Pragmatism, Logic, and Law Frederic Kellogg 2020-12-10
Pragmatism, Logic and Law offers a view of legal pragmatism consistent with pragmatism writ large, tracing it from origins in late 19th century America to the present, covering various issues, legal cases, personalities, and relevant intellectual movements within and outside law. It addresses pragmatism's relation to legal liberalism, legal positivism, natural law, critical legal studies (CLS), and post-Rorty "neopragmatism." It views legal pragmatism as an exemplar of pragmatism's general contribution to logical theory, which bears two connections to the western philosophical tradition: first, it extends Francis Bacon's empiricism into contemporary aspects of scientific and legal experience, and second, it is an explicitly social reconstruction of logical induction. Both notions were articulated by John Dewey, and both emphasize the social or corporate element of human inquiry. Empiricism is informed by social as well as individual experience (which includes the problems of conflict and consensus). Rather than following the

Aristotelian model of induction as immediate inference from particulars to generals, a model that assumes a consensual objective viewpoint, pragmatism explores the actual, and extended, process of corporate inference from particular experience to generalization, in law as in science. This includes the necessary process of resolving disagreement and finding similarity among relevant particulars.

A Nation Under Lawyers Mary Ann Glendon 1996 Mary Ann Glendon's *A Nation Under Lawyers* is a guided tour through the maze of the late-twentieth-century legal world. Glendon depicts the legal profession as a system in turbulence, where a variety of beliefs and ideals are vying for dominance.

An Introduction to the Philosophy of Law Roscoe Pound 1922 "Among books of similar scope, this is the recognized classic. Those who read this book will have the strange privilege of thinking things together in the law from the beginning of world history to the moment Pound sent his writings to the printer."--American Bar Association Journal.

Impeachment Charles L. Black, Jr. 2018-02-01 Originally published at the height of the Watergate crisis, Charles Black's classic *Impeachment: A Handbook* has long been the premier guide to the subject of presidential impeachment. Now thoroughly updated with new chapters by Philip Bobbitt, it remains essential reading for every concerned citizen. Praise for *Impeachment*: "To understand impeachment, read this book. It shows how the rule of law limits power, even of the most powerful, and reminds us that the impact of the law on our lives ultimately depends on the conscience of the individual American."--Bill Bradley, former United States senator "The most important book ever written on presidential impeachment."--Lawfare "A model of how so serious an act of state should be approached."--Wall Street Journal "A citizen's guide to impeachment. . . . Elegantly written, lucid, intelligent, and comprehensive."--New York Times Book Review "The finest text on the subject I have ever read."--Ben Wittes

Constitutional Fate Philip Bobbitt 1984-03-15 Here, Philip Bobbitt studies the basis for the legitimacy of judicial review by examining six types of constitutional argument--historical, textual, structural,

prudential doctrinal, and ethical--through the unusual method of contrasting sketches of prominent legal figures responding to the constitutional crises of their day.

Yale Law Journal: Volume 123, Number 7 - May 2014 Yale Law Journal 2014-05-15 The May 2014 issue of The Yale Law Journal features new articles and essays on law and legal theory by internationally recognized scholars. Contents include: • Article, "Illegitimate Borders: Jus Sanguinis Citizenship and the Legal Construction of Family, Race, and Nation," by Kristin Collins • Article, "Legitimacy and Federal Criminal Enforcement Power," by Lauren M. Ouziel • Feature, "The Age of Consent," by Philip C. Bobbitt • Review, "Judging Justice on Appeal," by Marin K. Levy • Note, "The Growth of Litigation Finance in DOJ Whistleblower Suits: Implications and Recommendations," by Mathew Andrews • Note, "Reducing Inequality on the Cheap: When Legal Rule Design Should Incorporate Equity as Well as Efficiency," by Zachary Liscow • Note, "Domestic Violence Asylum After Matter of L-R-," by Jessica Marsden • Comment, "Beating Blackwater: Using Domestic Legislation to Enforce the International Code of Conduct for Private Military Companies," by Reema Shah This quality ebook edition features linked notes, active Contents, active URLs in notes, and proper Bluebook formatting. This May 2014 issue is Volume 123, Number 7.

Economic Analysis of Law Richard A. Posner 1986 This text for students of law and economics concentrates on the progress of scholarship in the field. Concrete applications are emphasized over abstract theory in the book.

