What Do We Do Now? Stephen Hess 2010-03-01 The period from Election Day to Inauguration Day in America seems impossibly short. Newly elected U.S. presidents have less than eleven weeks to construct a new government composed of supporters and strangers, hailing from all parts of the nation. This unique and daunting process always involves at least some mistakes—in hiring, perhaps, or in policy priorities, or organizational design. Early blunders can carry serious consequences well into a president's term; minimizing them from the outset is critical. In *What Do We Do Now?* Stephen Hess draws from his long experience as a White House staffer and presidential adviser to show what can be done to make presidential transitions go smoothly. Here is a workbook to guide future chief executives, decision by decision, through the minefield of transition. You'll have to start at the beginning, settling on a management style and

the boxes." Something as seemingly mundane as parceling office space can be consequential—hence the inclusion of a proposed White House organizational chart and floor plans of the West Wing. What qualities are needed for each job, and where are the best candidates for those positions most likely to be found? How can you construct a cabinet that "looks like America"? *What Do We Do Now?* is your indispensable guide through the thicket of these decisions. There are small decisions, too. You'll have to pick a desk—photos of the choices are included. Which presidential portraits should hang in the Oval Office? Which ones have previous presidents chosen? And when it comes time to write an inaugural address, what should be the content, theme, and tone? It's all here in the presidential transition workbook—don't leave for Washington without it. This concise volume is sure to be a valuable resource for the president and team of

The American Presidents Biographies Of The Chief Executives From George Washington Through George W. Bush

advisers as they attempt to herd cats into an effective government. o We Do Now? is alsis also a delightful read for anyone interested in exactly how one goes about being the president of the United States.

The American Presidents

David C. Whitney 1985 Biographies of the chief Executives from George Washington to George W. Bush.

Presidents of the United States (America Handbooks, a TIME for Kids Series) The Editors of TIME For Kids 2017-01-10 TIME For Kids presents a complete overview of our nation's chief executives from George Washington to the newly elected 45th president! Did you know that James Monroe was the first president to appear without a wig in public? Or that George W. Bush appointed the first African-American secretary of state? Presidents of the United States invites the reader inside the White House to discover fascinating facts about the U.S. commanders-in-chief-their origins, accomplishments, and

place in history-as told through famous quotes, important historical dates, and a timeline of events. Special sections cover the election process, the branches of government, and the role of presidents in the expansion of our nation from before the 13 colonies through westward expansion. With more than 200 photographs, illustrations, portrait reproductions, and maps. *We The Presidents* Ronald Gruner 2022-01-11 WE THE PRESIDENTS explores how American presidents over the last century, from Warren G. Harding to Donald Trump, have shaped today's issues. Every generation tends to believe they live in unique times, but immigration, healthcare, civil rights, tax policy, income distribution, globalization and the evolving role of government have all had their roots in earlier presidencies — and continue to affect every American today. Unlike most presidential biographies, WE THE PRESIDENTS is devoid of politics. A successful presidency is not based on

The American Presidents Biographies Of The Chief Executives From George Washington Through George Wbush

political battles won, but rather the well-being and prosperity of ordinary citizens. For most Americans, that's closely related to their pocketbooks. So, throughout the book are discussions covering economic growth, personal income (and income inequality), taxation, and related topics affecting every American. It's these issues, evolving over decades, that have woven the American tapestry. WE THE PRESIDENTS tells a small part of that remarkable story. PRAISE FROM EARLY READERS This well-crafted, wonderfully readable book takes the reader on a fascinating journey through the tenures of US presidents over the past 100 years, highlighting the events that shaped America and the world and offers a candid yet balanced and objective critique of their stewardship. An absorbing and compelling tour de force. Howard Handy, held senior management positions at the IMF and Institute of International Finance So you think you know your

