantitative, qualitative and experimental perspectives, grounded theory and case methodologies, and finally a section on the role of the researcher in research projects. This book is a valuable and essential read for all researchers in business ethics and CSR, not only for those starting out in the fields, but also for seasoned scholars and academics.

Corporate Social Responsibility Mark S. Schwartz 2017-03-02 The essays in this volume examine the emergence of the concept of corporate social responsibility, and the uses that have been made of the language of corporate responsibility to explore the business/society relationship. The first section traces the emergence of the concept of corporate social responsibility as a way of understanding and framing the business/society relationship. Section two of the volume looks at "Definitions and ethical justifications" with a view to exploring current discussions of the nature, scope and source of the social responsibilities of corporations. Section three, "CSR and Management: Critical Reflections", explores the integration of CSR theories and justifications into business management and business management theories. Articles in the final section of the volume apply the concept of corporate social responsibility, and the theoretical frameworks and analytical tools to which it has given rise, to the examination and resolution of specific social issues arising out of the economic activities of corporations.

Corporate Governance and Ethics Alejo G. Sison 2010-01-01 This book can be highly recommended to corporate directors, executives, managers and interested academics. At the same time, however, I think it

should also be on the reading list of every politician involved in rethinking the regulations of the economic system in these times of social, ecological and financial crisis. Frederic Ghys, *Ethical Perspectives* This is an interesting and thought provoking study that deals with a relatively neglected area of corporate and personal leadership. . . this book makes a significant contribution to recognising the emerging social and moral responsibilities of the individual leader at board level. . . The case studies used to support the author's argument are extremely detailed and would certainly be of interest to those on corporate boards and directors of organisations who maybe seeking answers to lessons learned and the author makes a clear recommendation regarding the teaching of virtuous values to corporate leaders. Trevor K. Horne, *Leadership Matters Corporate Governance and Ethics* is an illuminating and practical reading of Aristotle's *Politics* for today's corporate directors. With a deft synthesis of ethics, economics and politics, Alejo Sison elevates the discussion of corporate governance out of the realm of abstract rules and structures into a more effective form of Aristotelian politics. He argues that corporate governance is a human practice where subjective, ethical conditions outweigh the mastery of techniques, since the firm is not a mere production function but, above all, a community of workers. Corporate governance issues are discussed in a holistic fashion, using international case studies to embed the discussion in environments defined by their economic, legal and cultural systems. One of the author's key messages is that reform starts with the ethical and political education of directors. Alejo Sison uses an integrative approach to corporate governance that incorporates ethical-political considerations with the economic and legal dimensions of issues. He backs his theoretical claims with a series of case histories including Fiat from Italy, Cheung Kong Holdings and Whampoa Limited from China, Banco Popular from Spain and United Airlines from the US. He provides a special focus on the education of corporate directors in accordance with the principles of Aristotle's *Politics*. This accessible book will appeal to corporate directors, executives and managers; academics and students with an interest in corporate governance, leadership and ethics, corporate citizenship and corporate social responsibility; and modern readers of Aristotle's virtue theory and politics in relation to business ethics.

Business Ethics and Corporate Governance Fernando A.C. 2010-09

Ethical Theory and Business Tom L. Beauchamp 1979 "Ethical Theory and Business, 8/e" presents a comprehensive anthology of readings, legal perspectives, and cases in ethics in business. Focuses on providing and explaining the tools needed to deal with ethical dilemmas in business. The authors examine ethical theory and business practice, the purpose of the corporation, corporate character and individual responsibility, acceptable risk, the ethical treatment of employees, diversity and discrimination in the workplace, marketing and disclosure of information, ethical issues in information technology and, ethical issues in international business. This book is intended for those interested in examining the ethical challenges we face today.

Ethical Theory and Business Denis G. Arnold 2019-12-19 *Ethical Theory and Business* is the authoritative guide to business ethics and CSR, with cutting edge theoretical readings and cases.

