Throughout this assessment, we shall delve to the book is central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.

The Lion and the Rock Don Lawson 1969 The history of Gibraltar and its role in world events from the era of the ancient Greeks to the present day.

The Rock of the Lion Molly Elliot Seawell 1897-02-10 The Rock of the Lion is not a history of the siege of Gibraltar, although the story of that immortal siege of 1779-83 has been closely studied and followed in preparing this book for young readers. The writer has used the romancer's just and inalienable right to introduce real persons and events whenever it would be of service to the story. Only one liberty has been taken with chronology; it refers to Paul Jones, and is unimportant in character. Molly Elliot Seawell.

Gibraltar Great Britain. Foreign and Commonwealth Office 1967 Beyond Lion Rock Gavin Young 2012-04-26 In 1946 Roy Farrell and Syd de Kantzow's beloved, battered wartime DC-3 touched down in Shanghai for the first time. On board was a cargo of morning coats and toothbrushes from New York, forging the first post-war supply route across the treacherous eastern Himalayas. The international airline now known as Cathay Pacific was born. Gavin Young tells the swashbuckling story of an empire of the air, a thrilling, action-packed adventure that

began in an era closer to Biggles and biplanes held together by wire and safety pins than to our own. 'Pioneers like Farrell and de Kantzow would have had plenty of time to enjoy the dawn over Kangchebjunga. Would they think of us with envy or contempt, cruising seven miles up with hundreds of passengers, air-conditioning, i-flight concerts, movies, hot four-course meals with an elaborate wine line and all mod-cons? . . . All this in forty years! Could the world have changed so much and so fast?' This is Gavin Young himself eloquently reflecting on the extraordinary changes in air travel. There can be little doubt where his own sympathies lie.

Harper's New Monthly Magazine Henry Mills Alden 1898 Harper's informs a diverse body of readers of cultural, business, political, literary and scientific affairs.

Singapore - Two Hundred Years of the Lion City Anthony Webster 2019-10-29 Two hundred years after Singapore's foundation by Stamford Raffles in 1819, this book reflects on the historical development of the city, putting forward much new research and new thinking. It discusses Singapore's emergence as a regional economic hub, explores its strategic importance and considers its place in the development of the British Empire. Subjects covered include the city's initial role as a strategic centre to limit the resurgence of Dutch power in Southeast Asia after the Napoleonic Wars, the impact of the Japanese occupation, and the reasons for Singapore's exit from the Malaysian Federation in 1965. The book concludes by examining how Singapore's history is commemorated at present, reinforcing the image of the city as prosperous, peaceful and forward looking, and draws out the lessons which history can provide concerning the city's likely future development.

The Creation of Peninsulas Bridget Heos 2009-08-15 The formation of a peninsula occurs over a period of millions of years, entirely dependent on the rise and fall of sea levels and the reliable continuity of the rock cycle. The Creation of Peninsulas explores what it takes to create, destroy, and inhabit these geographic regions.

The Publishers' Trade List Annual 1974

Gibraltar and the Spanish Civil War, 1936-39 Julio Ponce Alberca 2014-11-20 Incorporating local, national and international dimensions of the conflict, Gibraltar and the Spanish Civil War, 1936-39 provides the first detailed account of the British enclave Gibraltar's role during and

after the Spanish Civil War. The neutral stance adopted by democratic powers upon the outbreak of the Spanish Civil War is well-known. The Non-Intervention Committee played a key role in this strategy, with Great Britain a key player in what became known as the "London Committee". British interests in the Iberian Peninsula, however, meant that events in Spain were of crucial importance to the Foreign Office and the victory of the Popular Front in February, 1936 was deemed a potential threat that could drive the country towards instability. This book explores how British authorities in Gibraltar ostensibly initiated a formal policy of neutrality when the uprising took place, only for the Gibraltarian authorities to provide real support for the Nationalists under the surface. The book draws on a wealth of primary source material, some of it little-known before now, to deliver a significant contribution to our knowledge of the part played by democratic powers in the 1930s' confrontation between Communism and Fascism. It is essential reading for anyone seeking a complete understanding of the Spanish Civil War.
