The Finger Angus Trumble 2010 In this collision between art and science, history and pop culture, the acclaimed art historian Angus Trumble examines the finger from every possible angle. His inquiries into its representation in art take us from Buddhist statues in Kyoto to the ceiling of the Sistine Chapel, from cave art to Picasso's Guernica, from Van Dyck's and Rubens's winning ways with gloves to the longstanding French taste for tapering digits. But Trumble also asks intriguing questions about the finger in general: How do fingers work, and why do most of us have five on each hand? Why do we bite our nails? This witty, odd, and fascinating book is filled with diverse anecdotes about cow-milking, the fingerprint of a grave robber in King Tut's tomb, and a woman in Trumble's local bank whose immensely long, coiled fingernails do not prevent her from

signing a check. Side by side with historical discussions of rings and gloves and nail varnish are meditations on the finger's essential role in writing, speech, sports, crime, law, sex, and, of course, the eponymous show of contempt.

Wonder Women and Bad Girls Valerie Estelle Frankel 2020-10-12 Wonder Woman, Harley Quinn, Shuri, and Black Widow. These four characters portray very different versions of women: the superheroine, the abuse victim, the fourth wave princess, and the spy, respectively. In this in-depth analysis of female characters in superhero media, the author begins by identifying ten eras of superhero media defined by the way they portray women. Following this, the various archetypes of superheroines are classified into four categories: boundary crossers, good girls, outcasts, and those that reclaim power. From Golden Age comics through today's hottest films, heroines have been surprisingly assertive, diverse, and remarkable in this celebration of all the archetypes.

Light-Fingered Gentry David Graham Phillips
2022-06-02 "Light-Fingered Gentry" by David Graham Phillips is a crime and romance novel set in New York. David Graham Phillips (1867 – 1911) was an American novelist and journalist of the muckraker tradition. Phillips' novels often commented on social issues of the day and frequently chronicled events based on his real-life journalistic experiences. He was considered a Progressive and for exposing corruption in the Senate he was labeled a muckraker. Excerpt: "A MATRIMONIAL MISTAKE Toward noon on a stifling July day, a woman, a young woman, left the main walk through the deserted college grounds at Battle Field, and entered the path that makes a faint tracing down the middle of Pine Point. That fingerlike peninsula juts far into Otter Lake; it is a thicket of white pines, primeval, odorous. Not a ripple was breaking the lake's broad, burnished reach. The snowy islets of summer cloud hung motionless, like frescoes

in an azure ceiling. But among the pines it was cool, and even murmuringly musical."

He walked quickly and yet cautiously, looking round him from time to time, or fixing his eyes on a row of poplars shivering drearily in the wind. During his ten-mile walk he met nothing on the road except a cart laden with straw, and a beggar. When at last his limbs began to feel heavy through weariness, and the fatigue of wading in the thick mud, he stopped before a small cottage hardly larger than a cabin. Taking

a key from his pocket he opened the door, looking furtively round as he did so. Then he went in, closed the door after him, and ascending a wooden staircase he entered a squalid room. On a bed lay a fair girl fully dressed, her lips burning and her eyes bright with fever. She lay perfectly still, but on hearing the stairs creak she turned her head and forced herself to smile as she saw Gigi.