Issues in Business Ethics and Corporate Social Responsibility SAGE Publishing 2020-03-19 One need only look at the news to be bombarded with examples of corporate malfeasance and the impact such behavior has on a company's public image, customers, employees, and bottom line. And while these stories grab the headlines, some companies are adopting practices that display awareness of their impact on the globe, whether that be to the environment, its employees and suppliers, or communities in which they do business. What factors are leading to these decisions? What are the benefits and costs of making ethical business decisions and acting in a socially responsible way, however one defines it? *Issues in Business Ethics and Corporate Social Responsibility* explores these foundational themes across a wide range of topics, including artificial intelligence, workplace surveillance, supply chain management, big data, the finance industry, and many more. Coupled with a broad introduction by Dr. David Weitzner, a professor of management at York University, this book provides students with the essential information they need to assess business practices through the lens of ethical decision-making and corporate social responsibility.

Business Ethics W. Michael Hoffman 1990

Business Ethics W. Michael Hoffman 2001 Can a corporation have a conscience? What is wrong with reverse discrimination? Can ethical management and managed care coexist? This book aims to answer

these and many other contemporary issues in corporate morality.

Corporate Social Responsibility Andrew Crane 2014 As a relatively young subject matter, corporate social responsibility has unsurprisingly developed and evolved in numerous ways since the first edition of this textbook was published. Retaining the features which made the first edition a top selling text in the field, the new edition continues to be the only textbook available which provides a ready-made, enhanced course pack for CSR classes. Authoritative editor introductions provide accessible entry points to the subjects covered - an approach which is particularly suited to advanced undergraduate and postgraduate teaching that emphasises a research-led approach. New case studies are integrated throughout the text to enable students to think and analyze the subject from every angle. The entire textbook reflects the global nature of CSR as a discipline and further pedagogical features include chapter learning outcomes; study questions; 'challenges for practice' boxes and additional 'further reading' features at the end of each chapter. This highly rated textbook now also benefits from a regularly updated companion website which features a brand new 'CSR Case Club' presenting students and lecturers with further case suggestions with which to enhance learning; lecture slides; updates from the popular Crane and Matten blog, links to further reading and career sites, YouTube clips and suggested answers to study questions. An Ivey CaseMate has also been created for this book at <https://www.iveycases.com/CaseMateBookDetail.aspx?id=335>.

Corporate Social Responsibility James Weber 2018-05-14 Volume Two of *Business and Society* 360 focuses on research drawn from work grounded in "corporate social responsibility" and "corporate citizenship."

The SAGE Encyclopedia of Business Ethics and Society Robert W. Kolb 2018-03-27 Thoroughly revised, updated, and expanded, *The SAGE Encyclopedia of Business Ethics and Society, Second Edition* explores current topics, such as mass social media, cookies, and cyber-attacks, as well as traditional issues including accounting, discrimination, environmental concerns, and management. The new edition also includes an in-depth examination of current and recent ethical affairs, such as the dangerous work environments of off-shore factories for Western retailers, the negligence resulting in the 2010 BP oil spill, the gender wage gap, the minimum wage debate and increasing income disparity, and the unparalleled level of debt in the U.S. and other countries with the challenges it presents to many societies and the considerable impact on the ethics of intergenerational wealth transfers. Key Features Include: Seven volumes, available in both electronic and print formats, contain more than 1,200 signed entries by significant figures in the field Cross-references and suggestions for further readings to guide students to in-depth resources Thematic Reader's Guide groups related entries by general topics Index allows for thorough browse-and-search capabilities in the electronic edition

Essentials of Business Ethics Peter Madsen 1990 Insider trading... hostile takeovers... union busting... drug testing... environmental disasters Can anything good be said about modern business? Drawing on sources ranging from Newsweek to the Harvard Business Review and featuring such eminent social and business writers as Ralph Nader, Milton Friedman, and Peter Drucker, *Essentials of Business Ethics* critically appraises the evolution--and lapses--of ethics in the corporate boardroom. This important volume takes a hard look at the idea of business ethics itself, the ways in which employees are treated, how corporations deal with questions of social responsibility and the environment, the ethics of multinationals, and more. It is required reading for anyone who wants to understand the major issues facing modern businesses--and the impact they are having on our world.