American Legal Realism and Empirical Social Science John Henry Schlegel 2000-11-09 John Henry Schlegel recovers a largely ignored aspect of American Legal Realism, a movement in legal thought in the 1920s and 1930s that sought to bring the modern notion of empirical science into the study and teaching of law. In this book, he explores individual Realist scholars' efforts to challenge the received notion that the study of law was primarily a matter of learning rules and how to manipulate them. He argues that empirical research was integral to Legal Realism, and he explores why this kind of research did not, finally,

become a part of American law school curricula. Schlegel reviews the work of several prominent Realists but concentrates on the writings of Walter Wheeler Cook, Underhill Moore, and Charles E. Clark. He reveals how their interest in empirical research was a product of their personal and professional circumstances and demonstrates the influence of John Dewey's ideas on the expression of that interest. According to Schlegel, competing understandings of the role of empirical inquiry contributed to the slow decline of this kind of research by professors of law. Originally published in 1995. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

Talks on American Law Harold Joseph Berman 1961

Two Centuries' Growth of American Law, 1701-1901 Yale Law School 1901

Early American Law and Society Stephen Botein 1983

American Citizenship Judith N. Shklar 1991 In this illuminating look at what constitutes American citizenship, Judith Shklar identifies the right to vote and the right to work as the defining social rights and primary sources of public respect. She demonstrates that in recent years, although all profess their devotion to the work ethic, earning remains unavailable to many who feel and are consequently treated as less than full citizens.

History of the Yale Law School Anthony T. Kronman 2008-10-01 The entity that became the Yale Law School started life early in the nineteenth century as a proprietary school, operated as a sideline by a couple of New Haven lawyers. The New Haven school affiliated with Yale in the 1820s, but it remained so frail that in 1845 and again in 1869 the University seriously considered closing it down. From these humble origins, the Yale Law School went on to become the most influential of American law schools. In the later nineteenth century the School instigated the multidisciplinary approach to law that has subsequently

won nearly universal acceptance. In the 1930s the Yale Law School became the center of the jurisprudential movement known as legal realism, which has ever since shaped American law. In the second half of the twentieth century Yale brought the study of constitutional and international law to prominence, overcoming the emphasis on private law that had dominated American law schools. By the end of the twentieth century, Yale was widely acknowledged as the nation's leading law school. The essays in this collection trace these notable developments. They originated as a lecture series convened to commemorate the tercentenary of Yale University. A distinguished group of scholars assembled to explore the history of the School from the earliest days down to modern times. This volume preserves the highly readable format of the original lectures, supported with full scholarly citations. Contributors to this volume are Robert W. Gordon, Laura Kalman, John H. Langbein, Gaddis Smith, and Robert Stevens, with an introduction by Anthony T. Kronman.

Introduction to the Law of the United States David Clark 2002-01-01 Introduction to the Laws.....Series Volume 5 As issues in American law turn up with ever-greater frequency in dozens of countries worldwide, some familiarity with the legal system of the United States of America has become de rigueur for practising lawyers everywhere. This incomparable handbook, now in its Second Edition, provides an authoritative description of the major elements, including all matters likely to emerge in the course of normal legal activity. Written from a clear and cogent comparative perspective, it is of great practical value for both counselling and courtroom use. Eighteen lucid chapters by distinguished American law professors, each of whom is also knowledgeable about a legal system outside that of the United States, explain the major laws, legal standards, and legal institutions of the United States. Substantive and procedural comparisons are presented in plain English, with appropriate commentary where deemed helpful to clarify particularly complex or unsettled matters. The resulting volume is an expert historical, systematic, and critical introduction to the law of the United States.

Gifts Richard Hyland 2009 Over the past two thousand years, Western legal systems have had to alter some of their most basic principles in order to regulate the giving of gifts. This is a study of how legal concepts from the marketplace have been reshaped to accommodate a fundamentally different type of social practice. Richard Hyland examines the law of gifts in England, India, and the United States, and in Belgium, France, Germany, Italy, and Spain. Giftsalso surveys the extensive discussion about gift giving in anthropology, history, economics, philosophy, and sociology. In addition, Hyland offers a critique of the functionalist method in comparative law and demonstrates the benefits of an interpretive approach.