Washington Through George Wbush presidential history? Thank again. Ronald Gruner has, and he sees more than most. He has balanced vision and an eye for detail. He has written a knowledgeable and easily read work. It is an excellent investment of your time. It was for me. Jack Falvey, Opinion Writer, The Wall Street Journal and Barron's This highly readable book is a triumph. Author Ronald Gruner with meticulous research has woven a non-partisan tapestry embedded with historical parallels as seventeen presidents, from Harding to Trump, shaped the American century, up to the present day, when our democracy faces yet another crucial test of its resilience and strength. Nicholas G. Penniman IV, Publisher (retired), St. Louis Post-Dispatch Ronald Gruner's clear-sighted view of presidents, their times and contexts is extraordinary. We need the Gruner sensibility in the White House. We the Presidents is more than an absorbing read; it is a great education about how our

The American Presidents Biographies Of The Chief Executives From George Washington Through George Wbush

country works. Gruner's engaging and straightforward writing brings alive a century of presidencies from Harding to Trump, and how their actions have led to what America is today. Phil Cooper, Founder and Managing Partner, Pine Island Capital Partners Ronald Gruner is uniquely qualified to write a penetrating presidential history. Gruner applied his significant business experience to objectively analyze the impact of past presidencies on today's America. His extraordinary research provides facts rather than opinions. A must read. Dr. John R. Patrick, President, Attitude LLC

Hail to the Chiefs Barbara Holland 2015-10-13 A compendium of the highlights and lowlights from the careers of our 43 chief executives—from George Washington to George Bush Jr.—told with wit and accuracy, clearly reminding us that presidents are also people. Under the mutton-chop whiskers, behind the bulging

waistcoats, presidents were actually human.

Pathways to the Presidency

Gerald Lee Gutek 2011 For serious historians and casual tourists alike, Pathways to the Presidency is an ideal travel guide to touring presidential homes and museums. Gerald and Patricia Gutek invite American history enthusiasts to journey through the private lives of our presidents--from George Washington to George W. Bush--by visiting the family homes of our former chief executives as well as the libraries and museums honoring their presidencies. Aided by the Guteks' extensive research and concise biographies of each of their subjects, readers of this handy guidebook can deepen their knowledge of these central figures in American history. Presidential birthplaces, boyhood homes, and adult residences have been preserved, restored, or re-created by a local, state, and national historical agencies. Among the sites described in the Guteks' guide are

The American Presidents Biographies Of The Chief Executives From George Washington Through George Wbush

Jefferson's Virginia plantations: the only home ever owned by Lincoln in Springfield, Illinois; the Truman home in Independence, Missouri; and the first home of Clinton in Hope, Arkansas. Beyond residential buildings, the guide also highlights all of the presidential libraries and museums, such as Kennedy's on the Boston waterfront, Carter's in downtown Atlanta, and Reagan's in Simi Valley. The section on each president begins with a biographical sketch followed by site descriptions of their homes and libraries that are open to the public. The information needed to locate and tour each of these sites, as well as important details on admissions, operations, and contacts, is also provided. Pathways to the Presidency offers a comprehensive introduction to historical preservation and tourism connected to America's highest office and an invitation to learn more about the U.S. presidents as distinct individuals with lives rooted in the larger American

Washington Through George Wbush experience. **Religion in the Oval Office** Gary Scott Smith 2015 Many American presidents have had a deep and meaningful faith that has helped shape their worldviews and characters, and their religious commitments have strongly influenced their political philosophy, analysis of issues, decision-making, and performance in office. Numerous presidents have testified that their faith enabled them to cope with the colossal challenges of their office and gave them courage and comfort. This book examines eleven chief executives from John Adams to Barack Obama.