Business Ethics Mark S. Schwartz 2017-02-21 *Business Ethics: An Ethical Decision-Making Approach* presents a practical decision-making framework to aid in the identification, understanding, and resolution of complex ethical dilemmas in the workplace. Focuses exclusively on three basic aspects of ethical decision making and behavior—how it actually takes place, how it should take place, and how it can be improved Uses real-life examples of moral temptations and personal ethical dilemmas faced by employees and managers Discusses the biases, psychological tendencies, moral rationalizations, and impact of self-interest as impediments to proper ethical decision making Includes relevant examples of ethical misconduct and scandals appearing in the news media

SAGE Brief Guide to Business Ethics Sage Publishing 2011-03-14 Designed for courses in business ethics, corporate social responsibility, corporate strategy, and organizational behaviour, this text will also

be an indispensable companion text for business students to use throughout their full programme of study. This text provides objective coverage of key issues in corporate social responsibility, the obligation of companies to various stakeholder groups, the contribution of business to society and culture, and the relationship between organizations and the quality of the environment. Business Ethics in Brief is divided into eight sections which contain important keywords that relate to those sections: Ethics and the Individual; Theories of Ethics; Understanding Global Ethics; Ethics of Management and Business; Employee and Human Resources Issues; Consumer Issues; Ethics of Advertising, Marketing, and PR; and Environmental Issues in Ethics. Key features of the text include the following: - Keyword entries featuring comprehensive essays on such crucial topics as strategic corporate social responsibility, consumer rights, and ethical decision making - A listing of suggested readings for each entry, so that readers can find more information on topics of particular interest. - Three appendices: An appendix of "problematic practices" that highlights key corporations and industries and the ethical issues they faced; an appendix with key ethics institutes and organizations; and an appendix listing key business ethics periodicals

Good Corporation, Bad Corporation Guillermo C. Jimenez 2016 "This textbook provides an innovative, internationally oriented approach to the teaching of corporate social responsibility (CSR) and business ethics. Drawing on case studies involving companies and countries around the world, the textbook explores the social, ethical, and business dynamics underlying CSR in such areas as global warming, genetically modified organisms (GMO) in food production, free trade and fair trade, anti-sweatshop and living-wage movements, organic foods and textiles, ethical marketing practices and codes, corporate speech and lobbying, and social enterprise. The book is designed to encourage students and instructors to challenge their own assumptions and prejudices by stimulating a class debate based on each case study"--Provided by publisher.

Business Ethics Stephen M. Byars 2018-09-24

A Companion to Business Ethics Robert E. Frederick 2008-04-15 In a series of articles specifically commissioned for this volume, some of today's most distinguished business ethicists survey the main areas of interest and concern in the field of business ethics. Sections of the book cover topics such as the often easy relation between business ethics and capitalism, the link between business ethics and ethical theory, how ethics applies to specific problems in the business world, the connection between business ethics and related academic disciplines, and the practice of business ethics in modern corporations. Includes extensive, accessible discussion of all of the main areas of interest and debate in business ethics Features all original contributions by distinguished authors in business ethics Includes an annotated table of contents, bibliographies of the relevant literature and a list of internet sources of material on business ethics Perfect, comprehensive book for use in business ethics courses

Marketing and Society: Responsible Business Marketing Anja Schaefer 2010-06-07 This book outlines the concept of responsible marketing and relates it to the wider concept of corporate social responsibility (CSR). The key aspects of responsible business marketing; that is, commercial marketing practices that take into account business responsibilities towards society and the environment, are introduced. Two of these, green marketing and fair trade marketing, are considered in more detail. This book is based mainly on a series of readings on the subject of corporate social responsibility (CSR) and contains activities throughout which will help to draw key learning points from the readings and apply concepts both to your own experience and to some short case studies.

On the (Im)Possibility of Business Ethics Minka Woermann 2012-11-02 Corporations, and the environments in which they operate, are complex, with changing multiple dimensions, and an inherent capacity to evolve qualitatively. A central premise of this study is that a postmodern reading of ethics represents an expression of, and an engagement with, the ethical complexities that define the business landscape. In particular, the deconstructive philosophy of Jacques Derrida offers a non-trivial reading of a complex notion of ethics, and thereby helps us to develop the skills necessary to critique and intervene in our practices, and to develop robust strategies for living in the absence of prescriptive ethical frameworks. Although a central premise of this study is that substantive ethical claims can only be generated within a given context, the study nevertheless presents readers with a meta-position that illustrates the type of considerations that should inform ethical reflection from a complexity perspective. In order to illustrate the value that this

meta-position holds for business ethics, these considerations are explored in terms of the implications that they hold for our understanding of corporate social responsibility, for the practice of responsible management and leadership practices, and for teaching business ethics.

Readings In Business Ethics And Social Responsibility ebook download or read online. In today digital age, eBooks have become a staple for both leisure and learning.