Outside In Norman I. Silber 2023-01-24 "My behavior is not a Yankee's behavior. It just is not, no matter what. My family was Italian, and different from most other Italian immigrants. We did not need to melt in. We did not need to assimilate, because of who we were and what we came from. While other people were painting themselves red, white, and blue, we talked Italian, absorbed our family's history, and thought of ourselves as being what we always were. In the deepest sense, I was never taught to be a Yankee, which is a fact that comes out in any number of the things that I do and try to accomplish. Some people have the feeling that what I write and say is too subtle, or perhaps manipulative; or that I behave a bit outlandishly; but those people do not put what I do in the context of Italy, in the context of that very old, very subtle, very complicated society, which I come from"--

Law School Robert Bocking Stevens 2001 Comprehensive history of American legal education. Originally published: Chapel Hill: The University of North Carolina Press, [1983]. xvi, 334 pp. *Law School: Legal Education in America from the 1850s to the 1980s* examines legal education and its impact on the legal profession and the society it serves. This highly lauded work won a Certificate of Merit from the American Bar Association upon its original publication. Stevens' distinguished career in education and law includes his eight years as Master of Pembroke College, Oxford, seventeen-year term as professor of law at Yale University and nine-year term as president of Haverford College.

Well-annotated and indexed, with a thorough bibliography. "the most comprehensive treatment of the subject." --LAWRENCE M. FRIEDMAN *A History of American Law*, Third Edition (2005) 589

Laws and Jurisprudence of England and America John F. Dillon 2019

Terror and Consent Philip Bobbitt 2013-04-04 The wars against terror have begun, but it will take some time before the nature and composition of these wars is widely understood. The objective of these wars is not the conquest of territory, or the silencing of any particular ideology, but rather to secure the necessary environment for states to operate according to principles of consent and make it impossible for our enemies to impose or induce states of terror. *Terror and Consent* argues that, like so many states and civilizations in the past that suffered defeat, we are fighting the last war, with weapons and concepts that were useful to us then but have now been superseded. Philip Bobbitt argues that we need to reforge links that previous societies have made between law and strategy; to realize how the evolution of modern states has now produced a globally networked terrorism that will change as fast as we can identify it; to combine humanitarian interests with strategies of intervention; and, above all, to rethink what 'victory' in such a war, if it is a war, might look like - no occupied capitals, no treaties, no victory parades, but the preservation, protection and defence of states of consent. This is one of the most challenging and wide-ranging books of any kind about our modern world.

A History of American Law Publishing Erwin C. Surrency 1990

Some Makers of American Law Bernard Schwartz 1985

The Nature of the Judicial Process Benjamin N. Cardozo 2009-06 The *Nature of the Judicial Process* is a clean and concise explanation of the judicial process. "This book reflects the profound intellect of one of the most highly regarded jurists in American history. Despite its age, Justice Cardozo's classic treatise provides insights into the "real" workings of the judicial decision making process that remain relevant to a modern analysis of American jurisprudence. His exploration of the motivations, ideals, and even prejudices of judges serves to demystify this crucial

aspect of the legal system. His insights into "legal realism" provide an appreciation of this judicial approach and offers an understanding of its underlying rationale, as well as an argument for its continued utility for modern jurists. Most importantly, he strives to make the judicial process comprehensible and, even, approachable to the non-practitioner of law, as well as law students, thus attempting to make public law, truly, public." This review can be found in *The Nature of the Judicial Process* (The Storrs Lectures Series)

Oliver Wendell Holmes Jr. and Legal Logic Frederic R. Kellogg 2018-03-16 With *Oliver Wendell Holmes, Jr. and Legal Logic*, Frederic R. Kellogg examines the early diaries, reading, and writings of Justice Oliver Wendell Holmes, Jr. (1841–1935) to assess his contribution to both legal logic and general logical theory. Through discussions with his mentor Chauncey Wright and others, Holmes derived his theory from Francis Bacon's empiricism, influenced by recent English debates over logic and scientific method, and Holmes's critical response to John Stuart Mill's 1843 *A System of Logic*. Conventional legal logic tends to focus on the role of judges in deciding cases. Holmes recognized input from outside the law—the importance of the social dimension of legal and logical induction: how opposing views of "many minds" may converge. Drawing on analogies from the natural sciences, Holmes came to understand law as an extended process of inquiry into recurring problems. Rather than vagueness or contradiction in the meaning or application of rules, Holmes focused on the relation of novel or unanticipated facts to an underlying and emergent social problem. Where the meaning and extension of legal terms are disputed by opposing views and practices, it is not strictly a legal uncertainty, and it is a mistake to expect that judges alone can immediately resolve the larger issue.