The Presidents Brian Lamb 2019-04-23 The complete rankings of our best -- and worst -- presidents, based on C-SPAN's much-cited Historians Surveys of Presidential Leadership. Over a period of decades, C-SPAN has surveyed leading historians on the best and worst of America's presidents across a variety of categories -- their ability to

The American Presidents Biographies Of The Chief Executives From George Washington Through George W. Bush

persuade the public, their leadership skills, their moral authority, and more. The crucible of the presidency has forged some of the very best and very worst leaders in our national history, along with everyone in between. Based on interviews conducted over the years with a variety of presidential biographers, this book provides not just a complete ranking of our presidents, but stories and analyses that capture the character of the men who held the office. From Abraham Lincoln's political savvy and rhetorical gifts to James Buchanan's indecisiveness, this book teaches much about what makes a great leader -- and what does not. As America looks ahead to our next election, this book offers perspective and criteria to help us choose our next leader wisely.

U.S. Presidents For Dummies 2011 43 Americans have held the job of President of the United States. Each has a story, be it one of vision, accomplishment, conflict,

Scandal, triumph or tragedy. And each story is at the center of the national story, a part of what we all experience. History buffs find endless fascination—and a greater understanding of America today—in the colorful personalities and momentous events that surround the Oval Office. If you want the complete take on U. S. presidents, from George Washington to George W. Bush, you'll appreciate U.S. Presidents For Dummies. Written in a lively style by a history professor at the University of Texas, this fun guidebook of chief executives is packed with information, factoids and memorable quotes. Inside, you'll find out which president: * Promised to only serve one term, and kept his word! * Was a great person but a rotten president * Campaigned on nothing but image—in the 19th century! * May be the most underrated president in history * Had his own distributor bringing liquor to the White House during Prohibition! * Appointed the

The American Presidents Biographies Of The Chief Executives From George Washington Through George W
first female cabinet member * must-have for understanding

Pushed through the first civil rights legislation after the end of the Civil War * Said of himself, "I am a man of limited talents from a small town. I don't seem to grasp that I am president" U.S. Presidents For Dummies offers a wealth of knowledge on what it takes to be the leader of the free world, and who has stepped up to the challenge. Dividing the ranks of presidents into chronological groups for a broader, historical understanding of the office, this book discusses: * The birth and evolution of the presidency * Ineffective presidents * Forgettable presidents * Working up to the Civil War * Reconstruction presidents * Becoming a force in the world * Instituting the Imperial Presidency * Today's changing dynamics and the Presidency A treasury of information, this book features an easy-to-comprehend style and sharp historical analysis. Sidebars, photos, timelines, and best and worst lists make U.S. Presidents For Dummies a historical blast to read and a

the state of both yesterday's and today's union.

Presidential Leadership

James Taranto 2004-07-30

What makes a president great? Two of America's most prominent institutions, The Wall Street Journal and the Federalist Society, with the help of a wide array of eminent scholars, journalists, and political leaders, tackle this question in Presidential Leadership, the definitive ranking of our nation's chief executives. Based on a survey conducted by the Federalist Society and the Journal, Presidential Leadership examines presidential performance in this collection of provocative, enlightening essays written by a distinguished and diverse group of authors. The survey included seventy-eight liberal and conservative scholars, balancing the sample to reflect the political makeup of the U.S. population as a whole. It represents the first national survey in book form that provides a complete ranking of

The American Presidents Biographies Of The Chief Executives From George Washington Through George W. Bush is the

the presidents, along with an appendix that explains the methodology in detail and includes a wide range of valuable data. The result is an important, fresh, and engaging book, rating the presidents from Washington to Clinton and including an early assessment of George W. Bush's presidency by Journal editorial page editor Paul Gigot. Nearly fifty contributors provide their insights, with one essay on each president or on a broader issue of presidential leadership. Among them:

- Forrest McDonald on Thomas Jefferson
- Lynne Cheney on James Madison
- Douglas Brinkley on James Polk
- Christopher Buckley on James Buchanan
- Jay Winik on Abraham Lincoln
- John McCain on Theodore Roosevelt
- Robert Dallek on Lyndon B. Johnson
- Peggy Noonan on John F. Kennedy
- Paul Johnson on Bill Clinton

Their compelling essays, packed with fascinating and often surprising insights, analyze the best and worst of our commanders in chief.

lively result, at once a valuable reference and a tremendously readable collection.

