

The Longman Handbook Of Modern British History 1714 1987

The Enigmatic Realm of **The Longman Handbook Of Modern British History 1714 1987**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **The Longman Handbook Of Modern British History 1714 1987** a literary masterpiece penned by way of a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of those that partake in its reading experience.

Britain in the Depression John Stevenson 1994 The first edition of this work interpreted what has been known as the Devil's Decade in a more optimistic light, balancing the evidence of new industries, emerging middle class affluence and a rising standard of living alongside mass unemployment, poverty and poor health. This edition draws on research that has taken place since the appearance of the first publication, without diluting the author's original evidence or conclusions. It includes a revised introduction, with a summary guide to new work and evidence on the period, and, where necessary, insertions of additional material to the main text have been made. An updated and extended bibliography has also been included.

Political Movements in Urban England, 1832-1914 Matthew Roberts 2008-12-16 A critical introduction to the mass political movements that came of age in urban England between the Great Reform Act of 1832 and the start of World War One. Roberts provides a guide to the new approaches to topics such as Chartism, parliamentary reform, Gladstonian Liberalism, popular Conservatism and the independent Labour movement.

The Longman Handbook of Modern British History, 1714-1987 Chris Cook 1988 Designed as a reference guide for students and teachers, the book contains facts, figures and further reading suggestions on a variety of historical data. This edition has been revised to include sections on environmental issues, feminism, politics, the Falklands War and the 1984-5 Miners' Strike.

A Social History of England 1851-1990 Francois Bedarida 2013-06-17 In this, the second edition of *A Social History of England*, Francois Bédarida has added a new final chapter on the last fifteen years. The book now traces the evolution of English society from the height of the British Empire to the dawn of the single European market. Making full use of the Annales school of French historiography, Bédarida takes his inquiry beyond conventional views to penetrate the attitudes, behaviour and psychology of the British people.

A Short History of the Liberal Party, 1900-92 Chris Cook 1993 This history of the British Liberal Party covers the period from 1900 to 1992. It ranges from the landslide Liberal victory of 1906 and the halcyon era of Edwardian Liberalism, to the diversions and decline of the inter-war years and the advent of the Liberal Democrats in the 1980s.

Longman Handbook to Modern British History 1714 - 2001 Chris Cook 2014-07-10 This compact and accessible reference work provides all the essential facts and figures about major aspects of modern British history from the death of Queen Anne to the end of the 1990s. The Longman Handbook of Modern British History has been extended to include a fully-revised bibliography (reflecting the wealth of newly published material in recent years), the new statistics on social and economic history and an expanded glossary of terms. The political chronologies have been revised to include the electoral defeat of John Major and the record of New Labour in office. Designed for the student and general reader, this highly-successful handbook provides a wealth of varied data within the confines of a single volume.

The Contemporary History Handbook Brian Brivati 1996 This guide should be useful to those studying and researching modern history. International and up to date, it covers sources and controversies in the subject area and includes a section of useful addresses. The volume is divided into three main sections which together comprise a reference work for contemporary historians.

The Longman Companion to Britain in the Era of the Two World Wars 1914-45 Andrew Thorpe 2014-09-19 In the momentous period -- barely 30 years -- covered by this systematic reference/guide, the Edwardian world was transformed unrecognisably, through war, technological progress and social change, into the Nuclear Age. It saw the coming of mass democracy, the apogee of empire, the Depression, the threat of

fascism, the development of suburban society, and, as yet scarcely understood, the end of Britain's international hegemony. Andrew Thorpe's superb contribution to the Companions series illuminates all this and much else. It will be indispensable to anyone interested in the history and politics of modern Britain.

The First Black Footballer Phil Vasili 2012-11-12 Arthur Wharton was the world's first black professional footballer, and the first African to play professional cricket in Yorkshire and Lancashire leagues. Those promoting Empire as an expression of white supremacy found him a supreme irritation, and he eventually died in poverty.

Longman Handbook to Modern British History 1714 - 2001 Chris Cook 2014-07-10 This compact and accessible reference work provides all the essential facts and figures about major aspects of modern British history from the death of Queen Anne to the end of the 1990s. The Longman Handbook of Modern British History has been extended to include a fully-revised bibliography (reflecting the wealth of newly published material in recent years), the new statistics on social and economic history and an expanded glossary of terms. The political chronologies have been revised to include the electoral defeat of John Major and the record of New Labour in office. Designed for the student and general reader, this highly-successful handbook provides a wealth of varied data within the confines of a single volume.

The Longman Handbook of Modern British History 1917-1995 John STEVENSON 1996

A Bibliography of British History, 1914-1989 Keith Robbins 1996 Containing over 25,000 entries, this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century. Accessibly arranged by theme, with helpful introductions to each chapter, a huge range of topics is covered. There is a comprehensive index.