Law and Religion Timothy L. Fort 1987

The Yale Law Journal 1989

Beyond the Formalist-Realist Divide Brian Z. Tamanaha 2009-10-26

According to conventional wisdom in American legal culture, the 1870s to 1920s was the age of legal formalism, when judges believed that the

law was autonomous and logically ordered, and that they mechanically deduced right answers in cases. In the 1920s and 1930s, the story continues, the legal realists discredited this view by demonstrating that the law is marked by gaps and contradictions, arguing that judges construct legal justifications to support desired outcomes. This often-repeated historical account is virtually taken for granted today, and continues to shape understandings about judging. In this groundbreaking book, esteemed legal theorist Brian Tamanaha thoroughly debunks the formalist-realist divide. Drawing from extensive research into the writings of judges and scholars, Tamanaha shows how, over the past century and a half, jurists have regularly expressed a balanced view of judging that acknowledges the limitations of law and of judges, yet recognizes that judges can and do render rule-bound decisions. He reveals how the story about the formalist age was an invention of politically motivated critics of the courts, and how it has led to significant misunderstandings about legal realism. *Beyond the Formalist-Realist Divide* traces how this false tale has distorted studies of judging by political scientists and debates among legal theorists. Recovering a balanced realism about judging, this book fundamentally rewrites legal history and offers a fresh perspective for theorists, judges, and practitioners of law.

The Formative Era of American Law Roscoe Pound 1950

The Ages of American Law Grant Gilmore 2015-01-13 Following its publication in 1974, Grant Gilmore's compact portrait of the development of American law from the eighteenth century to the mid-twentieth century became a classic. In this new edition, the portrait is brought up to date with a new chapter by Philip Bobbitt that surveys the trajectory of American law since the original publication. Bobbitt also provides a Foreword on Gilmore and the celebrated lectures that inspired *The Ages of American Law*. "Sharp, opinionated, and as pungent as cheddar."—New Republic "This book has the engaging qualities of good table talk among a group of sophisticated and educated friends—given body by broad learning and a keen imagination and spiced with wit."—Willard Hurst

Two Centuries' Growth of American Law, 1701-1901 1913

A Common Law for the Age of Statutes Guido Calabresi 1999

Calabresi complains that we are "choking on statutes" and proposes a restoration of the courts to their common law function. From a series of lectures given by Calabresi as part of The Oliver Wendell Holmes Lectures delivered at Harvard Law School in March 1977. "In his most recent publication, *A Common Law for the Age of Statutes*, based on the Oliver Wendell Holmes lectures he delivered at Harvard in March of 1977, Professor Calabresi has brought his ample juristic talents to bear on a foundational problem of the legal and democratic process. He has produced a monograph that in its quality, timeliness and provocativeness is likely to stand alongside the seminal works of Ronald Dworkin and Grant Gilmore." --Allan C. Hutchinson and Derek Morgan, 82 *Columbia Law Review* (1982) 1752. GUIDO CALABRESI [b. 1932] is Sterling Emeritus Professor of Law and Professorial Lecturer in Law at Yale Law School. He was Dean of Yale Law School from 1985-1994 and became a United States Circuit Judge in 1994. He is also the author of *The Costs of Accidents* (1970), *Tragic Choices* (1978) and *Ideals, Beliefs, Attitudes, and the Law* (1985).

FAQs About Finding The Ages Of American Law The Storrs Lectures Series eBooks

How do I know which eBook platform is the best for me?
Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice.

Are free eBooks of good quality?
Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.

Can I read eBooks without an eReader?
Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone.

How do I avoid digital eye strain while reading eBooks?
To prevent digital eye strain, take regular breaks, adjust the font size

and background color, and ensure proper lighting while reading eBooks.

What the advantage of interactive eBooks?

Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.

The Ages Of American Law The Storrs Lectures Series is one of the best book in our library for free trial. We provide copy of The Ages Of American Law The Storrs Lectures Series in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Ages Of American Law The Storrs Lectures Series.

Where to download The Ages Of American Law The Storrs Lectures Series online for free? Are you looking for The Ages Of American Law The Storrs Lectures Series PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another The Ages Of American Law The Storrs Lectures Series. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this.

Several of The Ages Of American Law The Storrs Lectures Series are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories.

Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see

that there are specific sites catered to different product types or categories, brands or niches related with The Ages Of American Law The Storrs Lectures Series. So depending on what exactly you are searching, you will be able to choose e books to suit your own need.

Need to access completely for The Ages Of American Law The Storrs Lectures Series book?

Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with The Ages Of American Law The Storrs Lectures Series To get started finding The Ages Of American Law The Storrs Lectures Series, you are right to find our website which has a comprehensive collection of books online.

Our library is the biggest of these that have literally hundreds of thousands of different products represented.