Presidential Misconduct James M. Banner Jr. 2019-07-02 “A whole book devoted exclusively to the misconduct of American presidents and their responses to charges of misconduct is without precedent.” —from the introduction to the 1974 edition by C. Vann Woodward, Pulitzer Prize-winning Yale historian The historic 1974 report for the House Committee on the Judiciary, updated for today by leading presidential historians In May 1974, as President Richard Nixon faced impeachment following the Watergate scandal, the House Judiciary Committee commissioned a historical account of the misdeeds of past presidents. The account, compiled by leading presidential historians of the day, reached back to George Washington’s administration and was designed to provide a benchmark against which Nixon’s misdeeds could be

The American Presidents Biographies Of The Chief Executives From George

measured. What the report found was that, with the exception of William Henry Harrison (who served less than a month), every American president has been accused of misconduct: James Buchanan was charged with rigging the election of 1856; Ulysses S. Grant was reprimanded for not firing his corrupt staffer, Orville Babcock, in the “Whiskey Ring” bribery scandal; and Franklin D. Roosevelt’s administration faced repeated charges of malfeasance in the Works Progress Administration. Now, as another president and his subordinates face an array of charges on a wide range of legal and constitutional offenses, a group of presidential historians has come together under the leadership of James M. Banner, Jr.—one of the historians who contributed to the original report—to bring the 1974 account up to date through Barack Obama’s presidency. Based on current scholarship, this new material covers such well-known episodes as Nixon’s

Washington Through George W. Bush
Watergate Crisis Reagan’s

Iran-Contra scandal, Clinton’s impeachment, and George W. Bush’s connection to the exposure of intelligence secrets. But oft-forgotten events also take the stage: Carter’s troubles with advisor Bert Lance, Reagan’s savings and loan crisis, George H.W. Bush’s nomination of Clarence Thomas to the Supreme Court, and Obama’s Solyndra loan controversy. The only comprehensive study of American presidents’ misconduct and the ways in which chief executives and members of their official families have responded to the charges brought against them, this new edition is designed to serve the same purpose as the original 1974 report: to provide the historical context and metric against which the actions of the current administration may be assessed.

The Development of the American Presidency Richard J. Ellis 2018-02-20 A full understanding of the institution of the American presidency

The American Presidents Biographies Of The Chief Executives From George Washington Through George Wbush requires us to examine how it developed from the founding to the present. This developmental lens, analyzing how historical turns have shaped the modern institution, allows for a richer, more nuanced understanding. The Development of the American Presidency pays great attention to that historical weight but is organized by the topics and concepts relevant to political science, with the constitutional origins and political development of the presidency its central focus. Through comprehensive and in-depth coverage, Richard Ellis looks at how the presidency has evolved in relation to the public, to Congress, to the executive branch, and to the law, showing at every step how different aspects of the presidency have followed distinct trajectories of change. Each chapter promotes active learning, beginning with a narrative account of some illustrative puzzle that brings to life a central concept. A wealth of photos, figures, and tables allow for the visual presentations of concepts. New to the Third Edition Analysis of the 2016 election, including the role of the Electoral College and implications of Trump's nomination for the "party decides" thesis; Exploration of Trump's Twitter presidency and the effectiveness of using social media to bypass the Washington press corps; In-depth coverage of the development of twentieth-century president-press relations, including a new section on broadcasting the presidency that explores the development of the presidential press conference and presidents' use of radio and television; Study of national security policy in the Obama administration, with a special focus on the targeted killing of American citizens and Obama's legacy for presidential war powers; Examination of the original understanding and contemporary relevance of impeachment as well as updated discussion of the president's pardon power; Discussion of recent developments in the legislative

The American Presidents Biographies Of The Chief Executives From George Washington Through George W Bush

and legal realms, including Trump's first hundred days, the Garland-Gorsuch episode, and abolition of the filibuster for Supreme Court appointments; Preliminary assessment of Trump's place in historical time.

