*Struggle for Power the Longest School Strike* Leon Bock Kavunedus 2011 Two people participating in the same events, yet on opposite sides, give an engrossing view of a struggle which engulfed a large community in northern Westchester County in New York State. It became the longest teachers strike in New York State's history. Even though they are personal memoirs, both authors try to give as full a picture of the personalities, institutions, and issues driving the struggle as each experienced it. The narrative is in two parts, side by side, and event by event. Both are impressionistic accounts that do not claim to be objective. Dr. Leon Bock's account is the viewpoint of a leader of a major institution, the Lakeland School District. In representing the district he had the heavy responsibility to merge the interests of students and parents, faculty, the taxpaying community, and the Board of Education. Mr. Thomas Kavunedus, a faculty member, served as a negotiator for the Lakeland Federation of Teachers. He saw his responsibilities as extending to the promotion of learning and teaching environment which would foster excellence. The contract with the school district, which Mr. Kavunedus had participated in promulgating years earlier, was a major step in raising teachers out of the dark ages of coffee in the boiler room, and hopefully greater professionalism. Both authors disagree with one another on many of the issues. Most of these issues bedevil our schools today. Yet, there is enough civility to recognize that partisanship need not be so all engulfing that it demonizes the other side and its objectives. No narrative of such a complex event can be totally accurate and objective. The authors try to focus on the interpersonal relationships, rather than serve as a textbook history of this series of complex events. There is no intention to discredit, or malign any of the personalities in the narrative; rather they are presented as the writers experienced them under conditions of stress.

**15 Years of War** Kristine Schellhaas 2017-03-19 “First-time author Schellhaas presents a moving memoir of her life with her husband, Ross . . . after [he] is deployed to Iraq after the events of 9/11.” —Publishers Weekly Less than 1 percent of our nation will ever serve in our armed forces, leaving many to wonder what life is really like for military families. He answers the call of duty in Afghanistan, Iraq, and the Pacific; she keeps the home fires burning. Worlds apart, and in the face of indescribable grief, their relationship is pushed to the limits. 15 Years of War provides a unique he said/she said perspective on coping with war in modern-day America. It reveals a true account of how a dedicated Marine and his equally committed spouse faced unfathomable challenges and achieved triumph, from the days just before 9/11 through fifteen years of training workups, deployments, and other separations. This story of faith, love, and resilience offers insight into how a decade and a half of war has redefined what it means to be a military family. “[A] tough-minded but open-hearted memoir . . . a frank description of what it takes for a spouse and family to support a soldier. The Schellhaases’ story is deeply personal and unique, but it will resonate with other families,

both civilian and military.” —Foreword Magazine “Kristine Schellhaas is a beautiful and transcendent voice of truth and consequence, and her memoir, 15 Years of War, should be required reading for every American who wants to understand just exactly what they have asked of the chosen 1 [percent].” —Angela Ricketts, author of No Man’s War: Irreverent Confession of an Infantry Wife

The Longest Year Daniel Grenier 2017-03-25 F. Scott Fitzgerald’s “The Curious Case of Benjamin Button” meets Junot Diaz’s The Brief Wondrous Life of Oscar Wao in Daniel Grenier’s epic novel, which tells the story of a boy who ages only one out of every four years. There’s something extraordinary about Thomas Langlois. Thomas is a young boy growing up in Chattanooga, Tennessee, with a French-Canadian father, Albert, and an American mother, Laura. But beyond the fact that he lives between two cultures and languages, there’s something else about Thomas that sets him apart: he was born on February 29. Before Albert goes on a strange quest to find out more about their mysterious relative, Aimé Bolduc, he explains to Thomas that he will only age one year out of every four and he will outlive all of his loved ones. Thomas’s loneliness grows and the years pass until a terrible accident involving a young girl sets in motion a series of events that link the young girl and Thomas to Aimé Bolduc — a Civil War-era soldier and perhaps their contemporary. Spanning three centuries and set against the backdrop of the Appalachians from Quebec to Tennessee, The Longest Year is a magical and poignant story about family history, fateful dates, fragile destinies, and lives brutally ended and mysteriously extended.

