2022 A New York Times Notable Book • Winner

Angeles Times Book Prize Finalist “A gripping
detective story, a stirring epic, a tale of ghosts
and dark marvels, a thrilling display of
scholarship, a meditation on the unfathomable

mystery of good and evil, a testimony to the enduring power of the ancient archetypes that haunt one Jewish family and the greater human family, *The Lost* is as complex and rich with meaning and story as the past it seeks to illuminate. A beautiful book, beautifully written.”—Michael Chabon In this rich and riveting narrative, a writer's search for the truth behind his family's tragic past in World War II becomes a remarkably original epic—part memoir, part reportage, part mystery, and part scholarly detective work—that brilliantly explores the nature of time and memory, family and history. *The Lost* begins as the story of a boy who grew up in a family haunted by the disappearance of six relatives during the Holocaust—an unmentionable subject that gripped his imagination from earliest childhood. Decades later, spurred by the discovery of a cache of desperate letters written to his grandfather in 1939 and tantalized by fragmentary tales of a terrible betrayal, Daniel

Mendelsohn sets out to find the remaining eyewitnesses to his relatives' fates. That quest eventually takes him to a dozen countries on four continents and forces him to confront the wrenching discrepancies between the histories we live and the stories we tell. And it leads him, finally, back to the small Ukrainian town where his family's story began, and where the solution to a decades-old mystery awaits him. Deftly moving between past and present, interweaving a world-wandering odyssey with childhood memories of a now-lost generation of immigrant Jews and provocative ruminations on biblical texts and Jewish history, *The Lost* transforms the story of one family into a profound, morally searching meditation on our fragile hold on the past. Deeply personal, grippingly suspenseful, and beautifully written, this literary tour de force illuminates all that is lost, and found, in the passage of time.

The Lost Ones Walter Cummins 2012-07-01 Whether on a resort island, on a bus burrowing

through the darkness, disoriented in European cities and villages, fearful at a lakeside table or on a mountain climb, bewildered in the crypt of the Vatican or in rooms and landscapes suddenly strange, the people in these sixteen stories don't know where they are or who they are. They struggle to locate themselves in their lives.

The Lost Ones Sheena Kamal 2017-07-25 A dark, compulsively readable psychological suspense debut, the first in a new series featuring the brilliant, fearless, chaotic, and deeply flawed Nora Watts—a character as heartbreakingly troubled, emotionally complex, and irresistibly compelling as Stieg Larsson's Lisbeth Salander and Jo Nesbø's Harry Hole. It begins with a phone call that Nora Watts has dreaded for fifteen years—since the day she gave her newborn daughter up for adoption. Bonnie has vanished. The police consider her a chronic runaway and aren't looking, leaving her desperate adoptive parents to reach out to her birth mother as a last hope. A biracial product of

the foster system, transient, homeless, scarred by a past filled with pain and violence, Nora knows intimately what happens to vulnerable girls on the streets. Caring despite herself, she sets out to find Bonnie with her only companion, her mutt Whisper, knowing she risks reopening wounds that have never really healed—and plunging into the darkness with little to protect her but her instincts and a freakish ability to detect truth from lies. The search uncovers a puzzling conspiracy that leads Nora on a harrowing journey of deception and violence, from the gloomy rain-soaked streets of Vancouver, to the icy white mountains of the Canadian interior, to the beautiful and dangerous island where she will face her most terrifying demon. All to save a girl she wishes had never been born.

The Lost Ones Keith Knecht 2015-10 The Lost Ones is the second installment of the story of John, also known as Zahwu, the fair-skinned, red-haired son of Christian missionaries in Liberia, Africa. As a young man, Zahwu learned in bush school the Law and how to survive the hazards of the jungle. Armed with nothing more than a bush knife, a slingshot, and a healthy respect for the dangers that lurked there, Zahwu recognized even then that this harsh wilderness was also home to great beauty and very resilient people. The series, *Jungle Tales of Liberia*, chronicles the major events that draw John back to his beloved Liberia to once again become Zahwu, the jungle boy turned man. Now a medical researcher for Dienicem Industries, Zahwu may have found the cure to a deadly

disease—a pandemic that threatens the entire world. To mass produce the vaccine, Zahwu must get more of the serum that Beyon, his friend and mentor, sent to him. Zahwu must first find Beyon, and then, to save Beyon's life, he must embark on a hero's journey in search of the treasure of the Lost Ones. Profoundly eloquent in its message, *The Lost Ones* proves once again that the true measure of a man is not determined by skin color or culture, but by depth of character, and the evil that lurks in the hearts of men is as destructive as the most deadly predators in the jungle. By Kimberly Richardson The novel, *The Lost Ones*, received a Lexile scoring of 850L.

It All Falls Down Sheena Kamal 2018-07-03 The brilliant, fearless, deeply flawed Nora Watts—introduced in the "utterly compelling" (Jeffery Deaver) atmospheric thriller *The Lost Ones*—finds deadly trouble as she searches for the truth about her late father in this immersive thriller that moves from the hazy Canadian Pacific Northwest to the gritty, hollowed streets of Detroit. Growing up, Nora Watts only knew one parent—her father. When he killed himself, she denied her grief and carried on with her life. Then a chance encounter with a veteran who knew him raises disturbing questions Nora can't ignore—and dark emotions she can't control. To make her peace with the past, she has to confront it. Finding the truth about her father's

life and his violent death takes her from Vancouver to Detroit where Sam Watts grew up, far away from his people and the place of his birth. Thanks to a disastrous government policy starting in the 1950s, thousands of Canadian native children like Sam were adopted by American families. In the Motor City, Nora discovers that the circumstances surrounding Sam's suicide are more unsettling than she'd imagined. Yet no matter how far away Nora gets from Vancouver, she can't shake trouble. Back in the Pacific Northwest, former police detective turned private investigator Jon Brazuca is looking into the overdose death of a billionaire's mistress. His search uncovers a ruthless opiate ring and a startling connection to Nora, the infuriatingly distant woman he'd once tried to befriend. He has no way to warn or protect her, because she's become a ghost, vanishing completely off the grid. Focused on the mysterious events of her father's past and the clues they provide to her own fractured identity

and that of her estranged daughter, Nora may not be able to see the danger heading her way until it's too late. But it's not her father's old ties that could get her killed—it's her own.

 Bestselling author Christopher Golden brings his epic, innovative trilogy, *the Veil*, to an astonishing conclusion as the mythic realm of

heroes and monsters becomes the site of humanity’s last—and greatest—showdown. In the world of the legendary, every myth and folktale is real. That is what Oliver Bascombe learned on the other side of the Veil, where humanity’s legends have hidden away for centuries. But even legends have legends, and Oliver has learned of a prophecy that many believe he and his sister, Collette, have come to the Two Kingdoms to fulfill. Before they can discover the truth, the Bascombe siblings must help to stop an apocalyptic war that threatens to destroy the Two Kingdoms, unravel a conspiracy, and prevent a powerful sorcerer from severing the world of humans from the realm of the legendary forever. But first Oliver will have to plot an escape from an impregnable palace dungeon where he and his allies have been imprisoned . . . for regicide. As old heroes and friends ally themselves for one last battle, even older enemies stand arrayed against them. Is humanity ready to face its legends head-on?