Where They Stand Robert W.

Merry 2012-06-26 The author of the acclaimed biography of President James Polk, *A Country of Vast Designs*, offers a fresh, playful, and challenging way of playing "Rating the Presidents," by pitching historians' views and subsequent experts' polls against the judgment and votes of the presidents' own contemporaries. Merry posits that presidents rise and fall based on performance, as judged by the electorate. Thus, he explores the presidency by comparing the judgments of historians with how the voters saw things. Was the president reelected? If so, did his party

The American Presidents Biographies Of The Chief Executives From George Washington Through George Wbush

hold office in the next election? **Where They Stand** examines the chief executives Merry calls “Men of Destiny,” those who set the country toward new directions. There are six of them, including the three nearly always at the top of all academic polls—Lincoln, Washington, and FDR. He describes the “Split-Decision Presidents” (including Wilson and Nixon)—successful in their first terms and reelected; less successful in their second terms and succeeded by the opposition party. He describes the “Near Greats” (Jefferson, Jackson, Polk, TR, Truman), the “War Presidents” (Madison, McKinley, Lyndon Johnson), the flat-out failures (Buchanan, Pierce), and those whose standing has fluctuated (Grant, Cleveland, Eisenhower). This voyage through our history provides a probing and provocative analysis of how presidential politics works and how the country sets its course. **Where They Stand** invites readers to pitch their opinions against the voters of old, the historians, the

author himself. In this year of raucous presidential politics, **Where They Stand** will provide a context for the unfolding campaign drama.

President as Leader Michael E Siegel 2017-10-03 By analyzing the leadership skills of five recent American presidents, this book seeks to de-mystify the elements and dynamics of effective presidential leadership which our democracy has come to depend upon and value. Building on the pioneering work of political scientist Fred Greenstein and others, this book argues that leadership in the White House can be explained and assessed by using a consistent set of criteria to analyze presidential performance. Siegel shows that presidential leadership is exercised by real, flawed human beings, and not by superheroes or philosopher-kings beyond the reach of scrutiny or critique.

The Character Factor James P. Pfiffner 2003 Annotation The American president's character matters. To most Americans, it matters deeply. But how do we define what character means, and why can't we agree? In this sober, probing consideration of "the character factor" and the presidency, veteran political analyst James P. Pfiffner leads us through a survey of three aspects of presidential character that have proved problematic for recent chief executives: lies, promise-keeping, and sexual probity. His goal is not to tell us which presidents have been "good" and which "bad." Rather, he helps us think critically and impartially about complex character issues and invites us to reach our own conclusions. *The Character Factor* avoids both moral judgments and cynicism. It helps us look at our

presidential candidates) without illusions, knowing that flawed men can still be great leaders but that some flaws deserve defeat at the polls--or even the ultimate presidential sanction, impeachment.

American Caesars Nigel Hamilton 2011 The twentieth century has been called 'the American Century'. Not since the days of the Roman emperors has there been such a succession of rulers holding the fate of the world in their hands. Now, award-winning biographer Nigel Hamilton gives us the lives of the twelve men, from Franklin D. Roosevelt to George W. Bush, who presided over America's imperial fortunes - the good, the bad and the truly awful. How did these American Caesars reach the White House? What were the challenges they faced when they got there and how did they meet them? And who were these men in their private lives? Compulsively readable, packed with unforgettable characters as well as stories, lessons and revelations, "American Caesars" is essential

The Unitary Executive Steven G. Calabresi 2008-10-01 This book is the first to undertake a detailed historical and legal examination of presidential power and the theory of the unitary executive. This theory--that the Constitution gives the president the power to remove and control all policy-making subordinates in the executive branch--has been the subject of heated debate since the Reagan years. To determine whether the Constitution creates a strongly unitary executive, Steven G. Calabresi and Christopher S. Yoo look at the actual practice of all forty-three presidential administrations, from George Washington to George W. Bush. They argue that all presidents have been committed proponents of the theory of the unitary executive, and they explore the meaning and implications of this finding.
George Bush Judith T. Marcus 2018-01-16 In the first full biography of the former president, award-winning historian and biographer