*50 Secrets of the Longest Living People with Diabetes* Sheri R. Colberg 2008-03-03 The latest scientific research confirms that you can live well and long with diabetes without suffering from its more devastating health complications. Whether you have type 1 or type 2 diabetes, you have the ability to improve the quality and length of your life through physical activity, a positive mental outlook, and certain diabetes tools and medications. Now, the longest living people with type 1 and type 2 diabetes share the secrets that have helped them achieve longevity and wellness. From interviews with more than fifty people who have thrived with the condition for as many as 84 years, diabetes authorities Drs. Colberg and Edelman distill their lifelong habits into fifty user-friendly, easy-to-adopt secrets. Featuring profiles of ten people who have each lived an average of 65 years with diabetes and practical advice for incorporating each secret into your daily life, this invaluable resource will inform, inspire, and motivate you to live well—and fully—to 90 and beyond. Find out what some of the secrets are: • Live first and be diabetic second • Know your numbers and assume nothing • Have kids if you want to • Erase your mistakes with exercise No matter what type of diabetes you have, you control the ability to escape serious complications (or control the ones you may have) and add years, if not decades, to your life.

**The New York Times Book Review** The New York Times 2021-11-02 A “delightful” (Vanity Fair) collection from the longest-running, most influential book review in America, featuring its best, funniest, strangest, and most memorable coverage over the past 125 years. Since its first issue on October 10, 1896, The New York Times Book Review has brought the world of ideas to the reading public. It is the publication where authors have been made, and where readers first encountered the classics that have enriched their

lives. Now the editors have curated the Book Review's dynamic 125-year history, which is essentially the story of modern American letters. Brimming with remarkable reportage and photography, this beautiful book collects interesting reviews, never-before-heard anecdotes about famous writers, and spicy letter exchanges. Here are the first takes on novels we now consider masterpieces, including a long-forgotten pan of Anne of Green Gables and a rave of Mrs. Dalloway, along with reviews and essays by Langston Hughes, Eudora Welty, James Baldwin, Nora Ephron, and more. With scores of stunning vintage photographs, many of them sourced from the Times's own archive, readers will discover how literary tastes have shifted through the years—and how the Book Review's coverage has shaped so much of what we read today.

The Longest Years Sigrid Undset 2020 The Longest Years is a vivid rendering of childhood memories into an autobiographical novel. The young Norwegian girl Ingvild conveys the cornucopia of original experiences: the sights, sounds, and smells; the beginnings of thought and the acute pangs of suffering; and the pure privilege of innocence. Avoiding altogether any attempt to modify or interpret the memories of Ingvild, Undset sets forth the organic sprawling verity of a child's world and its rootedness in what Hopkins called the "dearest freshness deep down things."

**The Longest Yard Sale** Sherry Harris 1949-01-01 In this cozy mystery by the author of Tagged for Death, this little town's garage sale is full of hot deals and cold-blooded murder. When Sarah Winston turns Ellington, Massachusetts, into New England's largest garage sale for a day, it's the small town's biggest event since the start of the Revolutionary War—but without the bloodshed. That is, until a valuable painting goes missing . . . and the lifeless body of an Air Force officer is found in Carol Carson's painting studio, his face perfectly framed with the murder weapon—a metal picture frame. Sarah is mad as heck that someone used her town-wide garage sale to commit a crime—and frame her good friend Carol. She is definitely on this case . . . but it's not easy rummaging through increasingly strange clues that point to cheating spouses, downright dirty investment schemes—even the mob. And Sarah will have to be very careful if she wants to live to bargain another day . . . Praise for The Longest Yard Sale "Readers will have a blast following Sarah Winston on her next adventure as she hunts for bargains and bad guys. Sherry Harris' latest is as delightful as the best garage sale find!" —Liz Mugavero, author of the Pawsitively Organic Mysteries "You'll absolutely get your money's worth with The Longest Yard Sale . . . Once again Sherry Harris entwines small-town life with that of the nearby Air Force base, yard sales with romance, art theft with murder. The story is a bargain, and a priceless one!" —Edith Maxwell, Agatha Award-winning author of the Lauren Rousseau Mysteries