International Who's Who of Authors and Writers 2004 Europa Publications 2003 Accurate and reliable biographical information essential to anyone interested in the world of literature The International Who's Who of Authors and Writers offers invaluable information on the personalities and organizations of the literary world, including many up-and-coming writers as well as established names. With over 8,000 entries, this updated edition features: * Concise biographical information on novelists, authors, playwrights, columnists, journalists, editors, and critics * Biographical details of established writers as well as those who have recently risen to prominence * Entries detailing career, works published, literary awards and prizes, membership, and contact addresses where available * An extensive listing of major international literary awards and prizes, and winners of those prizes * A directory of major literary organizations and literary agents * A listing of members of the American Academy of Arts and Letters

Respectability and the London Poor, 1780-1870 Lynn MacKay 2015-10-06 The population of London soared during the Industrial Revolution and the poorer areas became iconic places of overcrowding and vice. Focusing on the communities of Westminster, MacKay shows that many of the plebeian populace retained traditional working-class pursuits, such as gambling, drinking and blood sports.

The Longman Handbook of Modern British History, 1714-1995 Chris Cook 1996 A thoroughly revised and updated edition of this comprehensive text.

Guide to Reference Books Robert Balay 1992 The 10th edition of the Guide (1986) is one of a small core of references essential to the day-to-day operations of Reference and Research Book News (it was enthusiastically reviewed in our May 1987 issue) and, we trust, to librarians and researchers everywhere. This Supplement, the only one to the 10th edition, lists 4,668 titles that cover reference publishing from the end of December 1984 through the end of 1990. As in prior editions, the focus continues to be on reference works for scholarly research, but

representative works intended for general reference are included as well. Member price, \$76.50. Annotation copyright by Book News, Inc., Portland, OR

Historical Research Bill McDowell 2013-11-04 This is the first practical guide to cover the various stages of a history research project, from the selection of the topic and the organization and interpretation of source material, through to the completion of the written-up record. Whether it is for a dissertation, thesis article or, indeed, full-length book, *Historical Research* deals with the purpose of research, and the implications, limitations and benefits of different research methods, as well as the effective presentation of the finished result.

Britain and Ireland Jürgen Kramer 2022-11-01 Britain and Ireland recounts the history of the two states – the United Kingdom of Great Britain and Northern Ireland and the Republic of Ireland (Éire) – and four nations – the Irish, the Welsh, the Scottish and the English – from prehistory to the present. Chapters are organised chronologically starting in 4000 BCE, coming through the Roman occupation, the Reformation, the Industrial Revolution and the formation of the British Empire. Coming up to the present day, this new edition has expanded material on post-1800 Irish history, with particular emphasis on the Famine, Home Rule, the Irish Civil War, partition, the Troubles, the Good Friday Agreement and the Brexit fallout. Later chapters also have increased emphasis on national developments including Thatcherism, Blairism, monarchy, austerity, devolution, the Scottish referendum and international relations with the US, Europe and the Commonwealth, ending with the ongoing impact of COVID-19 and climate change. Accompanied by illustrations and information boxes, and with an increased selection of documents with questions to challenge students of British and Irish studies, the book presents not only the story of what happened in the British Isles, but its interdependence with Europe and the rest of the world.

Mastering Modern British History Norman Lowe 2017-09-16 The new edition of this best-selling text includes a new section on the final years of the Labour government after Blair's resignation and a new chapter on the subsequent Coalition and Conservative governments. It is the ideal companion for students taking a first-level course in modern British History, as well as for undergraduates in history.

A History of Police Reform in England and Wales Timothy Brain 2023-06-22 This book provides a comprehensive history of police reform, charting its history from its origins in the early 18th century to the most recent examples in the 21st century of the Labour, Coalition and Conservative governments. Each key reform programme is explored in the social, political, and intellectual context of its time, how the necessary legislation was passed, how each programme was implemented, and what its legacy has been. This is the first study that concentrates on the key reforms that shaped the modern police service, their enduring legacies, and their underlying flaws. It is an essential read for police historians, criminologists, police academics, policy makers, and everyone interested in police history.

The Degeneracy Crisis and Victorian Youth Thomas Edward Jordan 1993-01-01 A book in the ecology of child development, *The Degeneracy Crisis and Victorian Youth* studies stress in the lives of children in the Victorian age (1837 - 1901). The term "degeneracy" is pursued in the context of biosocial problems, especially those involving the young. The book begins by presenting an overview of the nineteenth century, noting the changes in population, urbanization, the reform movement, and the rise of Darwinism. It next examines the social and health contexts in which human development took place, considering genetics, nutrition, health, mortality, and climate. Jordan then addresses empirically the nature of growth in Victorian children and young adults, presenting height and health data and using them as the dependent measure for descriptive and multivariate analysis of the Victorian economy. The concept of degeneracy, the evolution of social policy, and the efforts of specific reformers are discussed with attention to the role of government policy toward the end of the period.