The American Presidents Biographies Of The Chief Executives From George

Herbert S. Parmet draws from George Bush's personal papers to look at the man who led America through the end of the Cold War. Enriched by access to Bush's private diaries, the book provides an intimate portrait of the forty-first president, and corrects many long-held misconceptions about him. Parmet shows George Bush within the context of a half century of American life and politics, at a time when great changes swept the nation. Parmet traces Bush's life from his New England youth, through World War II; from his leadership of the CIA, through his vice presidency and presidency, through his loss of the 1992 presidential election to Bill Clinton. This book will be of interest to readers of politics and political biographies.

Rush to Judgment Stephen F. Knott 2014-08-01 George W. Bush has been branded the worst president in history and forced to endure accusations that he abused his power while presiding over a "lawless" administration. Stephen Knott,

Washington Through George W. Bush however, contends that Bush has been treated unfairly, especially by presidential historians and the media. He argues that from the beginning scholars abandoned any pretense at objectivity in their critiques and seemed unwilling to place Bush's actions into a broader historical context. In this provocative book, Knott offers a measured critique of the professoriate for its misuse of scholarship for partisan political purposes, a defense of the Hamiltonian perspective on the extent and use of executive power, and a rehabilitation of Bush's reputation from a national security viewpoint. He argues that Bush's conduct as chief executive was rooted in a tradition extending as far back as George Washington-not an "imperial presidency" but rather an activist one that energetically executed its constitutional prerogatives. Given that one of the main indictments of Bush focuses on his alleged abuse of presidential war power, Knott takes on academic critics like Sean Wilentz and Arthur

The American Presidents Biographies Of The Chief Executives From George Washington Through George W. Bush
Schlesinger Jr. and journalists presidency-and-a-clarion-call

like Charlie Savage to argue instead that Bush conducted the War on Terror in a manner faithful to the Framers' intent—that in situations involving national security he rightly assumed powers that neither Congress nor the courts can properly restrain. Knott further challenges Bush's detractors for having applied a relatively recent, revisionist understanding of the Constitution in arguing that Bush's actions were out of bounds. Ultimately, Knott makes a worthy case that, while Bush was not necessarily a great president, his national security policies were in keeping with the practices of America's most revered presidents and, for that reason alone, he deserves a second look by those who have condemned him to the ash heap of history. All readers interested in the presidency and in American history will find *Rush to Judgment* a deftly argued, perhaps deeply unsettling, yet balanced account of the Bush

for a reexamination of how scholars determine presidential greatness and failure.

The Complete Book of U.S. Presidents William A. DeGregorio 1984

The White House Physician

Ludwig M. Deppisch, M.D.

2007-07-30 When President

George Washington fell ill six

short weeks after his

inauguration, he summoned

Samuel Bard, one of the most

prominent physicians of the

day. Thereafter, when residing

at his presidential home in

Manhattan, Washington

consistently relied on Bard for

medical care. Thus Bard

became the first in a line of

presidential physicians, the

providers of medical care for

America's chief executive.

From George Washington to

George W. Bush, this volume

examines 217 years of health

care in the White House and

the men and women who

ministered to these

presidential patients.

Beginning with that first

presidential physician's visit on

June 13, 1789, it analyzes the

The American Presidents Biographies Of The Chief Executives From George Washington Through George Wbush

relationships--sometimes fruitful and sometimes disastrous--of the presidents with their physicians. While biographical sketches detailing the background of each physician are included, the main focus of the work is the especially complex physician-patient relationship and the ways in which it has changed over time. The evolution of the presidential physician's responsibilities is also discussed, as are developments in American medicine during presidential terms.