The Longest Half Inch Russ Seel 2022-06-24 May you feel the love, presence, and tranquility of God, and may your love relationship with Him continue to grow throughout your life and beyond! A key question: What has God designed and placed us on this earthly journey to learn and/or do? Are your/my heart and action true to that calling? If so, are we being faithful to becoming what God created each of us individually to be? All is well Remember God's words to His disciples, "This kind goes out but through prayer and fasting." Always say, "All is well." Long though the way may seem, there is no too much by half. God is not only with you on the journey, He planned it and is planning it. There are and will be unspeakable joys on that journey; look for them! Courage! Courage! Courage! Why are we so blind as to think earthly life is all there is? Why do we ignore the immense treasure of love? What does it take to understand and make it so?

*The Longest Year* 2016-11-29 A meticulous exploration of one of the most important years in American history. The D-Day invasion, launched on June 6, 1944, is widely referred to as the longest day of World War Two. Historian Victor Brooks argues that 1944 was, in effect, "the longest year" for Americans of that era, both in terms of casualties and in deciding the outcome of war itself. Brooks also argues that only the particular war events of 1944 could have produced the "reshuffling" of the cards of life that, in essence, changed the rules for most of the 140 million Americans in some fashion. Rather than focusing on military battles and strategy alone, the author chronicles the year as a microcosm of disparate military, political, and civilian events that came together to define a specific moment in time. As war was raging in Europe, Americans on the home front continued to cope (with some prospering). As US forces launched an offensive against the Japanese in the Mariana Islands and Palau, folks at home enjoyed morale-boosting movies and songs such as "To Have and Have Not" and "G.I. Jive." And as American troops invaded the island of Leyte—launching the largest naval battle during the war—President Franklin D. Roosevelt and Thomas E. Dewey were in the home stretch leading up to the election of 1944. It has been said that the arc of history is long. Throughout American history, however, some years have been truly momentous. The Longest Year makes the case that 1944 was one such year. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

*The Longest Year* Gary Roberson 2014-01-01 "How Indiana Caverns came to be is a fascinating journey that unfolded slowly over many decades. Gary Roberson and his high school caving friend, Terry Crayden, had dreamed of opening part of the vast Binkley Cave system to the public for over 40 years. Finally, after almost giving up on their dream, the development of the caverns came to improbable fruition in one unbelievable year of unrelenting effort. The Longest Year is their story and that of the drive and ingenuity that made America great. "--P. [4] of cover.

*Asian Countries That Live The Longest* Susan Zeppieri 2022-08-21 There are three sections to this book: First, look at how Asians' lifespans have altered since the 1980s. b) Secondly, Asian nations have a higher life expectancy than the rest of the world due to their lifestyle choices. 3) How can someone who lives outside the blue zone live longer? The life expectancy, variations in life expectancy around the world, and changes in Asia's life expectancy are all covered in the first chapter. Asia's survival rate is discussed in the second chapter, along with how their health altered and the contributing variables. What age is discussed in the third chapter? How is lifespan determined? Moreover, how does growth compare to life expectancy? What elements are discussed in the fourth chapter as the basis for life expectancy? Why do Asians live longer, then? The fifth chapter details which Asian nations have the highest and lowest life expectancy rates. Chapter six focuses on China, a way of life, and the differences between eastern and western ideologies. Chapter 7 discusses Japan, its cuisine, and its well-kept secrets to long life. Hunza, a stunning region in Pakistan, and its long life-expectancy secrets are discussed in Chapter 8. The ninth chapter is on South Korea and its diet-related fitness motivations. And how they shed the pounds to lead healthy lives. The longevity concept and community interaction in Singapore are discussed in chapter 10. The lifespan options for those who don't reside in a "blue zone" are discussed in chapter eleven. It is about how they can live longer by simply maintaining a healthy diet. Chapter 12 anti-aging solution. It provides information on protein requirements and amounts. The health advantages of beverages, including tea, coffee, and others, are discussed in chapter thirteen. Chapter fifteen offers succinct answers if you do not live in a blue zone, whereas Chapter fourteen discusses food that could be utilized as medicine.