A History of ELT, Second Edition A.P.R. Howatt 2004-06-03 Providing an introduction, this work contains sections on the British Empire.

The Longman Handbook of Modern British History, 1714-1980 Chris Cook 1983

Sources in European Political History Chris Cook 1989-06-12 This new publication constitutes the second volume in the widely-acclaimed *Sources in European Political History*. This latest volume provides a wide-ranging guide to the surviving private papers of over one thousand statesman, politicians and diplomats who played a part in the shaping of modern Europe.

Great Britain Keith Robbins 2016-04-08 This is a timely exploration of national identity in Great Britain over nine hundred years of history. Our attitudes to the nation state are changing - national assemblies in Scotland and Wales and growing pressures for regional assemblies. In his vigorous new survey, Professor Robbins provides the background to these changing attitudes. He considers the development as well as the possible disintegration of the sense of "Britishness" among the inhabitants of Britain and investigates how - and why - they have preserved their own national and regional identities across several centuries of co-existence. Keith Robbins is Vice Chancellor of the University of Wales Lampeter. Among his many books, Longman has also published his highly successful study *The Eclipse of a Great Power: Modern Britain 1870-1992* (Second Edition 1994). He is also General Editor of Longman's famous series of *Profiles in Power*, with over 20 titles already in print and many more in preparation.

Elsie and Mairi Go to War: Two Extraordinary Women on the Western Front Diane Atkinson 2011-10-12 The incredible story of two courageous and spirited women who were the only female participants to serve on the western front during World War I. When they met at a motorcycle club in 1912, Elsie Knocker was a thirty year-old motorcycling divorcee dressed in bottle-green Dunhill leathers, and Mairi Chisholm was a brilliant eighteen-year old mechanic, living at home borrowing tools from her brother. Little did they know, theirs was to become one of the most extraordinary stories of World War I. In 1914, they roared off to London 'to do their bit,' and within a month they were in the thick of things in Belgium driving ambulances to distant military hospitals. Frustrated by the number of men dying of shock in the back of their vehicles, they set up their own first-aid post on the front line in the village of Pervyse, near Ypres, risking their lives working under sniper fire and heavy bombardment for months at a time. As news of their courage and expertise spread, the 'Angels of Pervyse' became celebrities, visited by journalists and photographers as well as royals and VIPs. Glamorous and influential, they were having the time of their lives, and for four years Elsie and Mairi and stayed in Pervyse until they were nearly killed by arsenic gas in the spring of 1918. But returning home and adjusting to peacetime life—and the role of women in British society—was to prove more challenging than even the war itself.

Britain and Ireland Jürgen Kramer 2020-07-07 From highly experienced teacher Jürgen Kramer, *Britain and Ireland* is a handbook on the history of the British Isles that recounts the history of the two states – the United Kingdom of Great Britain and Northern Ireland and the Republic of Ireland (Eire) – and four nations – the Irish, the Welsh, the Scottish, and the English – from prehistory to the present. Accompanied by numerous illustrations and information boxes, and also an extensive selection of documents with questions to challenge readers, the book has a unique approach that presents not only the story of what happened in the British Isles, but its interdependence with Europe and the rest of the world. With chapters organized chronologically, and including a glossary and selected further reading, this is a must for all students of British and Irish studies.

Forthcoming Books Rose Army 1995

Walford's Guide to Reference Material: Social and historical sciences, philosophy and religion Albert John Walford 1999 A revised and updated guide to reference material. It contains selective and evaluative entries to guide the enquirer to the best source of reference in each subject area, be it journal article, CD-ROM, on-line database, bibliography, encyclopaedia, monograph or directory. It features full critical annotations and reviewers' comments and comprehensive author-title and subject indexes. The contents include: philosophy and psychology; religion; social sciences, sociology, statistics, politics, economics, labour and employment; land and property, business organizations, finance and banking, and economic surveys; economic policies and controls, trade and commerce, business and management, and law; public administration, social services and welfare, education, customs and traditions; geography; biography; and history.

Longman Handbook of Modern British History, 1714-1987 Chris Cook 1988

The Longman Handbook of World History Since 1914 Chris Cook 1991 A reference work for teachers and students of modern world history from 1914 to the late 1980s. It brings together chronological, statistical and tabular information and covers not only political and diplomatic events but the broader fields of social and economic history.