Fortunate Son James Hatfield 2000 George W Bush has not been able to escape the spectres of his past, abuse of privilege, draft-dodging Vietnam and a cocaine habit. Fortunate Son researches these allegations, and comes up with 400 pages of startling information: the Bushes' anti-Semitism, their connection to the BCCI scandal, Bush's SEC investigation for insider trading, and the cronyism practiced with business associates while Governor of Texas. The picture of the personable, charismatic

Bush is balanced with the record of his mercenary politics.

The American Presidents, Ninth Edition David C. Whitney 2001

Great Presidential Wit Robert J. Dole 2001 The former senator and presidential candidate collects bipartisan presidential humor from famous, and not-so-famous, chief executives, from Washington to Clinton.

The Complete Book of U.S. Presidents William A.

DeGregorio 2001 The perfect reference book for information on all of the chief executives the US people elected. It includes facts ranging from the time and place of birth to their political history and legacy as well as every imaginable detail of every president's life and work.

2018-11-13 A vivid political history of the schemes, plots, maneuvers, and conspiracies that have attempted -- successfully and not -- to remove unwanted presidents To limit executive power, the

The American Presidents Biographies Of The Chief Executives From George

Washington Through George W. Bush
founding fathers created fixed presidential terms of four years, giving voters regular opportunities to remove their leaders. Even so, Americans have often resorted to more dramatic paths to disempower the chief executive. The American presidency has seen it all, from rejecting a sitting president's renomination bid and undermining their authority in office to the more drastic methods of impeachment, and, most brutal of all, assassination. How to Get Rid of a President showcases the political dark arts in action: a stew of election dramas, national tragedies, and presidential departures mixed with party intrigue, personal betrayal, and backroom shenanigans. This briskly paced, darkly humorous voyage proves that while the pomp and circumstance of presidential elections might draw more attention, the way that presidents are removed teaches us much more about our political order.

Which President Killed a Man? James C. Humes

Washington Through George W. Bush
2002-10 which president killed a man? Which president had just fathered an illegitimate child when he entered the White House? Which first lady taught her husband how to read and write? Which president broke his arm jumping out of a window to escape his mistress's husband? Which president's daughter married another president's grandson? Who was the only president to be preceded and succeeded by the same man? Which president had a secret operation performed to remove a cancerous jaw? Which president's last words were "My nourishment is palatable." Written by a White House speechwriter who actually served five presidents, this irresistible collection of presidential trivia reveals the more colorful side of American history. Following a Q&A format and organized around 31 themes, Which President Killed a Man? will captivate trivia fans and history buffs of every political persuasion. Answers: Andrew Jackson Warren Harding Andrew

The American Presidents Biographies Of The Chief Executives From George

Johnson's wife Eliza Thomas

Jefferson Richard Nixon
Benjamin Harrison Grover
Cleveland Millard Fillmore
*Faith and the Presidency From
George Washington to George
W. Bush* Gary Scott Smith
2006-10-12 In the wake of the
2004 election, pundits were
shocked at exit polling that
showed that 22% of voters
thought 'moral values' was the
most important issue at stake.
People on both sides of the
political divide believed this
was the key to victory for
George W. Bush, who professes
a deep and abiding faith in
God. While some fervent Bush
supporters see him as a man
chosen by God for the White
House, opponents see his overt
commitment to Christianity as
a dangerous and
unprecedented bridging of the
gap between church and state.
In fact, Gary Scott Smith
shows, none of this is new.
Religion has been a major part
of the presidency since George
Washington's first inaugural
address. Despite the mounting
interest in the role of religion
in American public life, we

Washington Through George W. Bush
actually know remarkably little

about the faith of our
presidents. Was Thomas
Jefferson an atheist, as his
political opponents charged?
What role did Lincoln's
religious views play in his
handling of slavery and the
Civil War? How did born-again
Southern Baptist Jimmy Carter
lose the support of many
evangelicals? Was George W.
Bush, as his critics often
claimed, a captive of the
religious right? In this
fascinating book, Smith
answers these questions and
many more. He takes a
sweeping look at the role
religion has played in
presidential politics and
policies. Drawing on extensive
archival research, Smith paints
compelling portraits of the
religious lives and presidencies
of eleven chief executives for
whom religion was particularly
important. *Faith and the
Presidency* meticulously
examines what each of its
subjects believed and how
those beliefs shaped their
presidencies and, in turn, the
course of our history.