A/AS Level History for AQA Challenge and Transformation: Britain, c1851-1964 Student Book Thomas Dixon 2016-06-30 A new series of bespoke, full-coverage resources developed for the AQA 2015

A/AS Level History. Written for the AQA A/AS Level History specifications for first teaching from 2015, this print Student Book covers the Challenge and Transformation: Britain, c1851-1964 Breadth component. Completely matched to the new AQA specification, this full-colour Student Book provides valuable background information to contextualise the period of study. Supporting students in developing their critical thinking, research and written communication skills, it also encourages them to make links between different time periods, topics and historical themes.

Labour in Crisis Neil Riddell 1999 "Eschewing the 'high politics' of much of the existing historiography, in this new account, Neil Riddell seeks to understand the second Labour government not primarily in relation to the 1931 political crisis, or to the economic debates of the period, but in the context of the 'wider Labour movement': the trade unions, the local Labour parties, the Parliamentary Labour Party and the party's intellectuals. In so doing, he provides a new history of both the second Labour government and of the Labour movement of the years 1929-31, and is able to provide fresh answers to pivotal questions." "Neil Riddell's study will be of great interest to historians and political scientists, and to all students of twentieth-century British politics."--BOOK JACKET.

Modern British History Lawrence J. Butler 1997-12-31 Providing practical research methods, & a comprehensive survey of the current state of historical research on 20th century British history, this book complements other works on historiography. It is suitable for undergraduates and teachers

England Alan Edwin Day 1993

Cricket's Changing Ethos Jon Gemmell 2018-04-28 This book examines historically how cricket was codified out of its variant folk-forms and then marketed with certain lessons sought to reinforce the values of a declining landed interest. It goes on to show how such values were then adapted as part of the imperial experiment and were eventually rejected and replaced with an ethos that better reflected the interests of new dominant elites. The work examines the impact of globalisation and marketization on cricket and analyses the shift from an English dominance, on a sport that is ever-increasingly being shaped by Asian forces. The book's distinctiveness lies in trying to decode the spirit of the game, outlining a set of actual characteristics rather than a vague sense of values. An historical analysis shows how imperialism, nationalism, commercialism and globalisation have shaped and adapted these characteristics. As such it will be of interest to students and scholars of sport sociology, post-colonialism, globalisation as well as those with an interest in the game of cricket and sport more generally.

Fever Hospitals and Fever Nurses Margaret Currie 2013-01-11 This well researched book provides an interesting study of the development of fever hospitals and fever nursing, mainly in nineteenth and twentieth century Britain. It provides new insights into the development of nursing roles and nurse education and looks at the lives of key figures at that time. The text examines how this once important branch of the nursing profession emerged in the nineteenth century, only to be discarded in the second half of the following century. Drawing on the work of Goffman and Foucault, the study shows how, aided by medical advances, fever nurses transformed their custodial duties into a therapeutic role and how training schemes were implemented to improve the recruitment and retention of nurses. As standards of living improved and patient's chances of recovery increased, many fever hospitals became redundant and fever nurses were no longer required. The wisdom of creating fever hospitals and then disbanding them is questioned in the light of changing disease patterns, international travel and the threat posed by biological warfare.

Disillusionment or New Opportunities? R. Guerriero Wilson 2018-12-12 First published in 1998, this book explores the physical and technological changes which occurred in the growing bureaucracies of big-business and of government as well as in the small and mid-size business of the city. The study of these changes provides a context within which to set the complementary experiences of the men and women who chose to seek a living in the wide array of constantly changing office jobs.

The Longman Handbook of Modern European History, 1763-1985 Chris Cook 1987

The Spaces of Justice Peter Robson 2017-08-13 This book looks at the architecture of the courts in Scotland and the importance of these civic spaces. Given the importance of courts to the legal experience it starts by exploring why scholars have been so reticent in examining spaces in which the administration of justice takes place. It notes the major changes already unfolding in Scotland and puts these into a historical and cultural context. The authors trace the emergence of the notion of

the dedicated courtroom space in 19th century Scotland and the ways in which the courtroom setting affected the exercise of power through law. They show what factors led to the adoption of different architectural styles. They examine the changes in the legal, political and social world which drove such changes and how these changed in the 20th and 21st centuries. They also examine the symbolic functions of courts both internally and externally. They note the changes in the decision-makers and their goals in the 21st century and how this will lead to a very different kind of courtroom in the near future. They examine the wider factors affecting the process of litigation and trends in dispute resolution. They conclude that the goals of transparency and civil dignity have serious implications for the kinds of spaces which will serve as halls of justice in the future. Since these are driven, it seems, by financial imperatives it does not bode well for the retention of civic pride and community which the courts of justice might be said to embody.

The Longman Handbook Of Modern British History 1714 1987 ebook download or read online. In today digital age, eBooks have become a staple for both leisure and learning.