The Complete Book of U.S. Presidents

William A. DeGregorio 2013 The Complete Book of U.S. Presidents: Eighth Edition contains more in-depth information about every U.S. president to hold office than any other single book. A factual, unbiased look at every American chief executive, this book chronicles their lives, their administrations, their friends and foes, their successes and their failures. This unique reference volume will be fully updated to include the results of the highly controversial 2012 election.

Inventing the Job of

President Fred I. Greenstein
2009-08-10 How the early presidents shaped America's highest office From George Washington's decision to buy time for the new nation by signing the less-than-ideal Jay Treaty with Great Britain in 1795 to George W. Bush's order of a military intervention in Iraq in 2003, the matter of who is president of the United States is of the utmost importance. In this book, Fred Greenstein examines the leadership styles of the earliest presidents, men who served at a time when it was by no means certain that the American experiment in free government would succeed. In his groundbreaking book *The Presidential Difference*, Greenstein evaluated the personal strengths and weaknesses of the modern presidents since Franklin D. Roosevelt. Here, he takes us back to the very founding of the republic to apply the same yardsticks to the first seven presidents from Washington to Andrew Jackson, giving his no-

The American Presidents Biographies Of The Chief Executives From George Washington Through George Wbush

nonsense assessment of the qualities that did and did not serve them well in office. For each president, Greenstein provides a concise history of his life and presidency, and evaluates him in the areas of public communication, organizational capacity, political skill, policy vision, cognitive style, and emotional intelligence. Washington, for example, used his organizational prowess—honed as a military commander and plantation owner—to lead an orderly administration. In contrast, John Adams was erudite but emotionally volatile, and his presidency was an organizational disaster. Inventing the Job of President explains how these early presidents and their successors shaped the American presidency we know today and helped the new republic prosper despite profound challenges at home and abroad.

Don't Know Much About® the American Presidents

Kenneth C. Davis 2012-09-18

Which president broke the law

Washington Through George Wbush to prevent enslaved people

from being freed? Who said, "When the president does it, that means it's not illegal"? Why does America have a president? From the heated debates among the framers of the Constitution in 1787 over an "elected king," to the creation of the presidency, and on through rich profiles of each man who has held the office, New York Times bestselling author Kenneth C. Davis takes readers on a guided tour of American history. Examining each chief executive, from the low lights to the bright lights, the memorable to the forgettable and the forgotten, Davis tells all the stories, offering rich anecdotes about real people. He also charts the history of the presidency itself, debunking myths and grading the presidents from A+ to F. For history buffs and history-phobes alike, this entertaining book may change your understanding of the highest office in the land throughout more than two hundred years of history.

The Moral Rhetoric of American Presidents Colleen J. Shogan 2007 Shogan explores the political effects of the rhetorical choices presidents

cases (Presidents Washington, Jefferson, Madison, Buchanan, Lincoln, Theodore Roosevelt, Kennedy, Lyndon Johnson, and Carter).

The American Presidents Ranked by Performance, 1789-2012, 2d ed. Charles F. Faber 2014-01-10 This is a revision and an updating of the first edition, published in 2000. Presidents from Washington to Obama (not included are William Henry Harrison and James A. Garfield because of very short terms) are rated in five categories: Foreign Relations, Domestic Programs, Administration and Intergovernmental Relations, Leadership and Decision Making, and Presidential Comportment. Each president is evaluated on his effectiveness in each area and a final analysis is provided for the scores combined. The presidents are then ranked overall. The most overrated and underrated chief executives are identified. Each entry includes biographical and political information, as well as
